Teachables from Trashables, 1979 Contains instructions for adults to make educational toys from household refuse for preschool and young school age children Includes suggestions for using the toys in educational settings Tampa Bay Magazine, 1987-07 Tampa Bay Magazine is the area's lifestyle magazine For over 25 years it has been featuring the places people and pleasures of Tampa Bay Florida that includes Tampa Clearwater and St Petersburg You won't know Tampa Bay until you read Tampa Bay Magazine

Introduction to Early Childhood Education Eva Essa, 1996 The second edition of this outstanding book introduces students to the principles of early childhood education and care blending theoretical and practical information in an easy to read manner Expanded information on children from ages zero to eight is integrated throughout the book Infant toddler and afterschool caregivers and teachers will find significantly more information specific to their specialty

Selecting Educational Equipment and Materials for School and Home Joan Moyer, 1986 Based on the view that the classroom teacher is the best judge of materials and equipment to meet the needs of particular learning situations this publication focuses on the selection of equipment and materials for children in group settings Part I consists of four substantive articles concerning 1 materials selection from the points of view of elementary school principal and classroom teacher 2 the importance of careful planning in equipping a center or school 3 the importance of providing teachers with workshops facilities in which they can prepare instructional materials and 4 the relative merits of purchasing ready made and making one's own equipment and criteria for deciding the issue Also included in Part I are lists of criteria for selecting single items of equipment and materials as well as packaged instructional materials Part II suggests educational equipment appropriate for an infant group a nursery school group a kindergarten group early elementary school groups and later elementary or middle school groups It is anticipated that parents will also find the information useful since much of the equipment and materials particularly for the younger age groups can be adapted for use in the home and many of the items can be made or scrounged RH

Creative, Hands-on Science Experiences Using Free and Inexpensive Materials Jerry DeBruin, 1986 Focusing on the use of common everyday materials that can be obtained for free or purchased inexpensively this document was developed to provide classroom teachers youth leaders camp counselors and parents with ideas and activities in science A major emphasis is placed on starter activities which are designed to encourage children to ask why or what would happen if type questions about science events Chapter one includes a suggested scope and sequence for a K 6 elementary science program noting activities in the book that fit into the proposed curriculum Chapter two identifies four major functions of teaching including planning implementation evaluation and communication Science safety hints and charts for the teacher and student are contained in chapter three Examples that are designed to show how to make your own science materials are provided in chapter four Chapters five six and seven describe over 100 hands on science activities in biological physical and earth and space sciences respectively Chapters eight and nine contain hundreds of starter activities

that are reproducible for enrichment purposes Chapter ten includes information on science organizations science periodicals science catalogs science curriculum projects textbook series evaluation criteria sample log sheets and reference materials
