Spirituality In Ecumenical Perspective:

Spirituality in Ecumenical Perspective E. Glenn Hinson, 1993-01-01 These essays by a Who's Who list of authors explore many themes in spirituality the ecumenical nature of spirituality theological perspectives listening spirituality in the dialogue of religions action and contemplation contemplation and work discernment eucharistic spirituality centering prayer spiritual perspectives on peacemaking letters for spiritual guidance and reading for spiritual enrichment The essays were prepared to honor the life and work of Douglas V Steere co founder of the Ecumenical Institute of Spirituality and to further explore themes found in his writings

The Fellowship Christopher Ross B.S MSL, 2015-10-28 An intriguing as well as thoughtful look at the necessity for ministry A riveting and timely ministry of teaching that engages the hearts of Christians and calls for the evangelical side of every person in God's family Your heart will thrive with a newfound desire to minister to the downcast and downtrodden of the world Your appetite for ministry will come alive again

Studying Christian Spirituality David B. Perrin, 2007-08-07 This book provides a new introduction to the study of Christian spirituality exploring it through the human sciences and ranging from philosophy and hermeneutics to psychology history sociology and anthropology Systematic and progressive it introduces the key approaches and shows how they relate to the understanding study and practice of spirituality Covering a vast amount of ground from traditional themes such as images of God spiritual direction and pilgrimage to more contemporary issues such as place and space cyberspace and postcolonialism the author takes an ecumenical inclusive stance allowing the book to be used in a wide variety of courses and across denominations

Spirituality in College Students' Lives Alyssa Bryant Rockenbach, Matthew J. Mayhew, 2013 Spirituality in College Students Lives draws on data from a large scale national survey examining the spiritual development of undergraduates and how colleges and universities can be more effective in facilitating students spiritual growth In this book contributors from the fields of education psychology sociology social work and religion present research based studies that explore the importance of students spirituality and the impact of the college experience on their spiritual development Offering a wide range of theoretical perspectives and worldviews this volume also includes reflections from distinguished researchers and practitioners which highlight implications for practice This original edited collection explores Emerging theoretical frames and analytical approaches differences in spiritual expressions and experiences among sub populations the impact of campus contexts and how college experiences shape spiritual outcomes Spirituality in College Students Lives is an important resource for higher education and student affairs faculty administrators and practitioners interested in nurturing the inner lives of college students

Women and Spirituality Ursula King, 1993-07-21 Taking a critical look at feminism and exploring its explicit and implicit spiritual dimensions this revised and updated new edition of Women and Spirituality engages in a reflective dialogue with contemporary women's voices It asks to what extent patriarchal oppression and androcentric thinking are inherent not only in Christianity but in all religious beliefs practices and institutions This is the only book which

provides a comprehensive survey of current discussions in feminist theology and spirituality and offers a wide ranging account of women and world religions and raising thought provoking questions about the spiritual dimensions of human life

The Old Testament and Christian Spirituality Christo Lombaard, 2012-05-27 An engaging anthology that deals with both theory and practice The emerging discipline of biblical spirituality considers how faith finds expression within the biblical texts and how modern expressions of faith interact with those texts This volume represents Christo Lombaard's reflective analytical and exegetical contributions to the field in order to explore how biblical texts mediate faith both ancient and contemporary It reflects on aspects of the interaction of faith and Scripture critically approaching both dimensions Features Seven previously published papers drawn predominately from South African journals Explorations of how biblical texts mediate faith Close examination of the discipline of biblical spirituality as part of spirituality studies Religion, Spirituality and Everyday Practice Giuseppe Giordan, William H. Swatos, Jr., 2011-08-14 The current generation of young adults at least in the Western world has shown a marked tendency toward a preference for describing themselves as spiritual as contrasted to religious This book seeks to examine the possible meanings and consequences associated with this contrast in terms of the similarities and differences that affect those who use these terms with respect to the everyday practices that they themselves employ or believe should follow from being self defined as religious or spiritual or not The several chapters in this volume take up the religious spiritual contrast specifically through investigations into practice In what ways do people who claim to be religious or spiritual define these self images as manifest in their own lives How on a daily basis does a person who considers himself or herself religious or spiritual live out that self image in specific ways that she or he can describe to others even if not share with others Are there ways that being spiritual can involve religion or ways that being religious can involve spirituality and if so how do these differ from concepts in prior eras e g Ignatian spirituality Orthodox spirituality Anglican spirituality etc We also explore if there are institutions of spiritual practice to which those who term themselves spiritual turn or if the difference implied by these terms may instead be between institutionalized and de institutionalized expressions of practice including but not limited to self spiritualities **An Administrator's Guide to Implementing Spiritual Care into Nursing Practice** Bonnie Weaver Battey, 2008-10-08 As a member of the governing board administrator or educator in a health care agency you are responsible for helping nurses to establish holistic care A plan is offered based on theories supporting research and the study of spirituality in healing This is not to be considered the final answer but to provide one perspective which may serve as a common basis for developing a coordinated plan most appropriate to your agency's situation *Theosis* Michael Paul Gama, 2017-02-20 Evangelicalism is reaching an inflection point The exodus of millennials from Evangelical churches and the growth of those self identifying as Nones as in None of the Above for their church affiliation is concerning for the movement's future Evangelical leaders offer mixed responses to this challenge from circling the wagons to an enthusiastic Everything must change posture Theosis takes a different approach

Seeking to understand Evangelicalism and its origins this book suggests that Evangelicalism is best understood as the sibling of western Enlightenment Modernity which served it well until the modern cultural ethos began to shift dramatically toward post modernity In this shift young Evangelicals principally postmoderns themselves are abandoning their father s Evangelicalism and its perceived linearity hyper rationalism either or exclusivity and faith expression too often perceived as stripped of mystery and wonder Theosis proposes that to move forward Evangelicalism must go back to the future to re engage with the patristic understanding of salvation as theosis deification or union with God This radical return and broadening of the doctrine of salvation has begun to gain traction in Western Christendom slowly being considered as it has always in the Christian East as mere Christianity The Spiritual Practices of South African Clergy Shaun Joynt, 2024-12-15

Clergy play an important role in the spiritual wellbeing of their congregation They are entrusted by the Great Shepherd to shepherd his flock which entails leading them to green pastures and still waters for example pastoral care and defending them from predatory animals for example heresy However clergy are sheep before they are shepherds and are also in need of the green pastures and still waters of meditation prayer fasting and Bible study These are known as inward spiritual disciplines exercises and have been practiced for centuries Spiritual Practices of South African Clergy State of the Clergy discusses these inward spiritual disciplines mental physical spiritual and social benefits The volume explores how clergy from five diverse denominations practice these specific inward spiritual disciplines They include the Methodist Netherdutch Pentecostal Presbyterian and Roman Catholic faith traditions This book focuses on clergy in the Global South and how they practice these spiritual disciplines within their context Clergy congregants academics and lay persons alike will benefit from the research conducted
