Monitoring Report - 2013-2014 - Teaching and Learning Achieving quality for all UNESCO,2014-02-04 The 2013 2014 Education for All Global Monitoring Report shows that a lack of attention to education quality and a failure to reach the marginalized have contributed to a learning crisis that needs urgent attention Worldwide 250 million children many of them from disadvantaged backgrounds are not learning the basics Teaching and Learning Achieving Quality for All describes how policy makers can support and sustain a quality education system for all children regardless of background by providing the best teachers The Report also documents global progress in achieving Education for All goals and provides lessons for setting a new education agenda post 2015 In addition the Report identifies that insufficient financing is hindering advances in

education **Supporting Transfer Student Success** Peggy L. Nuhn, Karen F. Kaufmann, 2020-11-06 This research based book with practical applications teaches academic librarians to support their transfer students effectively at both universities and community colleges even when transfer students information literacy needs differ from those of other students Colleges and universities across the United States serve a large and growing population of transfer students Current estimates suggest that more than one third of college students transfer from one institution of higher education to another at least once At some institutions transfer students compose up to fifty to sixty percent of the new incoming class Academic librarians understanding of the demographics and potential needs of transfer students is essential to supporting their success and mitigating transfer shock Just as public libraries often bridge gaps between individuals and services academic libraries can proactively support the often unique needs of transfer students by spearheading textbook affordability initiatives developing innovative programming and making appropriate referrals to non library student services In this practical guide to supporting transfer students authors Peggy L Nuhn and Karen F Kaufmann teach academic librarians how to optimize information literacy instruction support research help reduce stress and connect the library to virtual students They emphasize the importance of establishing partnerships with feeder institutions and other campus departments to best support transfer student success **Community College Teacher Preparation for Diverse Geographies** Mark M. D'Amico, Chance W. Lewis, 2019-07-01 Community colleges serve as the open door to higher education for marginalized place bound and or financially challenged students and communities One of the key ways marginalization occurs in diverse geographies is through access limitations access to affordable postsecondary education access to curricula that lead to viable professions access to diverse educational role models and access to employment opportunities that can sustain communities This underscores the importance of understanding place when addressing access and equity in higher education and the role of community colleges The discussion of access and equity through the community college has implications for teacher education Considering the documented importance of having a diverse teacher workforce in K 12 schools and the current mismatch between the diversity of students and the teachers in their schools community colleges have a significant role to play This book explores many topics related to the community college role in K 12 teacher education including the community college mission the policy landscape partnerships the transfer function the community college baccalaureate and others Throughout the volume the authors explore implications of access equity and geography and conclude with recommendations to guide future research and practice *Programmed Therapy FOR STUTTERING in Children and Adults* Bruce P. Ryan, 2001-01-01 The goal of this book is to call attention to a systematic scientific approach to studying and treating stuttering via the strategies of operant conditioning learning theory and single subject research design Another purpose is to present the data collected and or published over the past 30 years in one place for evaluation and comparison This new edition starts with a brief introductory chapter including the basic principles of operant analysis Chapter 2 covers

the mechanics of charting counting and computing stuttering and speaking rates Chapter 3 describes evaluation with both new data and forms Chapter 4 is on programming and Chapter 5 highlights the two present major establishment programs Delayed Auditory Feedback DAF Prolongation and Gradual Increase in Length and Complexity of Utterance GILCU Chapter 6 discusses transfer and maintenance programs and follow up while Chapter 7 presents long term individual client performances in several programs Chapter 8 covers the preschool stuttering child and Chapter 9 describes efforts at and results of dissemination through training Chapter 10 is a summary of efficacy data published over recent years and Chapter 11 provides conclusions discussion of problems and suggested directions for future clinical research Because it uniquely combines behavior modification remediation of a well known but perplexing disorder and the most up to date clinical research this outstanding new edition will serve as a great resource to anyone involved in the treatment of speech disorders

Resources in Education ,1998-05 Research in Education ,1974 **Quality in Teacher Education and Professional Development** John Chi-Kin Lee,Timo Ehmke,2021-09-29 This book addresses the past and changing contexts of Chinese and German teacher education under the impact of globalization and echoes quality issues of teacher education This edited book provides a comprehensive discussion on other issues in the management and implementation of change in teacher education related to teacher education curricula for professional development of teachers A combination of chapters provides an overview a review of literature and research as well as offering examples of teacher education practice and updated empirical research on these topics co edited by two senior scholars and written by experts from Mainland China including Hong Kong and Germany The volume addresses key issues on teacher standards ICT in education and e learning in teacher education STEM education vocational teacher education university school partnership in teacher education and teaching Chinese or German as a second language This is an up to date academic book to look at profound issues related to quality in teacher education and teachers professional development in mainland China and Germany It will be a useful reference for graduate students and researchers in the field of international and comparative education teacher education and curriculum studies teacher educators and practitioners to learn from trends best practice and challenges that have been encountered in Mainland China and Germany **Operation of the Department of Defense Education System** United States. Congress. Senate. Committee on Armed Services. Subcommittee on Manpower and Personnel,1983 **Police Science Degree Programs, Report of the Conference on Development of Degree Programs in Police Science, Sponsored by Office of Law Enforcement Assistance ... for Directors of OLEA Police Science Degree Development Projects, June 8-9, 1967, University of Maryland** United States.
