English Learners, Grades 6 - 12 Margarita Espino Calderon,Shawn Slakk,2018-03-09 Retool your whole school for EL achievement For any student middle and high school can be challenging But for an English learner or striving reader and the myriad words phrases syntax texts and concepts they must negotiate on a daily basis the stakes seem a whole lot higher

Fortunately for content area teachers Margarita Calder n and Shawn Slakk make available in a single resource all the best instructional and professional development combinations for expediting comprehension across the secondary grades Really a tool to assist all learners across all language needs the second edition of Teaching Reading to English Learners Grades 6 12

provides evidence based strategies for helping content area teachers and schools at large Teach academic language in all subject areas Embed discourse practice through interaction strategies Integrate basic and close reading comprehension skills into lessons Teach drafting revising and editing for content specific writing Use cooperative learning to develop social emotional skills and enhance academic achievement Calder n and Slakk know firsthand that if we re to counter the commonly

held narrative of predictable failure among our ELs it takes a whole school and they have the evidence to prove it Read Teaching Reading to English Learners Grades 6 12 implement its strategies across all classrooms and soon enough you too will maximize the comprehensions skills so critical to our ELs long term success Reforming Reading, Writing, and

Mathematics S.G. Grant,2012-12-06 In this book S G Grant reports his study of how four Michigan elementary school teachers manage a range of reforms such as new tests textbooks and curriculum frameworks in three different school subjects reading writing and mathematics Two significant findings emerge from his comparison of these responses teachers

responses vary across classrooms even when they teach in the same school building and also across the reforms a teacher might embrace reforms in one subject area but ignore proposed changes in another This study of teachers responses to reading writing and mathematics reform and the prospects for systemic reform is part of a growing trend to look at the intersection of curriculum policy and teachers classroom practice It is unique in the way the author looks at teachers

responses to multiple subject matter reforms uses those responses as part of an analysis of the recent move toward systemic reform and employs empirical findings as a means of examining the current movement toward systemic reform Reforming Reading Writing and Mathematics is important reading for researchers practitioners and graduate students of educational
