Sixties Decade Of Design Revolution:

The Sixties Lesley Jackson, 1998 Lesley Jackson traces the transition from the contemporary design of the 1950s to the pure geometry of the look and the styles that proliferated throughout the momentous events of the 1960s **The Sixties** David Mellor, 200? *Sixties Britain* Mark Donnelly, 2014-01-14 *Sixties Britain* provides a more nuanced and engaging history of Britain This book analyses the main social political cultural and economic changes Britain undertook as well as focusing on the silent majority who were just as important as the rebellious students the residents of Soho and the icons of popular culture *Sixties Britain* engages the reader without losing sight of the fact that the 1960s were a vibrant fascinating and controversial time in British History **Transformation and Tradition in 1960s British Cinema** Richard Farmer, 2019-05-03 Making substantial use of new and underexplored archive resources that provide a wealth of information and insight on the period in question this book offers a fresh perspective on the major resurgence of creativity and international appeal experienced by British cinema in the 1960s **Made in Canada** Alan Elder, 2005-02-14 The red maple leaf is the quintessential symbol of Canada and the flag that popularized it throughout the world was designed in the 1960s as a result of government legislation aimed at creating a vital new Canadian national identity through objects events and building projects *Made in Canada* looks at the development of Canadian craft design and culture through ambitious government programs meant to reinforce the country's identity as a modern sophisticated and autonomous nation As well it documents the demise of a singular notion of modern life and its replacement with a focus on personal identity and consumerism Changes in the 1960s included the building of modern airports first space satellite and new national symbols such as the maple leaf flag Canadians embraced this heightened sense of individuality and demanded products that were equally individual As a result pop culture objects sat on cool furniture influenced by Scandinavian modernism while handmade crafts reflected a growing concern with environmental issues Expo 67 was the turning point one final expression of optimism before Canada was rocked by social change and varied struggles for identity *Made in Canada* examines national dreams and expressions of individuality in thoughtful and illuminating essays Contributors include Sandra Alföldy NSCAD University Paul Bourassa Musée des beaux arts de Québec Brent Corder designer and educator Toronto Douglas Coupland artist and author Vancouver Bernard Flaman Government of Saskatchewan Rachel Gotlieb freelance curator and writer Toronto Michael Large Sheridan College Institute of Technology and Advanced Learning and Michael Prokopow Design Exchange **Summer of Love** Christoph Grunenberg, Jonathan Harris, Jonathan P. Harris, 2005-01-01 Though more than a generation has passed since the revolutionary fervor of the Summer of Love of 1967 the 1960s in many ways seem with us still From recurring debates over the war in Vietnam to the perpetually appealing music of the Beatles and the Rolling Stone to the concern about youth drug use the legacy of the 1960s is ubiquitous in contemporary life *The Summer of Love* brings together an impressive group of historians artists and cultural critics to present a rich and varied interpretation of this

seminal decade and its continuing influence on politics society and culture The Summer of Love which accompanies an exhibition at Tate Liverpool pays particular attention to the wildly creative psychedelic art of the era Perceptive essays on psychedelic comics graphic design and typography light shows and film successfully rescue psychedelic art from the fog of nostalgia and unjust critical neglect Distinguished contributors also explore the role of 1960s fashion and architecture and they consider anew the central influence of hallucinogenic drugs on the art of the era Running throughout the essays are the elements of epochal change from sexual liberation to student revolutions that still form the backdrop of our collective consciousness of the 1960s An incisive collection of writings on all aspects of 1960s art and culture tempered by time and critical distance The Summer of Love will be indispensable for those who wish they had been there or for those who were but can't remember it

"We are the Mods" Christine Jacqueline Feldman, 2009 Drawing on archival research oral history interviews and participant observation this examination of the adoption and adaptation of Mod style across geographic space also maps its various interpretations over time from the early 1960s to the present The book traces the Mod youth culture from its genesis in the dimly lit clubs of London's Soho where it began as a way for young people to reconfigure modernity after the chaos of World War II to its contemporary country specific expressions By examining Mod culture in the United States Germany and Japan alongside the United Kingdom We Are the Mods contrasts the postwar development of Mod in those countries that lost the war with those that won The book illuminates the culture's fashion music iconography and gender aesthetics to create a compelling portrait of a transnational subculture Book Jacket

NorCalMod Pierluigi Serraino, 2006-08-03 Many people think modernist architecture never flowered in California north of the San Fernando Valley NorCalMod dispels that notion in a copiously illustrated history showcasing extraordinary examples of its proud contribution to the Bay Area and environs As a style modernist architecture was hotly debated in its day why create modern structures where such distinctive Victorian and Arts and Crafts buildings already existed pulling heavyweights such as Frank Lloyd Wright Lewis Mumford and Walter Gropius into the fray Ultimately that existing Bay Region Style would remain the area's architectural hallmark but not before hundreds of important

modernist projects many still standing yet unjustly neglected today had been established The remarkable photos in this book open our eyes to a long lost chapter in the history of California architecture and make NorCalMod a volume to be enjoyed by those interested in California history and style as well as by architecture students and professionals **History of Modern**

Ready, Steady, Go! Shawn Levy, 2003-07-08 It's the summer of 1966. The fundamental old ways—chastity, rationality, harmony, sobriety, even democracy—blasted to nothing or crumbling under siege. The city glows. It echoes. It pulses. It bleeds pastel and fuzzy, spicy paisley and soft. This is how it's always going to be: smashing clothes, brilliant music, easy sex, eternal youth, the eyes of everybody, everyone's first thought, the top of the world right here, right now. Swinging London. Shawn Levy has a genius for unearthing the secret history of popular culture. The Los Angeles Times called *King of Comedy* his biography of Jerry Lewis a model of what a celebrity bio ought to be: smart, knowing, insightful, often funny, full of fascinating insiders' stories. And the Boston Globe declared that *Rat Pack Confidential* evokes the time in question with the power of a novel as well as James Ellroy's *American Tabloid* and better by far than Don DeLillo's *Underworld*. In *Ready Steady Go!* Levy captures the spirit of the sixties in all its exuberance. A portrait of London from roughly 1961 to 1969, it chronicles the explosion of creativity in art, music, and fashion and the revolutions—sexual, social, and political—that reshaped the world. Levy deftly blends the enthusiasm of a fan, the discerning eye of a social critic, and a historian's objectivity as he re-creates the hectic pace and daring experimentation of the times from the utter transformation of rock n' roll by the Beatles and the Rolling Stones to the new aesthetics introduced by fashion designers like Mary Quant, haircutters like Vidal Sassoon, photographers like David Bailey, actors like Michael Caine and Terence Stamp, and filmmakers like Richard Lester and Nicolas Roeg to the wild clothing shops and cutting-edge clubs that made Carnaby Street and King's Road the hippest thoroughfares in the world. Spiced with the reminiscences of some of the leading icons of that period, their fans, and followers, and featuring a photographic gallery of well-known faces and far-out fashions, *Ready Steady Go!* is an irresistible re-creation of a time and place that seemed almost impossibly fun.

The New Look, Design in the Fifties, 1991 *Pantone: The Twentieth Century in Color* Leatrice Eiseman, Keith Recker, 2011-10-19 Pantone, the worldwide color authority, invites you on a rich visual tour of 100 transformative years. From the Pale Gold 15 0927 TPX and Almost Mauve 12 2103 TPX of the 1900 Universal Exposition in Paris to the Rust 18 1248 TPX and Midnight Navy 19 4110 TPX of the countdown to the Millennium, the 20th century brimmed with color. Longtime Pantone collaborators and color gurus Leatrice Eiseman and Keith Recker identify more than 200 touchstone works of art, products, décor, and fashion and carefully match them with 80 different official PANTONE color palettes to reveal the trends, radical shifts, and resurgences of various hues. This vibrant volume takes the social temperature of our recent history with the panache that is uniquely Pantone.

A Cultural History of Furniture in the Modern Age Claire I. R. O'Mahony, 2022-02-24 Furniture is a unique witness to the transformations of private and public experience amidst the upheavals of the 20th century: how we work, rest, and play are determined by the embodied encounter with furniture defining and projecting a sense of identity and status, responding to and exemplifying contrasting social conditions, political and economic motivations, aesthetic predilections, and debates. Assessing physical and archival evidence drawn from a spectrum of iconic and under-represented case studies, an

international team of design historians collaborate in this volume to explore key methodological questions about how the production consumption and mediation of furniture reveal shifting cultural habits and histories across diverse contexts amidst modernity Drawing upon a wealth of visual and textual sources this volume of A Cultural History of Furniture presents essays that examine key characteristics of the furniture of the modern period on the themes of design and motifs makers making and materials types and uses the domestic setting the public setting exhibition and display furniture and architecture visual representations and verbal representations White Heat Dominic Sandbrook, 2015-02-05 An active pleasure to read Mail on Sunday Harold Wilson s famous reference to white heat captured the optimistic spirit of a society in the midst of breathtaking change From the gaudy pleasures of Swinging London to the tragic bloodshed in Northern Ireland from the intrigues of Westminster to the drama of the World Cup British life seemed to have taken on a dramatic new momentum The memories images and colourful personalities of those heady times still resonate today mop tops and mini skirts strikes and demonstrations Carnaby Street and Kings Road Harold Wilson and Edward Heath Mary Quant and Jean Shrimpton Enoch Powell and Mary Whitehouse Marianne Faithfull and Mick Jagger In this wonderfully rich and readable historical narrative Dominic Sandbrook looks behind the myths of the Swinging Sixties to unearth the contradictions of a society caught between optimism and decline
