Teachers And Texts A Political Economy Of Class And Gender Relations In Education

Dennis Carlson

Teachers And Texts A Political Economy Of Class And Gender Relations In Education:

Teachers and Texts Michael W. Apple, 1988 First Published in 1988 Routledge is an imprint of Taylor Francis an informa company

Teachers and Texts: a Political Economy of Class and Gender Relations in Education Apple Michael W., 1988 Teachers, Gender, and Careers Sandra Acker, 1989 Teachers experiences are seen to be influenced by cultures within educational institutions labour market conditions and social divisions This book attempts to move gender from the margins to the centre of debate about their lives and careers

Teachers and Texts Michael W. Apple, 2021-12-16 First published in 1987 this research provides insight on the political economy of schooling and includes an analysis of power as they operate both within and outside of schools in the construction of class and gender relations This is part of a series of volumes that have begun to enquire into the relationship between the curriculum and teaching that is found in our formal institutions of education and unequal power in society

Handbook of Classroom Management Carolyn M. Evertson, Carol S. Weinstein, 2013-10-31 Classroom management is a topic of enduring concern for teachers administrators and the public It consistently ranks as the first or second most serious educational problem in the eyes of the general public and beginning teachers consistently rank it as their most pressing concern during their early teaching years Management problems continue to be a major cause of teacher burnout and job dissatisfaction Strangely despite this enduring concern on the part of educators and the public few researchers have chosen to focus on classroom management or to identify themselves with this critical field The Handbook of Classroom Management has four primary goals 1 to clarify the term classroom management 2 to demonstrate to scholars and practitioners that there is a distinct body of knowledge that directly addresses teachers managerial tasks 3 to bring together disparate lines of research and encourage conversations across different areas of inquiry and 4 to promote a vigorous agenda for future research in this area To this end 47 chapters have been organized into 10 sections each chapter written by a recognized expert in that area Cutting across the sections and chapters are the following themes First positive teacher student relationships are seen as the very core of effective classroom management Second classroom management is viewed as a social and moral curriculum Third external reward and punishment strategies are not seen as optimal for promoting academic and social emotional growth and self regulated behavior Fourth to create orderly productive environments teachers must take into account student characteristics such as age developmental level race ethnicity cultural background socioeconomic status and ableness Like other research handbooks the Handbook of Classroom Management provides an indispensable reference volume for scholars teacher educators in service practitioners and the academic libraries serving these audiences It is also appropriate for graduate courses wholly or partly devoted to the study of classroom management

Radical Reforms Christopher Chapman, Helen Gunter, 2008-12-09 Focusing on education as a major area of public policy this book explores a decade of rapid and intensive modernization and draws out the lessons for those concerned with developing education systems across the globe

Schooling Girls, Queuing Women Helen A. Moore, 2015-11-17 Focusing on the schooling of diverse girls and women in the United States this book highlights topics of gendered curricula racialized experiences of standardized testing and dominant cultural socialization By weaving critical education theories with sociological analyses of race class and gender Moore provides historical and contemporary illustrations of hostile hallways for students and the devaluation of teaching as a profession In suggesting feminist and anti racist pedagogical models of empowerment *Schooling Girls Queuing Women* presents several potential solutions to the problem of classroom inequality for diverse women and girls

Handbook of Gender and Women's Studies Kathy Davis, Mary Evans, Judith Lorber, 2006-04-27 This breathtakingly broad interdisciplinary reader demonstrates how widely feminist thinking has spread how deeply it has shaken settled assumptions in the disciplines and how much new light it throws on contemporary controversies Myra Marx Ferree University of Wisconsin Madison A timely intervention and highly engaged thoughtful and scholarly analysis of the state of gender and women's studies in the West by three eminent feminist scholars Highly cognisant of the central issues that have fractured blocked and enhanced western feminism Bev Skeggs Goldsmiths The comprehensiveness and the interdisciplinary range of themes are impressive and they make the Handbook into a wonderful tool for teachers and students of women's and gender studies Nina Lykke Linköping University Gender and women's studies is one of the most challenging fields within the social sciences the dynamics of gender relations and the social and cultural implications of gender constructions offer a lively forum of debate The Handbook of Gender and Women's Studies presents a comprehensive and engaging review of the most recent developments within the field including the study of masculinity the feminist implications of postmodernism the cultural turn and globalization The authors review current research and offer critical analyses of women's and gender studies in work the welfare state family education religion violence and war and feminist global politics Edited by three leading academics from Europe and the United States and with 25 chapters written by scholars based throughout the world the Handbook situates the most important debates in the field within a uniquely international and interdisciplinary context The Handbook is a useful introduction to gender theory and an exciting starting point for fresh debates

The Politics of the Textbook Michael Apple, Linda Christian-Smith, 2017-09-08 *The Politics of the Textbook* analyzes the factors that shape production distribution and reception of school texts through original essays which emphasize the double edged quality of textbooks Textbooks are viewed as systems of moral regulation in the struggle of powerful groups to build political and cultural accord They are also regarded as the site of popular resistance around dislodging the interest underlying school knowledge and incorporating alternative traditions

Teachers as Learners Ora Kwo, 2010-08-09 In the worldwide movements of educational reform educators are forging new roles identities and relationships Leadership is vital but must be rooted in the capacity for learning This volume responds to the tensions and paradoxes brought by educational reforms presenting a critical discourse on teachers as learners The contributions bring an array of cultural settings and methodological orientations and reveal

contextual burdens that teachers should not carry in isolation Teachers learning demands collective engagement to turn challenges into opportunities in a sustainable quest for higher goals The discourse concludes with a vision for a new relationship among educational workers as a joint force of learners in a cross boundary endeavor for moral commitment to education

Women's Work Ellen Cole, Esther D Rothblum, Donna M Ashcraft, 2013-04-03 While most women s studies texts function topically as readings for courses and general use Women s Work A Survey of Scholarship By and About Women takes a broad spectrum of women s disciplines psychological artistic religious and philosophical and gives you a diverse interdisciplinary view of this important and ever expanding field of study in one accessible volume You ll see that women are leading the world into the twenty first century in such areas as education business health and science You ll also find your appreciation for the current developments in women s studies increase as you see how far reaching and multifaceted this crucial discipline really is Women s Work avoids the compilations of topical readings that tend to bog down typical women s studies courses and explores the different disciplines that continue to make this field central to the development of the academic world community You ll find your perspective on women s studies expand and take on new meaning as you delve into these and other areas feminist approaches to research the lack of women in science and feminist critiques of science women and health psychology and discussions on sex differences sex similarities and gender roles communication differences between men and women women in literature art history and metaphysics Judeo Christian religions and goddess religions This comprehensive compendium has something for everyone interested in the massive contribution that women have made and will continue to make in all areas of human development All readers especially women s studies scholars professors students and informed members of the general public looking for an excellent up to date resource concerning the general direction of feminist disciplines today will definitely want a copy of Women s Work

The Critical Pedagogy Reader Antonia Darder, Kortney Hernandez, Kevin D. Lam, Marta Baltodano, 2023-11-01 Since its publication The Critical Pedagogy Reader has firmly established itself as the leading collection of classic and contemporary essays by the major thinkers in the field of critical pedagogy While retaining its comprehensive introduction this thoroughly revised fourth edition includes updated section introductions expanded bibliographies and up to date classroom questions The book is arranged topically around such issues as class racism gender sexuality language and literacy and classroom issues for ease of usage and navigation New reading selections cover topics such as youth activism agency and affect and practical implementations of critical pedagogy Carefully attentive to both theory and practice this new edition remains the definitive source for teaching and learning about critical pedagogy

Critical Issues in Democratic Schooling Kenneth Teitelbaum, 2020-04-28 Focusing on a wide range of critical issues this book provides a comprehensive analysis of the linkage of different educational ideas policies and practices to a commitment for democratic schooling Informed by significant interdisciplinary research as well as by his own extensive professional experiences as a teacher professor department chair and dean Teitelbaum

examines contemporary concerns related to three broad areas 1 teaching and teacher education 2 curriculum studies and 3 multiculturalism and social justice His approach is to integrate the current and the historical the practical and the theoretical the technical and the socio political and the personal and the structural With this volume Teitelbaum considers how schools should be organized and funded what they should teach and to whom the role that teachers students and parents should play in school life and the need and prospects for schools and teacher education programs that foster meaningful learning critical reflection and social justice Restructuring Schools, Reconstructing Teachers Peter Woods, Bob Jeffrey, Geoff Troman, Mari Boyle, 2019-07-01

Drawing on wide ranging research this book originally published in 1997 explores how the policy changes of previous years were affecting primary teachers and their work at the time Within the context of worldwide restructuring the thoughts feelings and activities of teachers in their daily work are examined The core argument is that what used to be a complex but fulfilling job distinguished by professional dilemmas which are amenable to professional skill had become increasingly marked by tension and constraint which frustrates teacher creativity While some teachers found new opportunities in the new primary school many used strategical and micro political activity in order to cope while others fell victim to stress and burnout The authors argue that teachers own active involvement in policy change is required if their creative potential is to be realized The book will still be of interest to teachers in primary schools researchers and policy makers **Educating About Social Issues in the 20th and 21st Centuries - Vol 4** Samuel Totten, Jon

Pedersen, 2014-05-01 This volume is the fourth and last volume in the series entitled Educating About Social Issues in the 20th and 21st Centuries An Annotated Bibliography Volumes I and Volume 2 focused on 1 the lives and work of notable scholars dedicated to addressing why and how social issues should become an integral component of the public school curriculum and 2 various topics approaches vis vis addressing social issues in the classroom Volume 3 addressed approaches to incorporating social issues into the extant curricula that were not addressed in the first two volumes This volume Volume Four focuses solely on critical pedagogy both the lives and work of major critical pedagogues and the different strains of critical pedagogy the latter pursued e g critical theory in education critical feminism in education critical race theory

Official Knowledge Michael W. Apple, 2014-03-26 This third edition of Official Knowledge a classic text from one of education s most distinguished scholars challenges readers to critically examine how certain knowledge comes to be official and whose agendas this knowledge represents A probing and award winning study this new edition builds on the tradition of its predecessors to question the rightist resurgence in education while substantive updates throughout show how such policies continue to define our commonsense notions about what counts as a good school A new preface and two full new chapters address current controversies over curriculum and textbooks and extend the discussion of previous editions to reflect on some of the most important pressures being placed on higher education as well Apple also considers the recent conversion of some prominent neoliberal neoconservative and managerial thinkers to more critical understandings of

educational policies proving that progressive change is possible if we examine the roots of these ideologies in the first place As insightful as it is thorough Official Knowledge is a refreshing call to challenge the dominant forces within education today as Apple powerfully illustrates how larger social movements are only possible if we purposefully and inclusively deepen our understanding of the existing body of knowledge about education Advanced Educational Foundations for Teachers Donald K. Sharpes,2013-10-11 Sharpes approach synthesizes historical philosophical and cultural standpoints The text contains practical teaching applications alongside theory and an integrated emphasis of diversity and other multicultural themes It also covers the history of schooling from ancient times to the present including biographies of major non Western figures as well as the canon of educational innovators **The Art of Storytelling for Teachers and Pupils** Elizabeth Grugeon,Paul Garder,2013-12-19 First Published in 2000 At the start of the new millennium the definition of literacy has taken on multiple electronic possibilities But this is a book about the foundations of literacy in orality in the words stories and culture of every individual This book explores the relation of storytelling to literacy and the role of story in human life

Teachers and Crisis Dennis Carlson,2017-12-12 Advocates of the back to basics movement argue that a basic skills programme ensures that students are educated to a minimum level of literacy required to enter the labour force Critics charge that these efforts only increase school bureaucracy and undermine teachers autonomy in the classroom First published in 1992 this book moves beyond the rhetoric surrounding the basic skills debate by providing a thorough yet critical examination of urban education urban school reform and teachers work culture Beginning with a sparkling theoretical discussion of the problems and pitfalls of back to basics reform efforts author Dennis Carlson argues persuasively that the movement s exclusive emphasis on functional literacy skills rather than higher order thinking assures that students will remain on the lower rungs of the socio economic ladder He then proceeds with an empirical study of two urban high school districts in which he documents the latent effects of back to basics on teachers work lives as well as staff administration clashes over efforts to implement restructuring programmes This book offers a sensible and sophisticated treatment of some of the important issues facing urban education and will be of great interest to anyone working in Education **Gender Representation in Learning Materials** Abolaji S. Mustapha,Sara Mills,2015-08-11 Representations of gender in learning materials convey an implicit message to students about attitudes towards culturally appropriate gender roles for women and men This collection takes a linguistic approach to exploring theories about gender representation within the sphere of education and textbooks and their effects on readers and students within an international context In the opening section contributors discuss theories of representation and effect challenging the conventional Althusserian model of interpellation and acknowledging the challenges of applying Western feminist models within an international context Following chapters provide detailed analyses focusing on a number of different countries Australia Japan Brazil Finland Russia Hong Kong Nigeria Germany Qatar Tanzania and Poland Through linguistic analysis of vocabulary associated with

women and men content analysis of what women and men say in textbooks and discourse analysis of the types of linguistic moves associated with women and men contributors evaluate the extent to which gendered representations in textbooks perpetuate stereotypical gender roles what the impact may be on learners and the ways that both teachers and learners interact and engage with these texts
