Sokolsky Opening:

1. B4 Jerzy Konikowski, Marek Soszynski, 2009 Weird and wacky or safe and sound The Sokolsky Opening is both Sometimes the play is truly deviant both sides initial few moves all on the a b c files and the first pieces exchanged a pair of rooks at other times 1 b4 becomes merely a roundabout route to a respectable English Reti King s Indian or reversed French position This book packed with fresh analysis and 95 illustrative games clearly shows that White can look forward to a rewarding albeit complex or unusual struggle There s no need to dwell on the usual platitudes applied interchangeably to unorthodox openings like a good psychological choice to get your opponent into unfamiliar territory The Sokolsky otherwise known as the Orangutan or the Polish Attack is an independent opening whose merits are due to chess analysis not psychoanalysis 1 b4 is sound the refutations don t work assessments are disputed printed theory till now has been inadequate White s aims are clear and the practitioners have been world class So what are you waiting for Get out there and hit your opponents with the b pawn Chess Openings For Dummies James Eade, 2010-07-08 Improve your chess game the fast and easy way You never get a second chance to make a first impression especially in the game of chess Chess Openings For Dummies gives you tips and techniques for analyzing openings and strategies for winning chess games from the very first move you make This friendly helpful guide provides you with easy to follow and step by step instructions on the top opening chess strategies and gives you the tools you need to develop your own line of attack from the very start Includes illustrations to help ensure victory Equips you with the tools and strategies to plan a winning strategy Also serves as a valuable resource for curriculums that use chess as a learning tool Whether you re a veteran or novice chess player Chess Openings For Dummies is the ultimate guide to getting a grip on the openings and variants that will ensure you have all the right moves to open and win any chess game *Chess Opening Essentials* Dimitri Komarov, Stefan Djuric, 2016-11-20 Chess Opening Essentials is an accessible primer and a reference book at the same time It gives a flavour of how every opening works and explains the similarities with other openings as well as the differences In addition it also points at the various middlegame plans that apply after the opening has ended Grandmasters Dimitri Komarov and Stefan Djuric and International Master Claudio Pantaleoni do not propagate forcing tactical variations to be memorized mechanically but explain what you should actually be trying to achieve when playing the opening of your choice They include the main alternative responses and give clear indications for further study This thorough understandable and very readable manual gives you a foundation on which to build your repertoire Beginning and improving chess players should get this powerful book before they buy any other chess opening book Chess Opening Essentials Helps beginners to develop a solid understanding of fundamental opening ideas Gives casual players the ability to choose the opening that suits their style and taste A tool for club players to test and review their opening repertoire A reference book to which advanced players keep returning Winning in the Chess Opening Nikolai Kalinichenko, 2018-04-09 Every chess player loves to win early in the opening However you should never

lose sight of the most important objective of your opening play the proper development of your pawns and pieces That is why this book is more than just an enjoyable collection of traps and tricks Prolific Russian chess author Nikolai Kalinichenko has collected 700 brilliant miniatures topical games from a wide variety of players from World Champions to amateurs They are selected for their instructional value and not merely to highlight blunders or accidents In his notes Kalinichenko always explains the ideas and plans behind the opening and how play could have been improved The games are arranged by opening so the book can be used as a manual Playing through these exciting games is not just highly enjoyable but will also teach you how to recognize opportunities to ambush your opponent in the first 20 moves And reversely how to avoid such pitfalls in the opening With the ideas presented in this well organized book the adventurous player will certainly win more games and more rapidly

Tactics in the Chess Opening 6 Geert van der Stricht,Sipke Ernst,2015-07-16 For casual players and club players Every chess player loves to win early in the game with a deadly combination or a cunning trap On the other hand nobody wants to be tricked by his opponent before the game has really started This book covers all the tactical themes and typical traps in the main lines of the English the Dutch and the Reti as well as a couple of interesting gambits They are explained in more than 200 carefully selected and annotated short games Tactics in the Chess Opening teaches how to recognise opportunities to attack early in the game and how to avoid standard pitfalls in the opening It will make the adventurous player win more games This is 6th and the final volume in a 6 part series covering the entire opening spectrum It is a guide for further study and for setting up an opening repertoire
