Testimonies A Collection Of Lesbian Coming Out Stories:

Testimonies Sarah Holmes,1988 Testimonies is a new collection of lesbian coming out stories in which women of different races and background describe the excitement passion and conflict of their self discovery These stories portray the process of forming a lesbian identity and relationships gathering sexual experience telling families and co workers discovering the lesbian community and developing a political awareness of their sexuality Come Out, Come Out, Whoever You Are Abigail C. Saguy,2020-01-15 Come Out Come Out Whoever You Are examines the variety of ways various people and groups use the concept of coming out to resist stigma and mobilize for social change It examines how American lesbians gay bisexual transgender queer LGBTQ people have used the term in different ways over time It also examines how four diverse U S social movements the fat acceptance movement undocumented immigrant youth movement the plural marriage family movement among Mormon fundamentalist polygamists and the MeToo movement have employed the concept to advance their cause It sheds light on these particular struggles while illuminating broader questions regarding social change cultural meaning and collective mobilization **Telling Sexual Stories** Ken Plummer,2002-11 First published in 2004 Routledge is an imprint of Taylor Francis an informa company Encyclopedia of Homosexuality Wayne R. Dynes,2016-03-22 First published in 1990 The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were at the time of this book s original publication classic pioneering and recent Together the two volumes provide scholarship on male and female homosexuality and bisexuality and reaching beyond questions of physical sexuality they examine the effects of homophilia and homophobia on literature art religion science law philosophy society and history Many of the writings were considered to be controversial and often contradictory at that time and refer to issues and difficulties that still exist today This volume contains entries from A L The ^AStory of Sexual Identity Phillip L. Hammack,Bertram J. Cohler,2009-03-06 Explores sexual identity development in cultural and historical context from an interdisciplinary paradigmatic perspective that emphasizes narrative and life story Following a general introduction in which the volume editors explain the utility of a narrative approach to the study of sexual identity the volume is organized into sections which deal with specific life span considerations of sexuality childhood and adolescence adulthood marriage and parenthood and aging *Gay And Lesbian Students* Hilda F. Besner,Charlotte I. Spungin,2023-01-06 In an average US secondary school 10% of the student population is homosexual yet only a small number of American school districts have taken positive steps to address the problems associated with gay and lesbian students in the predominantly heterosexual educational setting This book aims to raise awareness of the problems encountered by these adolescents in schools and of the effects of these problems on the dropout rate academic achievement substance abuse AIDS teenage pregnancy school violence and suicide Designed to promote understanding and dispel myths about gay and lesbian tennagers the volume also makes curriculum suggestions to advocate self acceptance and tolerance and to reduce homophobia among heterosexual teenagers It seeks to explain how institutional

homophobia has affected the belief system and behaviour of a large segment of the American population Various themes concerning the origins of sexual development are discussed as is information concerning students who are children of gay and lesbian parents

Lesbian Studies: Setting an Agenda Tamsin Wilton, 2002-09-11 Neither women's studies nor lesbian and gay studies offers an adequate theoretical or political base for lesbian scholarship Lesbian Studies Setting and Agenda aim to promote lesbian studies as an academic and political approach to both gender and the erotic and to clarify the damaging influence of heterosexism across a range of disciplines Drawing on feminism and queer theory Tamsin Wilton argues that lesbian is a theoretical position which must be widely available in order to challenge the dominance of the heterosexual perspective Engaging with theoretical and political debates the book moves beyond its role of setting an agenda for lesbian studies into a wider role as resource and catalysts for anyone interested in gender and the erotic

Same old Ben Nichols, 2020-07-14 This book provides a new way of understanding queer culture The frameworks offered by queer theory steeped in philosophical theoretical and political commitments to difference have obscured the important investments in sameness that have been central to queer history Same old dwells on these investments and elucidates their significance

Queer By Choice Vera Whisman, 2012-12-06 Queer by Choice enters the controversial debate of sexual identity by examining choice in gay men and lesbian sexual identity Drawing on interviews with a sample of 72 people Whisman analyzes if and to what extent choice played a role in determining identity Contributing factors such as race class religion and educational level are considered The results of the study are stimulating and often surprising and contribute to the escalating debates over sexual identity as lesbians and gays continue to soldier for rights and representation

Encyclopedia of Lesbian and Gay Histories and Cultures George Haggerty, Bonnie Zimmerman, 2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public
