Spirituality And Emptiness The Dynamics Of Spiritual Life In Buddhism And Christianity:

Spirituality and Emptiness Donald William Mitchell, 1991 Buddhism and Christianity in Dialogue Perry

Schmidt-Leukel, 2005 This book is written for a general as well as a more specialist readership On the one hand it introduces basic topics of Buddhist Christian dialogue on the other hand it opens up new ground particularly insofar as the Buddhist and the Christian contributors all write comparatively **Focolare** Thomas Masters, Amy Uelmen, 2011 This marvelous new book shares the captivating stories of a variety of Americans whose lives have been transformed by an encounter with Christ and who find inspiration in the life of the great Chiara Lubich This is an inviting inspiring and invaluable introduction to one of the great new adventures in the Church today James Martin S J author of *The Jesuit Guide to Almost Everything*

Premodern Faith in a Postmodern Culture Peter Drilling, 2006-07-26 Since the European Enlightenment of the 18th century traditional religious faith has been challenged from many sides Both the modern and postmodern worldviews have confronted religious belief The Christian doctrine of God is no exception Premodern Faith in a Postmodern Culture A Contemporary Theology of the Trinity acknowledges these challenges to the Christian doctrine of God and explains their sources in philosophical terms Through careful thoughtful analysis Peter Drilling offers a way to meet these challenges so that Christian Faith in the triune God survives and thrives By using the theological method articulated by the philosopher theologian Bernard Lonergan this book demonstrates a reasonable and authentic process of coming to faith This method includes various directions believers can take both theoretical and practical to apply faith in the Trinity Drilling's multifaceted approach looks at this faith through the diverse perspectives of analogous understanding spirituality ecclesiology philosophy and interreligious dialogue This work is unique in its view of the entire historical development of the Trinity from historical sources to the new postmodern conceptions of God *Buddhist Christianity* Ross Thompson, 2010-08-16 It is possible to be a Christian Buddhist in the context of a universal belief that sits fairly lightly on both traditions Ross Thompson takes especially seriously the aspects of each faith that seem incompatible with the other no God and no soul in Buddhism for example and the need for grace and the historical atonement on the cross in Christianity Buddhist Christianity can be no bland blend of the tamer aspects of both faiths but must result from a wrestling of the seeming incompatibles allowing each faith to shake the other to its very foundations The author traces his personal journey through which his need for both faiths became painfully apparent He explores the Buddha and Jesus through their teachings and the varied communities that flow from them investigating their different understandings of suffering and wrong self and liberation meditation and prayer cosmology and God or not He concludes with a bold commitment to both faiths Non-dualism in Eckhart, Julian of Norwich and Traherne James Charlton, 2012-10-25 The words me mine you yours can mislead us into feeling separate from other people This book is an exhilarating contribution to the spirituality of non duality or non separation Meister Eckhart Mother Julian of Norwich and Thomas Traherne are interpreted as theopoets of the body soul who share a moderate non dualism

Their work is brought within the ambit of non dual Hinduism Specifically their passion for unitive spiritual experience is linked to construals of both the Self and Awakening as enunciated by Advaita Vedanta Charlton draws on poetry theology and philosophy to perceive fresh connections A commonality of interest is proposed between the three Europeans and Ramana Maharshi The concept of non duality is basic to much of Asian religion On the other hand Christianity has usually ignored its own non dual roots This text contributes to a recovery in the West of the vital unifying power of non dual awareness and connectedness

Self-Emptying of Christ and the Christian John B. Lounibos, 2011-05-01 This collection wrestles with a profusion of questions about kenosis What is the original meaning and purpose of the self emptying of Jesus How can today's Christians emulate it replacing our own selfish designs with the mind of Christ How is the current interest in servant leadership as a model in the modern church related to the self sacrificing servant of Philippians 2 Does this practice have any meaning in our present secular age Does it imply deconstructing the content of Christian faith and morals in contemporary culture Is it a possible bridge between Eastern and Western spiritual traditions Using the key theme of Jesus emptying of himself in the Philippians hymn John Lounibos explores the mysteries of kenosis in three strikingly different essays The first using extensive exegesis of the text opens up the poetic theological and spiritual depths of this Christian mystery The second essay establishes a philosophical grounding for kenosis in the work of Paul Tillich on the estrangements of finite human freedom The third enters into dialogue with the Buddhist tradition and its intriguing notions of nothingness and no self The attentive reader will be rewarded with a wealth of information and insights for further reflection and personal application

The Other Side of Nothingness Beverly J. Lanzetta, 2001-02-22 From the mystic's experience of nothingness and the desert The Other Side of Nothingness offers a theology of humility sensitive to religious pluralism and to the pain of spiritual oppression With a passionate concern for contemporary interreligious issues Beverly J Lanzetta provides insight into how mystical consciousness overturns claims of dogmatic truth and prepares the self to experience the radical openness of divinity The work draws on a variety of Christian mystical texts including those of Meister Eckhart Gregory of Nyssa Pseudo Dionysius Saint Teresa of Avila Saint Bonaventure and the anonymous author of The Cloud of Unknowing while also making reference to Buddhism Judaism Islam and Hinduism and the thought of contemporary social mystics such as Heschel Gandhi Merton Thurman and Day Lanzetta illustrates how the annihilatory mystical experience draws the seeker to a place beyond a tradition's self understanding to new dimensions of the sacred and in some cases to new revelatory paradigms It is here that she provokes our thought in her statement that the divine nature is itself pluralistic non absolute and continually giving birth to new traditions By showing how nothingness functions in mystical experience as a catalyst for the liberation of our hearts we are brought to a vision of theology that is nonviolent and inclusive of all creation

Marginality Jung Young Lee, 1995-01-01 Marginality proposes a framework that justifies and undergirds development of contextual theologies without becoming itself dominating Jung Young Lee aims to address the dilemmas of contextual theology not by moving one or

another group from the margin to the center but by redefining marginality itself as central **Gethsemani Encounter**
Donald Mitchell, James Wiseman, 1999-01-04 25 presentations on the spiritual life with four major talks by H H the Dalai
Lama
