Nanos, 2017-10-17 The dominant portrayals of the apostle Paul are of a figure who no longer valued Jewish identity and behavior opposing them for both Jew and non Jew in his assemblies This prevailing version of Paul depends heavily upon certain interpretations of key flashpoint passages In this book and the subsequent volumes in this series Mark Nanos undertakes to test a Paul within Judaism re-reading of the apostle especially of these flashpoint texts Nanos demonstrates how traditional conclusions about Paul and the meaning of his letters are dramatically altered by testing the hypothesis that the historical Paul practiced a Jewish Torah observant way of life and that he expected those whom he addressed to know that he did so Nanos also tests the hypothesis that the non Jews addressed were expected to know that his guidance was based on promoting a Jewish way of life for themselves at the same time insisting that they remain non Jews and thus not technically under Torah on the same terms as himself and the other Jews in this new Jewish movement In conversation with the prevailing views Nanos argues that the Paul within Judaism perspective offers not only more historically probable interpretations of Paul's texts but also more promise for better relations between Christians and Jews because these texts have informed Christian concepts of ways of talking about and behavior toward Jews based on the premise that Paul considered Jews and Judaism the mirror opposites of what Christians should be and become **Teaching Adolescents**

Religious Literacy in a Post-9/11 World Robert Nash, Penny A. Bishop, 2009-11-01 For thousands of years religion has been a key element of human societies Whenever we as educators exclude or minimize religion's vast role in society we leave out a large part of our world's shared history This is a serious act of educational omission even neglect on the part of our nation's public middle and secondary schools particularly when adolescents are so ready to engage in meaningful conversation about the world that surrounds them Our book's central purpose is to provide middle level and high school teachers with the necessary background knowledge and pedagogical skills necessary to help adolescents become religiously literate learners and citizens Currently there is no text like ours on the market that both covers a number of world religions and presents concrete recommendations for teaching and learning this material Our book is meant to educate the following

audiences teacher educators middle level and high school teachers in all content areas administrators school boards and parents For us educating for religious literacy is all about bringing adolescents into the 21st century of teeming religious and spiritual diversity a long neglected component of the multicultural curriculum in public schools In a post 9 11 world religious literacy requires that students understand the whats and whys of differing religious beliefs both in their own country and elsewhere It means looking for commonalities as well as differences between and among the great wisdom traditions both nationally and internationally It is about understanding how all of us might live peacefully in a religiously diverse world Our book accomplishes these goals by being informative practical experiential case based and above all accessible to beginners

Arguing about Judaism Peter Cave, Dan Cohn-Sherbok, 2020-03-26 *Arguing about Judaism* differs from other introductions to Judaism It is unique not solely in its engaging dialogues between a Reform rabbi and a humanist atheist philosopher but also in its presentation of and challenges to the fundamental religious beliefs of the Jewish heritage and their relevance to today's Jewish community The dialogues contain both Jewish narratives and philosophical responses with topics ranging from the nature of God to controversies over sexual relations animal welfare and the environment from antisemitism to the state of Israel and Zionism Although the rabbi and philosopher argue strongly clearly enjoying the cut and thrust of debate they do so with sensitivity charm and respect revealing the rich intricacies of the Jewish religion and contemporary Jewish life While essential reading for those studying Judaism and Jewish history the book aims to stimulate debate more generally amongst Jews and non Jews the religious and the atheist all those with a general interest in religion and philosophy

actual mechanism for finding peace with God Paul found in the story of Jesus the image of complete faith in faithfulness to God in Jesus resurrection he found the image of God s complete faithfulness for the Jew first as well as for the Greek Whereas Torah resulted in curse and death it also anticipated the unconditional faithfulness of God for both Jew and Gentile For Paul the gospel of Jesus Christ is the account of the outworking of God s faithfulness the end of Torah s curses and the fulfillment of its blessings
