Campbell,2000 Many languages particularly those which have achieved literary status have been studied in great detail and specialized descriptions of these are plentiful What has not been so readily available however is a general survey covering a wide spectrum of the world s languages on a comparative basis It is this kind of comparative cross section of languages ranging from the familiar and well documented to the relatively obscure that the Compendium of the World s Languages presents **Suppletion in Verb Paradigms** Ljuba N. Veselinova,2006 This book examines stem change in verb paradigms as in English go go PRESENT vs went go PAST a phenomenon referred to as suppletion in current linguistic theory The work is based on a broad sample of 193 languages and examines this long neglected phenomenon from a typological perspective In addition to identifying types of suppletion which occur cross linguistically the study brings to light areal patterns of the occurrence of suppletive forms in verb paradigms Several hypotheses as regards the diachronic development of suppletive forms are presented as well The author also seeks to explore the methodological issues of evaluating the frequency of

linguistic features in large language samples by introducing a method of weighting languages according to their genetic relatedness All figures obtained in this way are compared to the proportions yielded by more familiar counting methods and the results and implications of the different procedures are compared and discussed throughout

The British National Bibliography Arthur James Wells,1996 **The Languages of West Africa** Diedrich Westermann,M. A. Bryan,2017-09-22

This volume originally published in 1970 presents a survey of the languages spoken in an area extending from the Atlantic coast at the Sengal River eastward to the Lake Chad region The area covered by this volume is mainly a geographical one so it follows that not all the languages included are related to one another though a certain degree of homogeneity appears

Concise Compendium of the World's Languages George L. Campbell,1998 From Afrikaans to Zulu almost 100 languages are featured in this new concise version of the comprehensive Compendium of the World's Languages Many articles have been revised in the light of recent scholarship **Learning Independently** Paul Wasserman,James Sanders,Elizabeth Talbot Sanders,1979
