recordings preserve a purer form of the collectively improvised ensemble of the earliest black jazz bands. It is a loosely integrated, purely linear ensemble, mass a collective projecting of melodic lines close to the unassimilated heterophonic singing of the Black Primitive Baptist and Sanctified Churches. This proto jazz style was being rapidly eclipsed in the 1920s by more flamboyant and technically brilliant forms of New Orleans jazz being recorded by Louis Armstrong, Sidney Bechet, and Jelly Roll Morton. The scores contained herein are the first complete transcriptions of this rare and distinctive music to appear in print.
