Introducción a la teoría del Estado Martin Kriele, 2023-12-13 El Estado es en su complejidad un tema inagotable Da lugar a problemas políticos ideológicos antropológicos económicos históricos fenómenos cuestiones referentes a la historia de las ideas etc La teoría del Estado es por tanto una ciencia en la cual hoy en día se especializan colaboran muchas disciplinas científicas en especial la politología la economía política la historia y la filosofía en sus diversas ramas La teoría del Estado situada en el campo de la ciencia jurídica la teoría general del Estado tiene una doble función como ciencia es la contribución que aporta el jurista a las ciencias del Estado interdisciplinarias con su conocimiento del manejo de las normas y de las instituciones del derecho Por otro lado como materia de enseñanza es la selección y comunicación de los conocimientos de las ciencias de Estado interdisciplinarias que interesan en especial al jurista Al jurista le interesa en especial lo que sirve para la comprensión profundizada de las instituciones jurídicas estatales Para ese fin es importante como ya lo ha enseñado Savigny perseguir la evolución de las instituciones hasta su raíz histórica Esto vale para las instituciones del derecho público todavía más que para las del derecho civil La mejor manera de comprenderlas es a través de las situaciones históricas en las cuales se han originado y se han acrisolado Martin Kriele Incluso un pueblo de demonios: democracia, liberalismo, republicanismo Félix Ovejero, 2008-01-01 La moderna democracia se configura en la tensión entre el liberalismo y el republicanismo El primero con una mirada desconfiada hacia los ciudadanos sobre todo hacia los ciudadanos más pobres crea instituciones que en lo posible deban ser impermeables a la voz de aquellos desprovistos de virtud En oposición a ese concepto de democracia el republicanismo aspira a extender el ideal de ciudadano comenzando por el derecho al voto Que las cosas decantaran hacia uno u otro lado hacia el ideal aristocrático o hacia el participativo sería cuestión como se verá Félix Ovejero en esta obra del ruido y de la furia de la historia *Teoría de la democracia* Giovanni Sartori, 1988 **La teoría crítica y las tareas actuales de la crítica** Víctor Alarcón, 2005 *El giro deliberativo en la democracia. Teoría y evidencia empírica* Jorge Iván Cuervo Restrepo, Hernández Quiñones Hernández, Juan Esteban Ugarriza, 2012 El giro deliberativo en la democracia retoma el debate sobre la calidad de la democracia en escenarios de crisis de representación debate que ha sido dejado un poco entre el tintero en el contexto de las teorías del republicanismo Luego de la superación de los regímenes autoritarios en el Cono Sur y de las reformas neoliberales del Estado la pregunta por la democracia va más allá del origen de los gobiernos y del ejercicio del poder de estos con respeto por los derechos fundamentales y se instala en la posibilidad que tienen los ciudadanos no sólo de elegir sus representantes y gobernantes sino también en incidir en los procesos de toma de decisiones que les concierne y que los representantes tengan que dar razones de su mandato El punto de gravedad de la legitimidad democrática oscila entonces entre la elección de los gobernantes y la razonabilidad de las decisiones que adoptan
