Tatyana Repina Two Translated Texts:

Tatyana Repina John Racine, 1999 The sensational onstage suicide of Russian actress and opera singer Kadmina in 1881 led Alexei Suvorin to memorialize her in his 1888 four act play Tatyana Repina One year later his friend Anton Chekhov himself fascinated by Kadmina sent Suvorin a one act play which was in fact a fifth act continuation of Tatyana Repina with instructions to show it to no one When the play was finally made public years later by Chekhov's brother Mikhail it presented a mystery Was it as the brother claimed a parody Or was the brother simply distancing himself from a then controversial Suvorin Russian historian and linguist John Racine examines the enormous documentary record to make the case that Chekhov's one act was written as an earnest artistic complement to Suvorin's Racine's convictions led him to retranslate both Tatyana Repinas presented here with additional relevant texts Interpreting Chekhov Geoffrey Borny, 2006-08-01 The author's contention is that Chekhov's plays have often been misinterpreted by scholars and directors particularly through their failure to adequately balance the comic and tragic elements inherent in these works Through a close examination of the form and content of Chekhov's dramas the author shows how deeply pessimistic or overly optimistic interpretations fail to sufficiently account for the rich complexity and ambiguity of these plays The author suggests that by accepting that Chekhov's plays are synthetic tragi-comedies which juxtapose potentially tragic subtexts with essentially comic texts critics and directors are more likely to produce richer and more deeply satisfying interpretations of these works Besides being of general interest to any reader interested in understanding Chekhov's work the book is intended to be of particular interest to students of Drama and Theatre Studies and to potential directors of these subtle plays **Late Imperial Russia** Ian Thatcher, 2024-06-04 This volume offers a detailed examination of the stability of the late imperial regime in Russia Students and scholars will appreciate the lively summaries of the latest scholarship in political economic social cultural and international history Accessible yet insightful contributions cover the historiography of complex topics such as peasants workers revolutionaries foreign relations and Nicholas II In addition there are original studies of some of the leading intellectuals of the time The late imperial economy is examined through the writings of Tugan Baranovsky There is an account of M N Pokrovskii's radical interpretation of late imperial Russia's historical path of development The state of the Russian theatre is studied through the lives of theatrical impresarios Each chapter also highlights a unique interpretation suggesting new lines of inquiry and research This book will be compulsory reading for students of Russian and European history of the late nineteenth and early twentieth centuries seeking to better understand why Tsarism collapsed in 1917

Performing Femininity Rachel Morley, 2016-12-15 Oriental dancers ballerinas actresses and opera singers the figure of the female performer is ubiquitous in the cinema of pre-Revolutionary Russia From the first feature film Romashkov's Stenka Razin 1908 through the sophisticated melodramas of the 1910s to Viskovsky's The Last Tango 1918 made shortly before the pre-Revolutionary film industry was dismantled by the new Soviet government the female performer remains central In this

groundbreaking new study Rachel Morley argues that early Russian film makers used the character of the female performer to explore key contemporary concerns from changing conceptions of femininity and the emergence of the so called New Woman to broader questions concerning gender identity Morley also reveals that the film makers repeatedly used this archetype of femininity to experiment with cinematic technology and develop a specific cinematic language

A Bibliography of Anton Chekhov in English Lauren G. Leighton, 2005 It is not possible to provide a comprehensive selection of an estimated 350 000 reviews of Chekhov plays 1994-2003 but an attempt has been made to provide a representative sampling of reviews in major newspapers and current periodicals Citations throughout this Bibliography are full and unabbreviated the intent being to provide access to each work in every appropriate category without complicating the search process with confusing cross listings Entries for collections are accompanied by listings of contents in the order given in tables of contents or alphabetically Entries for collections provide a base for subsequent listings of individual major works for addition of subsequent editions reprints and re publications Translations of plays are categorized by their most commonly known English titles and cited within categories by the English title given for a particular translation

Drama and Religion: Volume 5 James Redmond, 2008-10-30 Themes in Drama is a journal which brings together articles and review about the dramatic and theatrical activity of a wide range of cultures and periods The articles offer original contributions to their own specialised fields but are presented in such a way that their significance may be readily appreciated by non specialists The review section is especially important since reviewers have more than usual scope to give critical accounts of drama in performance and to discuss the most significant contributions to dramatic scholarship and criticism
