Drugs in America Ansley Hamid,1998 This basic analysis of the drug problem in America describes the historical and present use of mood altering drugs the economics of drug trafficking theories of addiction and the resulting crime violence and community deterioration In addition the author focuses on the effects of legalizing drugs and the role of law enforcement This is an ideal text for any course discussing drug use and abuse

The Rise of Consumer Capitalism in America, 1880 - 1930 Cesare Silla,2018-04-27 This book offers a genealogical account of the rise of consumer capitalism tracing its origins in America between 1880 and 1930 and explaining how it emerged to become the dominant form of social organization of our time Asking how it was that we came to be consumers who live in societies that revolve around an ever spinning circle of production and consumption not only of goods but also of events experiences emotions and relations The Rise of Consumer Capitalism in America presents an extensive analysis of primary sources to demonstrate the conditions and

forces from which consumer capitalism emerged and became victorious Employing a Weberian approach that brings liminality to the fore as a master concept to make sense of historical change the author links an in depth empirical investigation to supple sociological theorizing to show how the encirclement of all aspects of life by the logic of consumer capitalism was a time bound historical creation rather than a necessary one A fascinating study of the appearance and triumph of the ideology of our age this book will appeal to scholars of social and anthropological theory historical sociology cultural history and American studies

A History of Global Consumption Ina Baghdiantz McCabe, 2014-08-27 In A History of Global Consumption 1500 1800 Ina Baghdiantz McCabe examines the history of consumption throughout the early modern period using a combination of chronological and thematic discussion taking a comprehensive and wide reaching view of a subject that has long been on the historical agenda The title explores the topic from the rise of the collector in Renaissance Europe to the birth of consumption as a political tool in the eighteenth century Beginning with an overview of the history of consumption and the major theorists such as Bourdieu Elias and Barthes who have shaped its development as a field Baghdiantz McCabe approaches the subject through a clear chronological framework Supplemented by illustrations in every chapter and ranging in scope from an analysis of the success of American commodities such as tobacco sugar and chocolate in Europe and Asia to a discussion of the Dutch tulip mania A History of Global Consumption 1500 1800 is the perfect guide for all students interested in the social cultural and economic history of the early modern period

A History of Drink and the English, 1500-2000 Paul Jennings, 2016-02-05 A 2017 CHOICE Outstanding Academic Title award winner This book is an introduction to the history of alcoholic drink in England from the end of the Middle Ages to the present day Treating the subject thematically it covers who drank what they drank how much who produced and sold drink the places where it was enjoyed and the meanings which drinking had for people It also looks at the varied opposition to drinking and the ways in which it has been regulated and policed As a social and cultural history it examines the place of drink in society and how social developments have affected its history and what it meant to individuals and groups as a cultural practice Covering an extended period in time this book takes in the important changes brought about by the Reformation and the processes of industrialization and urbanization This volume also focuses on drink in relation to class and gender and the importance of global developments along with the significance of regional and local difference Whilst a work of history it draws upon the insights of a range of other disciplines which have together advanced our understanding of alcohol The focus is England but it acknowledges the importance of comparison with the experience of other countries in furthering our understanding of England s particular experience This book argues for the centrality of drink in English society throughout the period under consideration whilst emphasizing the ways in which its use abuse and how they have been experienced and perceived have changed at different historical moments It is the first scholarly work which covers the history of drink in England in all its aspects over such an extended period of time Written in a lively and approachable style

this book is suitable for those who study social and cultural history as well as those with an interest in the history of drink in England **A History of Drugs** Toby Seddon,2009-12-03 A History of Drugs details the history of the relationship between drugs and freedom over the last two hundred years thus disturbing and unravelling the naturalness of the drug question as it traces the multiple and heterogeneous lines of development out of which it has been assembled **Decentring Leisure** Chris Rojek,1995-03-08 This book explores the meaning of leisure in the context of key social formations of our time Chris Rojek brings together the insights of feminism Marxism Weber Elias Simmel Nietzsche and Baudrillard to produce a survey and rethinking of leisure theory At the same time he presents a radical critique of the traditional centring of leisure on escape freedom and choice Revealing how leisure practices have responded to living in a risk society he shows that free time becomes something very different when simulation and nostalgia lie at the heart of everyday life **Bibliography of the History of Medicine** ,1993 **Current Catalog** National Library of Medicine (U.S.),1993 **The Coloniality of Modern Taste** Zilkia Janer,2022-12-30 This book analyzes the coloniality of the concept of taste that gastronomy constructed and normalized as modern It shows how gastronomy's engagement with rationalist and aesthetic thought and with colonial and capitalist structures led to the desensualization bureaucratization and racialization of its conceptualization of taste The Coloniality of Modern Taste provides an understanding of gastronomy that moves away from the usual celebratory approach Through a discussion of nineteenth century gastronomic publications this book illustrates how the gastronomic notion of taste was shaped by a number of specifically modern constraints It compares the gastronomic approach to taste to conceptualizations of taste that emerged in other geographical and philosophical contexts to illustrate that the gastronomic approach stands out as particularly bereft of affect The book argues that the understanding of taste constructed by gastronomic texts continues to burden the affective experience of taste while encouraging patterns of food consumption that rely on an exploitative and unsustainable global food system This book will appeal to students and scholars interested in cultural studies decoloniality affect theory sensory studies gastronomy and food studies **The Economics of Chocolate** Mara P. Squicciarini,Johan Swinnen,2016-01-21 This book written by global experts provides a comprehensive and topical analysis on the economics of chocolate While the main approach is economic analysis there are important contributions from other disciplines including psychology history government nutrition and geography The chapters are organized around several themes including the history of cocoa and chocolate from cocoa drinks in the Maya empire to the growing sales of Belgian chocolates in China how governments have used cocoa and chocolate as a source of tax revenue and have regulated chocolate and defined it by law to protect consumers health from fraud and industries from competition how the poor cocoa producers in developing countries are linked through trade and multinational companies with rich consumers in industrialized countries and how the rise of consumption in emerging markets China India and Africa is causing a major boom in global demand and prices and a potential shortage of the world's chocolate **Taste Matters** John

Prescott,2013-02-15 The human tongue has somewhere up to eight thousand taste buds to inform us when something is sweet salty sour or bitter or as we usually think of it delicious or revolting Tastes differ from one region to the next and no two people s seem to be the same But why is it that some people think maple syrup is too sweet while others can t get enough What makes certain people love Roquefort cheese and others think it smells like feet Why do some people think cilantro tastes like soap John Prescott tackles this conundrum in Taste Matters an absorbing exploration of why we eat and seek out the foods that we do Prescott surveys the many factors that affect taste including genetic inheritance maternal diet cultural traditions and physiological influences He also delves into what happens when we eat for pleasure instead of nutrition paying particularly attention to affluent Western societies where he argues people increasingly view food selection as a sensory or intellectual pleasure rather than a means of survival As obesity and high blood pressure are on the rise along with a number of other health issues changes in the modern diet are very much to blame and Prescott seeks to answer the question of why and how our tastes often lead us to eat foods that are not the best for our health Compelling and accessible this timely book paves the way for a healthier and more sustainable understanding of taste *Consuming Habits* Jordan Goodman,Andrew Sherratt,Paul E. Lovejoy,2005-07-26 This pioneering collection of original essays explores the rich analytical category of psycho active substances from challenging historical and anthropological perspectives Psychoactive substances have been central to the formation of civilizations and the growth of the world economy Consuming Habits describes how and why tea and coffee replaced beer on the breakfast tables of 18th century Europe in Islamic emirates at the turn of the century kola nuts formed part of tax payments and were given as gifts by so called big men In 1902 opera singers had their doctors prescribe them cocaine to aid singing the original version of coca cola was described as a brain tonic This pioneering collection of original essays explores the rich analytical category of psychoactive substances from challenging historical and anthropological perspectives *A Cultural History of Shopping in the Age of Revolution and Empire* Erika Rappaport,2022-06-02 A Cultural History of Shopping was a Library Journal Best in Reference selection for 2022 Shopping emerged as a special pleasure and problem during the period between the revolutionary upheavals of the late 18th century and the opening salvoes of the Great War New shops new products new class and gender ideologies new standards of comfort and hygiene and rising living standards for some meant that people especially women spent more time shopping and engaging in consumer oriented activities beyond the walls of the shop At the same time social commentators local and national authorities economists and many husbands became concerned about the dangers of shopping believing that the department store was emancipating women and destroying society in the process This volume explores shopping in the 19th century as a varied and embedded social political economic and cultural activity It draws out the continuities with earlier periods as well as examining how the department store came to be seen as both symbol and generator of profound economic social and cultural change A Cultural History of Shopping in the Age of Revolution and Empire presents an overview of the

period with themes addressing practices and processes spaces and places shoppers and identities luxury and everyday home and family visual and literary representations reputation trust and credit and governance regulation and the state Nectar and Ambrosia Tamra Andrews,2000-10-26 A publishing first Nectar and Ambrosia presents an encyclopedic treatment of the magic properties and uses of food by mortals and immortals alike from the pages of myth and legend Now for the first time the magic properties and uses of food by both mortals and immortals as represented in the world's myths and legends are brought together and explained in Nectar and Ambrosia This A Z volume is filled with an abundance of exotic lore and legend

The Routledge Handbook of the Body Bryan Turner,2012-07-24 In the last three decades the human body has gained increasing prominence in contemporary political debates and it has become a central topic of modern social sciences and humanities This collection of thirty original essays by leading figures in the field explores these issues across a number of theoretical and disciplinary perspectives with a wide range of case studies *The Political Economy of Narcotics* Julia Buxton,2013-07-04 This book explores the origins history and organisation of the international system of narcotic drug control with a specific focus on heroin cannabis and cocaine It argues that the century long quest to eliminate the production trade in and use of narcotic drugs has been a profound failure The statistics produced by the international and domestic narcotic drug control agencies point to a sustained expansion of the drug trade despite the imposition of harsh criminal sanctions against those engaged as producers traffickers or consumers in the narcotic drugs market The roots of this major international policy failure are traced back to the outdated ideology of prohibition which is shown to be counterproductive utopian and a fundamentally inadequate basis for narcotic drug policy in the twenty first century Prohibition championed by many US policy makers has left the international community poorly positioned to confront those changes to the drug trade and drug markets that have resulted from globalisation Moreover prohibition based approaches are causing more harm than good as is demonstrated through reference to issues such as HIV AIDS the environment conflict development and social justice As the drug control system approaches its centenary there are signs that the global consensus on narcotic drug prohibition is fracturing Some European and South American states are pushing for a new approach based on regulation decriminalisation and harm reduction But those seeking to revise prohibition strategies faces entrenched resistance primarily by the U S This important text argues that successive American governments have pursued a contradictory approach acting decisively against the narcotic drug trade at home and abroad while at the same time working with drug traffickers and producer states when it is in America's strategic interest As a result US policy approaches emerge as a decisive factor in accounting for the failure of prohibition **Tea and the Tea-Table in Eighteenth-Century England Vol 1** Markman Ellis,Richard Coulton,Ben Dew,Matthew Mauger,2024-08-01 This four volume reset collection takes as its starting point the earliest substantial descriptions of tea as a commodity in the mid seventeenth century and ends in the early nineteenth century with two key events the discovery of tea plants in Assam in 1823 and the dissolution of the East India Company's

monopoly on the tea trade in 1833
