Stephen C. Barton

Spitting At Dragons Towards A Feminist Theology Of Sainthood:

Spitting at Dragons Elizabeth Stuart,1996 In this work the questions of canonization and sainthood are examined from a feminist perspective The author questions the wisdom of feminist theology's decision to ignore or reject the ideas of saints as elitist or other worldly The text outlines the problem of the ways in which saints' lives have been constructed and interpreted in male dominated societies and institutions It proposes a way of reading the lives of saints especially women saints that does justice to women's own experiences and interpretations of their experience The text concludes by suggesting that saints are still needed and proposes a new theology of sainthood that sets out guidelines for gaining such saints Women, Sainthood, and Power

Olivia M. Espín,2019-10-23 Women Sainthood and Power explores the life stories of an international gallery of female saints from the wide angle lens of several intellectual disciplines and the close up view afforded by keenly observed fine points of character Olivia M Espín combines multidisciplinary scholarly research with a novelist's eye for detail to create vivid portraits of saints in their times and places Using her own memories Espín argues that there are lessons to learn today from the lives of these exceptional women This book is recommended for scholars and students of psychology religious studies gender and women's studies history cultural studies and ethnic studies **Feminist Theology** Watson,2003-12-08 Rethinking the Christian faith from a woman's perspective has been an important advancement in modern theology This book introduces the methods ideas and contributions of recent feminist theology to readers encountering the subject for the first time Natalie Watson explores the historical background of feminist theology discusses the value of reading Scripture from a feminist perspective and shows how this approach can offer a critical creative and constructive rereading of the Christian tradition She also sets forth some fresh ideas encouraging people to see feminism not as a threat to the church but as a challenging perspective that actually enhances its life in today's world An extensive annotated bibliography invites readers to further study presenting a wealth of books on feminist theology by many well known authors Ideal for classroom instruction discussion groups and personal study this volume is an exceptional user friendly guide to contemporary feminist thought

Gay and Lesbian Theologies Elizabeth Stuart,2017-09-08 Gay and lesbian theology has been one of the most distinctive voices to have emerged in Christian theology in the last 30 years It has placed lesbian and gay experience at the heart of the theological process Elizabeth Stuart one of the most prominent theologians in this field presents the first critical survey of gay and lesbian theology arguing that its emergence was nothing short of miraculous Gay and lesbian theologians managed to take a dominant Christian discourse which rendered them sinful sick and harmful to the common good and transform it into a theology which argued that a person's sexuality provided the point of contact between God and themselves Stuart argues that miraculous though this was gay and lesbian theology has revealed itself to be bankrupt incapable of providing universally convincing reasons for the inclusion of lesbian and gay people and their relationships in the Church and unable to deal with the defining experience of lesbian and gay communities in the late twentieth century AIDS Stuart concludes that

lesbian and gay people and their opponents in the Church have too easily bought into modern constructions of sexual identity and cut themselves off from a Christian tradition which is far more queer in that it refuses to accept the stability of gender and sexual desire Stuart argues that the only way out of the current deadlock on the issue of homosexuality in the Churches is for both sides to embrace this ancient queer tradition a Christian tradition which teaches that in the end gender and sexual identities have no ultimate importance

The Queer God Marcella Althaus-Reid, 2004-06-01 There are those who go to gay bars and salsa clubs with rosaries in their pockets and who make camp chapels of their living rooms Others enter churches with love letters hidden in their bags because their need for God and their need for love refuse to fit into different compartments But what goodness and righteousness can prevail if you are in love with someone whom you are ecclesiastically not supposed to love Where is God in a salsa bar The Queer God introduces a new theology from the margins of sexual deviance and economic exclusion Its chapters on Bisexual Theology Sadean holiness gay worship in Brazil and Queer sainthood mark the search for a different face of God the Queer God who challenges the oppressive powers of heterosexual orthodoxy whiteness and global capitalism Inspired by the transgressive spaces of Latin American spirituality where the experiences of slum children merge with Queer interpretations of grace and holiness The Queer God seeks to liberate God from the closet of traditional Christian thought and to embrace God's part in the lives of gays lesbians and the poor Only a theology that dares to be radical can show us the presence of God in our times The Queer God creates a concept of holiness that overcomes sexual and colonial prejudices and shows how Queer Theology is ultimately the search for God's own deliverance Using Liberation Theology and Queer Theory it exposes the sexual roots that underlie all theology and takes the search for God to new depths of social and sexual exclusion

Cyborg Saints Carissa Smith, 2019-09-02 Saints are currently undergoing a resurrection in middle grade and young adult fiction as recent prominent novels by Socorro Acioli Julie Berry Adam Gidwitz Rachel Hartman Merrie Haskell Gene Luen Yang and others demonstrate Cyborg Saints Religion and Posthumanism in Middle Grade and Young Adult Fiction makes the radical claim that these holy medieval figures are actually the new cyborgs in that they dethrone the autonomous subject of humanist modernity While young people navigate political and personal forces as well as technologies that threaten to fragment and thingify them saints show that agency is still possible outside of the humanist construct of subjectivity The saints of these neomedievalist novels through living a life vulnerable to the other attain a distributed agency that accomplishes miracles through bodies and places and things relics icons pilgrimage sites and ultimately the hagiographic text and its reader spread across time Cyborg Saints analyzes MG and YA fiction through the triple lens of posthumanism neomedievalism and postsecularism Cyborg Saints charts new ground in joining religion and posthumanism to represent the creativity and diversity of young people's fiction

Theology in the Public Square Gavin D'Costa, 2013-04-10 This imaginative study rethinks the nature of theology and its role in universities The author sketches out a fascinating project using examples from US and UK institutions whereby theology becomes a

transformative force within universities Imagines what a Christian university in which all disciplines have been theologized would look like Feeds into discussions about the religious identity of denominationally linked colleges and universities Forms part of a wider attempt to imagine a vital public role for theology that enables it to serve both the Church and the wider community Losing the Sacred Ritual and Liturgy David Torevell, 2004-11-11 This book argues that the liturgical reforms initiated by the second Vatican Council may have seriously undermined contemporary Roman Catholic worship Drawing on important work by Durkheim Bauman Foucault Turner Duffy Flanagan and Pickstock David Torevell focuses on the most crucial element of Catholic worship the experience of the sacred and examines how it has been eroded since pre modern times largely due to the marginalisation of ritual expression and its consequences A devastating critique of the loss of the sacred in worship this striking interdisciplinary study is a call for revitalisation of Roman Catholic liturgy through a reform of the reform and the reclamation of the importance of the body in ritual expression *His Dark Materials Illuminated* Millicent Lenz, Carole Scott, 2005 The first critical analysis of Philip Pullman s cross age fantasy trilogy Holiness Stephen C. Barton, 2003-01-01 Stephen Barton has commissioned social scientists philosophers of religion feminists biblical scholars historians moral theologians and systematic theologians international experts from a wide range of theological and related disciplines to reflect on holiness The book is divided into four parts the idea of holiness holiness and scripture holiness and Christian tradition and holiness and contemporary issues The contributions are inter denominational and inter religious There is nothing comparable on holiness available at present so this collection fills a significant gap in the literature Its comprehensive range and its interdisciplinary style will make it an important resource for students and scholars in theology church history ethics and religious studies
