Stalinism And Nazism History And Memory Compared European Horizons:

Stalinism and Nazism Henry Rousso, Richard Joseph Golsan, 2004-01-01 In this volume Europe's leading modern historians offer new insights into two totalitarian regimes of the twentieth century that have profoundly affected world history Nazi Germany and the Stalinist Soviet Union Until now historians have paid more attention to the similarities between these two regimes than to their differences Stalinism and Nazism explores the difficult relationship between the history and memory of the traumas inflicted by Nazi and Soviet occupation in several Eastern European countries in the twentieth century The first part of the volume explores the origins nature and organization of Hitler's and Stalin's dictatorial power the manipulation of violence by the state systems and the comparative power of the dictator's personal will and the encompassing totalitarian system The second part examines the legacies of the Nazi and Stalinist regimes in Eastern European countries that experienced both Stalinism and Nazism features the latest critical perspectives on two of the most influential and deadly political regimes in modern history **Beyond Totalitarianism** Michael Geyer, Sheila Fitzpatrick, 2009 These essays rethink the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond outdated twentieth century models of totalitarianism ideology and personality They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history **Justice in Lyon** Richard J. Golsan, 2022-06-29 The trial of former SS lieutenant and Gestapo chief Klaus Barbie was France's first trial for crimes against humanity Known as the Butcher of Lyon during the Nazi occupation of that city from 1942 to 1944 Barbie tortured deported and murdered thousands of Jews and Resistance fighters Following a lengthy investigation and the overcoming of numerous legal and other obstacles the trial began in 1987 and attracted global attention Justice in Lyon is the first comprehensive history of the Barbie trial including the investigation leading up to it the legal background to the case and the hurdles the prosecution had to clear in order to bring Barbie to justice Richard J Golsan examines the strategies used by the defence the prosecution and the lawyers who represented Barbie's many victims at the trial The book draws from press coverage articles and books about Barbie and the trial published at the time as well as recently released archival sources and the personal archives of lawyers at the trial Making the case that despite the views of its many critics the Barbie trial was a success in legal historical and pedagogical terms Justice in Lyon details how the trial has had a positive impact on French and international law governing crimes against humanity **Fascism and Communism** François Furet, Ernst Nolte, 2004-01-01 In his major work on communism the international bestseller The Passing of an Illusion the eminent French historian François Furet devoted a lengthy footnote to German historian Ernst Nolte's interpretation of fascism Nolte responded a correspondence ensued and the result was the remarkable exchange presented in this volume Fascism and Communism offers readers the rare opportunity to witness and learn from a confrontation between two of the world's most distinguished historians over one of the most serious subjects of our time Each from a different perspective Furet and Nolte

offer compelling arguments for the common genealogy of these two ideologies as well as reasons for the intellectual community's rejection of this explosive thesis throughout the twentieth century. This discussion leads to a deeper understanding of the nature of totalitarianism as well as the trajectory and interpretation of modern European history.

Heideggerian Marxism Herbert Marcuse, 2005-01-01. The Frankfurt School philosopher Herbert Marcuse (1898-1979) studied with Martin Heidegger at Freiburg University from 1928 to 1932 and completed a dissertation on Hegel's theory of historicity under Heidegger's supervision. During these years Marcuse wrote a number of provocative philosophical essays experimenting with the possibilities of Heideggerian Marxism. For a time he believed that Heidegger's ideas could revitalize Marxism, providing a dimension of experiential concreteness that was sorely lacking in the German Idealist tradition. Ultimately, two events deterred Marcuse from completing this program: the 1932 publication of Marx's early economic and philosophical manuscripts and Heidegger's conversion to Nazism a year later. *Heideggerian Marxism* offers rich and fascinating testimony concerning the first attempt to fuse Marxism and existentialism. These essays offer invaluable insight concerning Marcuse's early philosophical evolution. They document one of the century's most important Marxist philosophers attempting to respond to the crisis of Marxism: the failure of the European revolution coupled with the growing repression in the USSR. In response, Marcuse contrived an imaginative and original theoretical synthesis: existential Marxism.

Intellectuals and their Publics Christian Fleck, 2016-05-23. How do intellectuals engage with and affect their publics? What is the role of the public intellectual in the new age of political uncertainties? What challenges face female intellectuals and those speaking from an ethnic, national, or class position? This exciting collection responds to these questions by offering a broad-ranging account of the changing role of intellectuals in public life. The volume opens with provocative essays on the idea and role of the public intellectual from Alexander Evans and Zulaika. Chapters from Rabinbach on intellectuals' responses to totalitarianism, Outhwaite on what it means to be a European intellectual, and Auer's discussion of the dissident intellectual in the collapse of communism lead onto a vigorous debate of earlier points discussed through specific intellectual case studies from Tocqueville to Hayek. *Intellectuals and their Publics* will attract a broad readership interested in the role of the intellectual, with particular appeal for sociologists, political theorists, and historians of ideas. Forthcoming Books Rose Army, 2004. *Die erfundene Freundschaft* Jan C. Behrends, 2006. Zu den Instrumenten kommunistischer Herrschaft zählten neben Repression und Gewalt auch Erziehung und Propaganda. Nach dem Zweiten Weltkrieg wurden die im Stalinismus ausgebildeten Herrschaftspraktiken nach Ostmitteleuropa transferiert. Vor dem Hintergrund eines historisch belasteten Verhältnisses zu Russland versuchten die Staatsparteien in Polen und in der DDR ihre Bevölkerung für die enge Bindung an die UdSSR zu gewinnen und für die Sowjetisierung zu mobilisieren. Diese Freundschaftspropaganda für die Sowjetunion steht im Zentrum der Studie. In transnationaler Perspektive werden die parteistaatlichen Apparate der Herrschaftsdiskurs, die Strukturen der Öffentlichkeit und die gesellschaftliche Rezeption der Propaganda untersucht. Der Autor analysiert

insbesondere die Rede über die Sowjetunion die Erfindung der Freundschaft in den vierziger Jahren den Führerkult um Stalin und die Herrschaftskrisen der Jahre 1953 und 1956 Abschliessend fragt er nach der Wirkungsmacht von Propaganda in der kommunistischen Diktatur The Nation ,2004 **International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences** ,2004
