From Blood and Ash is a sexy addictive and unexpected fantasy perfect for fans of Sarah J Maas and Laura Thalassa A Maiden Chosen from birth to usher in a new era Poppy s life has never been her own The life of the Maiden is solitary Never to be touched Never to be looked upon Never to be spoken to Never to experience pleasure Waiting for the day of her Ascension she would rather be with the guards fighting back the evil that took her family than preparing to be found worthy by the gods But the choice has never been hers A Duty The entire kingdom s future rests on Poppy s shoulders something she s not even quite sure she wants for herself Because a Maiden has a heart And a soul And longing And when Hawke a golden eyed guard honor bound to ensure her Ascension enters her life destiny and duty become tangled with desire and need He incites her anger makes her question everything she believes in and tempts her with the forbidden A Kingdom Forsaken by the gods and feared by mortals a fallen kingdom is rising once more determined to take back what they believe is theirs through violence and vengeance And as the shadow of those cursed draws closer the line between what is forbidden and what is right becomes blurred Poppy is not only on the verge of losing her heart and being found unworthy by the gods but also her life when every blood soaked thread that holds her world together begins to unravel
