changing ritual scene in this poor countryside both since the 1980s and through all the tribulations of twentieth century warfare and political campaigns The whole vocabulary of north Chinese Daoists differs significantly from that of the southeast which has so far dominated our image Largely unstudied by scholars of religion folk Daoist ritual in north China has been a constant theme of music scholars within China Stephen Jones places lay Daoists within the wider context of folk religious practices including those of lay Buddhists sectarians and spirit mediums This book opens up a new field for scholars of religion ritual music and modern Chinese society In Search of the Folk Daoists in North China Stephen Jones,2010
