Tensions In The Struggle For Sexual Minority Rights In Europe

Damian A Gonzalez Salzberg

Tensions In The Struggle For Sexual Minority Rights In Europe:

Tensions in the Struggle for Sexual Minority Rights in Europe Nicole J. Beger, 2004 Queer political practices in Europe is the first queer and poststructuralist reading of political rights concepts in the specific European transnational context In the last thirty years Europe has seen the rise of gay lesbian bisexual and transgender movements fighting nationally and transnationally for participation rights in society In addition academic theorists have increasingly paid attention to the epistemological and ontological roles gender and sexuality play in modern politics However in the political process of arguing for rights the centrality of those roles is mostly hidden from view in official institutional and movement discourses This book investigates the conceptual themes of lesbian gay and transgender rights and lobby politics in Europe and their open and hidden relations to binary and hierarchical orders of dominance It contributes to an understanding of the conditions upon which politics of inclusion participation social justice and equality rest and why struggles for sexual minority rights have been so difficult and slow The book illuminates how the paradigms of political discourses constitute consolidate and contest the meaning and culture

Sexuality and Transsexuality Under the European Convention on Human Rights Damian A Gonzalez Salzberg, 2019-02-07 This book undertakes a critical analysis of international human rights law through the lens of queer theory It pursues two main aims first to make use of queer theory to illustrate that the field of human rights law is underpinned by several assumptions that determine a conception of the subject that is gendered and sexual in specific ways This gives rise to multiple legal and social consequences some of which challenge the very idea of universality of human rights Second the book proposes that human rights law can actually benefit from a better understanding of queer critiques since queer insights can help it to overcome heteronormative beliefs currently held In order to achieve these main aims the book focuses on the case law of the European Court of Human Rights the leading legal authority in the field of international human rights law The use of queer theory as the theoretical approach for these tasks serves to deconstruct several aspects of the Court's jurisprudence dealing with gender sexuality and kinship to later suggest potential paths to reconstruct such features in a queerer and more universal manner

The Ashgate Research Companion to Lesbian and Gay Activism David Paternotte, Manon Tremblay, 2016-03-03 The Ashgate Research Companion to Lesbian and Gay Activism provides scholars and students with a comprehensive and authoritative state of the art review of the current research in this subject Each of the 22 specially commissioned chapters develops and summarises their key issue or debate in relation to activism that is the claims strategies and mobilisations including internal debates and divisions impediments and state responses of the lesbian and gay movement By drawing together leading scholars from political science sociology anthropology and history this companion provides an up to the minute snapshot of current scholarship as well as signposting several fruitful avenues for future research This book is both an invaluable resource for scholars and an indispensable teaching tool for use in the classroom

Worldwide Perspectives on Lesbians, Gays, and

Bisexuals Paula Gerber Ph.D.,2021-01-26 This three volume set is a rich resource for readers in any discipline interested in understanding the global regional and domestic experiences of LGB people This interdisciplinary set makes a vital contribution to understanding how LGB rights are progressing and in some cases regressing around the globe The three volumes look at the lived experiences of LGB people from varied perspectives and provide comprehensive coverage on a wide variety of topics ranging from LGB youth and LGB aging to the approaches to LGB people of different religions including Islam Judaism and Christianity Chapters focus on topics including the ongoing criminalization of same sex sexual conduct and how international human rights law can be used to improve the lives of LGB people Particular attention is paid to the rights of bisexuals a group often ignored in works focusing on sexual orientation Volume 1 focuses on history politics and culture relating to LGB people Volume 2 focuses on the laws domestic and international governing LGB people and Volume 3 provides snapshots of the current state of LGB experience in countries worldwide presented by geographical region Europe the Americas Africa the Middle East and the Asia Pacific region

The Lesbian and Gay Movement and the State David Paternotte,2016-03-03 By analyzing the relationship between lesbian and gay movements and the state this ground breaking book addresses two interconnected issues to what extent is the lesbian and gay movement influenced by the state and to a lesser extent whether the lesbian and gay movement has somehow influenced the state for instance by altering forms of sexual regulation Given the diversity in national trajectories this book covers fifteen countries This enables the volume to shed light on different kinds of relationships between these groups and the state as well as on the way they have evolved in recent decades The Lesbian and Gay Movement and the State Comparative Insights into a Transformed Relationship fills an important gap in the literature on lesbian and gay activism However this book also provides important and innovative insights into broader issues in international political science public policy and comparative politics as well as issues in social movement studies These include the role of the state in constructing citizen identities the heteronormative way in which many traditional citizen entitlements and benefits were constructed state civil society relations judicial activism the impact of federalism and the increasing globalization of sexual identities

When States Come Out Phillip M. Ayoub,2016-05-03 In the last two decades the LGBT movement has gained momentum that is arguably unprecedented in speed and suddenness when compared to other human rights movements This book investigates the recent history of this transnational movement in Europe focusing on the diffusion of the norms it champions and the overarching question of why despite similar international pressures the trajectories of socio legal recognition for LGBT minorities are so different across states The book makes the case that a politics of visibility has engendered the interactions between movements and states that empower marginalized people mobilizing actors to demand change influencing the spread of new legal standards and weaving new ideas into the fabrics of societies It documents how this process of coming out empowers marginalized social groups by moving them to the center of political debate and public recognition and making it possible for them to obtain rights to which

they have due claim **Queering Religion, Religious Queers** Yvette Taylor, Ria Snowdon, 2014-02-18 This collection considers how religious identity interplays with other forms and contexts of identity specifically those related to sexual identity It asks how these intersections are formed negotiated and resisted across time and places including the UK Europe North America Australia and the Global South Questions around queer engagements in same sex marriages civil partnerships and other practices e g adoption have created a number of provoking stances and policy provisions but what remains unanswered is how people experience and situate themselves within sometimes competing or contradictory moments as religious queers who may be tasked with queering religion Additionally the presumed paradoxes of marriage queer sexuality religion and youth combine to generate a noteworthy generational absence This leads to questions about where religious queers reside resist and relate experiences of intersecting religious and sexual lives In looking at interconnectedness this collection offers international contributions which bridge the contradictions in queering religion and in making visible religious queers It provides insight into older and younger people s understandings of religiosity queer cultures and religious groups A small but active religious minority in the US has received much attention for its anti gay political activity much less attention has been paid to the more positive supportive role that religious based groups play in e g providing housing education and political advocacy for queer youth Queer methodologies and intersectional approaches offer a lens both theoretically and methodologically to uncover the salience of related social divisions and identities This collection is both innovative and sensitive to blended identities and their various enactments *Research Methods for International Human Rights Law* Damian Gonzalez-Salzberg, Loveday Hodson, 2019-06-13 The study and teaching of international human rights law is dominated by the doctrinal method A wealth of alternative approaches exists but they tend to be discussed in isolation from one another This collection focuses on cross theoretical discussion that brings together an array of different analytical methods and theoretical lenses that can be used for conducting research within the field As such it provides a coherent accessible and diverse account of key theories and methods A distinctive feature of this collection is that it adopts a grounded approach to international human rights law through demonstrating the application of specific research methods to individual case studies By applying the approach under discussion to a concrete case it is possible to better appreciate the multiple understandings of international human rights law that are missed when the field is only comprehended through the doctrinal method Furthermore since every contribution follows the same uniform structure this allows for fruitful comparison between different approaches to the study of our discipline Rights Lydia Morris, 2006-04-18 This pioneering book demonstrates how different traditions of sociological thought can contribute to an understanding of the theory and practice of rights It provides a sociological treatment of a wide range of substantive issues but never loses sight of the key theoretical questions It considers some varied cases of public intervention including welfare caring mental health provisions pensions justice and free speech alongside the rights issues they raise examines the question of rights from the point of view of distinctive

population groups such as prisoners and victims women ethnic minorities indigenous peoples and lesbians and gays A key strength is its detailed presentation and analysis of different aspects of rights and its exploration of a variety of analytical perspectives Rights are viewed not in terms of ethical certainty but as the product of social processes and part of shifting terrain which is open to negotiation Including a theoretical critique of existing perspectives Rights offers a diverse and detailed exploration of the contribution sociological thought can make to this increasingly important aspect of social life and is an invaluable aid to students studying in this area

Queer Theory: Law, Culture, Empire Robert Leckey, Kim Brooks, 2010-06-10 Queer Theory Law Culture Empire uses queer theory to examine the complex interactions of law culture and empire Building on recent work on empire and taking contextual socio legal comparative and interdisciplinary approaches it studies how activists and scholars engaged in queer theory projects can unwittingly advance imperial projects and how queer theory can itself show imperial ambitions The authors from five continents delve into examples drawn from Bollywood cinema to California s 2008 marriage referendum The chapters view a wide range of texts from cultural productions to laws and judgments as regulatory forces requiring scrutiny from outside Western heterosexual privilege This innovative collection goes beyond earlier queer legal work engaging with recent developments featuring case studies from India South Africa the US Australasia Eastern Europe and embracing the frames offered by different disciplinary lenses Queer Theory Law Culture Empire will be of particular interest to students and researchers in the fields of socio legal studies comparative law law and gender sexuality and law and culture

The Oxford Handbook of Global LGBT and Sexual Diversity Politics Michael J. Bosia, Sandra M. McEvoy, Momin Rahman, 2020 Struggles for LGBT rights and the security of sexual and gender minorities are ongoing urgent concerns across the world For students scholars and activists who work on these and related issues this handbook provides a unique interdisciplinary resource In chapters by both emerging and senior scholars the Oxford Handbook of Global LGBT and Sexual Diversity Politics introduces key concepts in LGBT political studies and queer theory Additionally the handbook offers historical geographic and topical case studies contextualized within theoretical frameworks from the sociology of sexualities critical race studies postcolonialism indigenous theories social movement theory and international relations theory It provides readers with up to date empirical material and critical assessments of the analytical significance commonalities and differences of global LGBT politics The forward looking analysis of state practice transnational networks and historical context presents crucial perspectives and opens new avenues for debate dialogue and theory

De-Centring Western Sexualities Robert Kulpa, Joanna Mizielińska, 2016-04-08 De Centring Western Sexualities critically assesses the current state of knowledge about sexualities outside the framings of The West by focusing on gender and sexuality within the context of Central and Eastern Europe Providing rich case studies drawn from a range of post communist countries this interdisciplinary volume brings together the latest research on the formation of sexualities in Central and Eastern Europe alongside analyses of the sexual and national identity politics of the region

Engaged with current debates within queer studies surrounding temporality and knowledge production and inspired by post colonial critique the book problematises the Western hegemony that often characterises sexuality studies and presents local theoretical insights better attuned to their geo temporal realities As such it offers a cultural and social re evaluation of everyday life experiences and will be of interest to sociologists queer studies scholars geographers and anthropologists

Why Neo-Militant Democracies Endure Joanna Rak, 2024-03-05 This book examines how contemporary militant democracies persist in the face of authoritarian abuses occurring during times of crisis Focusing on founding members of the European Union it explores how these democracies implemented anti democratic measures without compromising their political rights and civil liberty ratings By expanding the conceptual framework and theory of neo and quasi militant democracies through case studies and comparative analysis the volume offers new insights into factors contributing to democratic endurance Respective authors shift scholarly attention toward the epistemic construction of anti democratic restrictions arguing that epistemic fairness in defining anti democratic threats plays a crucial role in preventing the erosion of democracy and in doing so enriches our understanding of legal definitions of enemies of democracy and their impact on the stability of political regimes Investigating restrictions that target old and contemporary threats enhances our understanding of how Inner Six democracies survive under attack from populists seeking to expand their ruling competencies after the 2008 economic crisis the 2015 European refugee crisis the COVID 19 pandemic and the Russo Ukrainian War This book is of key interest to scholars and students of European and Comparative Politics Democratic Resilience and Backsliding Legitimacy Democracy and Dictatorship Public Comparative Constitutional Law Human Rights Law Philosophy of Law and Political Philosophy and Theory

Queer International Relations Cynthia Weber, 2016-01-04 If asked about queer work in international relations most IR scholars would almost certainly answer that queer studies is a non issue for the subdiscipline a topic beyond the scope and understanding of international politics Yet queer work tackles problems that IR scholars themselves believe are central to their discipline questions about political economies the geopolitics of war and terror and the national manifestations of sexual racial and gendered hierarchies not to mention their implications for empire globalization neoliberalism sovereignty and terrorism And since the introduction of queer work in the 1980s IR scholars have used queer concepts like performativity or crossing in relation to important issues like sovereignty and security without acknowledging either their queer sources or their queer function This agenda setting book asks how sexuality and queer are constituted as domains of international political practice and mobilized so that they bear on questions of state and nation formation war and peace and international political economy How are sovereignty and sexuality entangled in contemporary international politics What understandings of sovereignty and sexuality inform contemporary theories and foreign policies on development immigration terrorism human rights and regional integration How specifically is the homosexual figured in these theories and policies to support or contest traditional understandings of sovereignty *Queer International Relations* puts

international relations scholarship and transnational global queer studies scholarship in conversation to address these questions and their implications for contemporary international politics

Historical Dictionary of the Lesbian and Gay Liberation Movements JoAnne Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality

Border Politics Nancy A. Naples, Jennifer Bickham Mendez, 2015 In the current historical moment borders have taken on heightened material and symbolic significance shaping identities and the social and political landscape Borders defined broadly to include territorial dividing lines as well as sociocultural boundaries have become increasingly salient sites of struggle over social belonging and cultural and material resources How do contemporary activists navigate and challenge these borders What meanings do they ascribe to different social cultural and political boundaries and how do these meanings shape the strategies in which they engage Moreover how do these social movements confront internal borders based on the differences that emerge within social change initiatives Border Politics edited by Nancy A Naples and Jennifer Bickham Mendez explores these important questions through eleven carefully selected case studies situated in geographic contexts around the globe By conceptualizing struggles over identity social belonging and exclusion as extensions of border politics the authors capture the complex ways in which geographic cultural and symbolic dividing lines are blurred and transcended but also fortified and redrawn This volume notably places right wing and social justice initiatives in the same analytical frame to identify patterns that span the political spectrum Border Politics offers a lens through which to understand borders as sites of diverse struggles as well as the strategies and practices used by diverse social movements in today's globally interconnected world

The same-sex unions revolution in Western democracies Kelly Kollman, 2016-05-16 This book examines same sex unions policy SSU

developments in eighteen western democracies and seeks to explain why the overwhelming majority of these countries has implemented a national law to recognise gay and lesbian couples since 1989 Drawing on extensive interview and document analysis the book illustrates the ways in which SSU policy debates and outcomes have been catalysed by international norm diffusion and social learning The second part of the study analyses these processes in greater depth using two comparative case studies Germany and the Netherlands the United States and Canada to identify how the norm influences domestic policy debates as well as which factors determine how much power it can exert in different national environments The case study analysis also reveals why western democracies have implemented different models of recognition marriage vs registered partnership vs unregistered cohabitant

Legal Path Dependence and the Long Arm of the Religious State Victor Asal, Udi Sommer, 2016-10-20 Examines the historical legal and religious reasons that underlie harsh legal penalties and discrimination against sexual minority communities in certain countries Bringing together theoretical perspectives from both comparative politics and public law this book examines the reasons why certain countries criminalize same sex activities while others have carved into law the requirement that sexual minority communities be protected The authors break new ground by using cross national yearly data over decades focusing on sodomy laws death penalty provisions for same sex sexual relations and sexual discrimination practices to develop a Gay Rights Index comparing treatment of such groups in various parts of the world The book includes legal and large N analyses historical examples and case studies underscoring important changes and key trends during the last several decades Also highlighted are the significant human rights violations still being committed in various parts of the world against sexual minorities and the continuing role religion plays

Cosmopolitan Sexualities Ken Plummer, 2016-09-26 How are we to live with the wide varieties of sexuality and gender found across the rapidly changing global order Whilst some countries have legislated in favour of same sex marriage and the United Nations makes declarations about gender and sexual equality many countries across the world employ punitive responses to such differences In this compelling and original study Ken Plummer argues the need for a practical utopian project of hope that he calls cosmopolitan sexualities He asks how can we connect our differences with collective values our uniqueness with multiple group belonging our sexual and gendered individualities with a broader common humanity Showing how a foundation for this new ethics politics and imagination are evolving across the world he discusses the many possible pitfalls being encountered He highlights the complexity of sexual and gender cultures the ubiquity of human conflict the difficulties of dialogue and the problems with finding any common ground for our humanity Cosmopolitan Sexualities takes a bold critical humanist view and argues the need for positive norms to guide us into the future Highlighting the vulnerability of the human being Plummer goes in search of historically grounded and potentially global human values like empathy and sympathy care and kindness dignity and rights human flourishing and social justice These harbour visions of what is acceptable and unacceptable in the sexual and intimate life Clearly written the book speaks to important issues of our time

and will interest all those who are struggling to finding ways to live together well in spite of our different genders and sexualities The Gay State Garrett Graham,2010-05-12 For the first time in all of human history conditions are such that the world is ready to receive its first majority Gay Nation State Forces are coming together in a manner never before seen that enables the LGBT citizens of the world to rise up and proclaim their freedom their liberty and their rightful place in a world equal among all nations As a homage to Theodor Herzl Thomas Paine and other visionaries who yearned for freedom The Gay State is a proclamation that the world of tomorrow can be far better than the world we have today International political and Gay equality activist Garrett Graham has created a literary work that has launched a global movement to end the savage and brutal oppression that has sought to persecute and indeed exterminate the Homosexual community For Graham his willing dreamers have become readers his readers have become believers The momentum for Gay independence and Gay nationalism is spreading around the globe And now the believers are coalescing in their lands of birth as doers and are working to form a political structure that will lead to concrete action to give future generations from every darkened corner of the globe the freedom and peace the LGBT citizenry has long been denied Bishop Desmond Tutu the South African Cleric was correct when he emphatically declared I am not interested in picking up crumbs of compassion thrown from the table of someone who considers himself my master I want the full menu of rights

Decoding **Tensions In The Struggle For Sexual Minority Rights In Europe**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
