Investigations in Teaching and Learning Languages Danuta Gabryś-Barker, Ewa Piechurska-Kuciel, Jerzy Zybert, 2014-07-08 The book presents most recent investigations into foreign language teaching and learning discussed by prominent scholars in the field A wide variety of topics ranges from theoretical approaches to foreign language instruction to a discussion of findings of empirical research in language learning and pedagogy The theoretical part of the volume tackles issues which constitute the backbone to the understanding of the processes involved in language development learning and teaching and thus contribute to applied research The empirical articles in Parts Two and Three of the volume report on studies focusing on such important issues as various dimensions of awareness language cross cultural competence or affectivity and specific methodologies implemented in different educational settings such as for instance

dyslexic learners or in teacher training programmes

The Routledge Handbook of the Sociopolitical Context of Language Learning Weixiao Wei, Der-lin Chao, 2025-03-11 The Routledge Handbook of the Sociopolitical Context of Language Learning is a compelling examination of how language education must adapt to our rapidly changing world. This book explores the need for a fresh perspective on language learning, moving beyond traditional methods to address the complexities of today's global landscape. It delves into the impact of geopolitical shifts, cultural exchanges, and social justice issues on language education. The book offers a blend of theoretical insights and practical approaches, highlighting how language learning intersects with global politics and cultural diversity. It examines case studies from various countries, including Ukraine and Oman, to reveal how language policies and practices are evolving in response to contemporary challenges. By integrating themes of identity, equity, and intercultural understanding, the book presents groundbreaking content that pushes for more inclusive and effective language education. Ideal for educators, policymakers, and anyone interested in the future of language learning, this book provides valuable perspectives on how to rethink and redesign language education to better serve a diverse and interconnected world. It offers practical strategies and thought-provoking analyses, making it an essential resource for navigating the complexities of modern language teaching and learning. Teach Yourself Beginner's Urdu Script Richard Delacy, 2003 Now learning non-Roman alphabet languages is as easy as A B C. Readers wanting to learn the basics of reading and writing a new language that employs script will find all they need in the Teach Yourself Beginner's Script series. Each book includes a step-by-step introduction to reading and writing in a new language, as well as tips and practice exercises to build learners' skills. Thanks to the experts at Teach Yourself Script, will no longer be all Greek to language learners unless, of course, it is Greek script. Teach Yourself Beginner's Script series books feature: Origins of the language; A systematic approach to mastering the script; Lots of hands-on exercises and activities; Practical examples from real-life situations. **Early Learning of Modern Foreign Languages** Marianne Nikolov, 2009 Modern languages are taught to young learners at an increasingly early age, yet few publications focus on what is available to children in different contexts and classrooms. This book represents the state of the art in research on young language learners. Covering a range of languages, contexts, and research methods, it provides insights into how young learners progress. *Language Teaching and Language Technology* Arthur van Essen, Sake Jager, John Nerbonne, 2014-03-05 This text assesses the importance of language technology to increasingly popular computer-assisted language learning work. The book contains writings on pronunciation, vocabulary, grammar, reading, writing, testing, distance learning, and user studies. Teaching and Learning Resources for Endangered Languages, 2023-05-15 The development of teaching and learning materials is an essential component of endangered language revitalisation, yet there is very little academic research on this crucial topic. Our volume seeks to address this imbalance by examining endangered language pedagogical materials from around the world, including traditional resources such as grammars, dictionaries, and textbooks, as well as new media such as online courses.
