Sri Lanka Problems Of Governance:

Sri Lanka, Problems of Governance Centre for Policy Research (New Delhi, India),1993 **The Political Economy of Ethnic Conflict in Sri Lanka** Nikolaos Bizziouras,2014-03-26 At the point of independence in 1948 Sri Lanka was projected to be a success story in the developing world However in July 1983 a violent ethnic conflict which pitted the Sinhalese against the Tamils began and did not come to an end until 2009 This conflict led to nearly 50 000 combatant deaths and approximately 40 000 civilian deaths as well as almost 1 million internally displaced refugees and to the permanent migration abroad of nearly 130 000 civilians With a focus on Sri Lanka this book explores the political economy of ethnic conflict and examines how rival political leaders are able to convince their ethnic group members to follow them into violent conflict Specifically it looks at how political leaders can influence and utilize changes in the level of economic liberalization in order to mobilize members of a certain ethnic group and in the case of Sri Lanka shows how ethnic mobilization drives can turn violent when minority ethnic groups are economically marginalized by the decisions that the majority ethnic group leaders make in order to stay in power Taking a political economy approach to the conflict in Sri Lanka this book is unique in its historical analysis and provides a longitudinal view of the evolution of both Tamil and Sinhalese ethnic drives As such this interdisciplinary study will be of interest to policy makers as well as academics in the field of South Asian studies political science sociology development studies political economy and security studies *Problems of Governance in South Asia* V. A. Pai Panandiker,2000 Contributed articles *Challenges to Local Governance in the Pandemic Era* John S. Moolakkattu,Jos Chathukulam,2022-03-18 The COVID 19 pandemic has brought the question of local governance and inter governmental coordination to the centre of public administration There is a general feeling across the world that the local government space is critical in managing pandemics This volume is a collection of articles on the experiences of the local governments in dealing with the COVID 19 pandemic Although the focus is on South Asia especially India it also provides perspectives on Europe Africa and Latin America The book will appeal to researchers policy makers and practitioners who are interested in the interface between public health and local governance particularly during emergencies It also provides clues about the design of sustainable policy and governance including the type of intergovernmental relations that should emerge in the post COVID situation *Governance Issues in Poverty Reduction in Sri Lanka* Shelton Wanasinghe,2004 **Environmental Challenges and Governance** Sacchidananda Mukherjee,Debashis Chakraborty,2015-03-02 The economies located in East South and Southeast Asia have witnessed an interesting growth sustainability trade off over the last decades While growth considerations have paved ways for deepened ties with growing trade investment waves and increasing population pressure necessitated exploitation of hitherto unutilized natural resources focus on environmental sustainability has been a recent consideration The growth impetus still playing a key role in these economies it becomes imperative that the countries effectively address the key sustainability concerns e g air and water

pollution land degradation loss of biodiversity climate change issues like CO₂ emissions etc But how prepared is the governance mechanism of these countries covering not only the legislative and administrative framework but also involvement of the judiciary presence of spirited civil society and active engagement of stakeholders in policy framing dialogues to rise up to these challenges The book seeks an answer to this question through the environmental governance mechanism and natural resource conservation policies in three vibrant regions within Asia A holistic development dimension of sustainable development path emerges through discussion of policies adopted by developed Japan South Korea upper middle China Malaysia developing India Indonesia Philippines Sri Lanka Thailand and least developed countries Bangladesh Myanmar Nepal

Decentralization and Development of Sri Lanka Within a Unitary State N.S. Cooray, Sirimal Abeyratne, 2017-09-19 This comprehensive volume provides uniquely diverse insights into various aspects of decentralization and development from both developed and developing countries with special reference to Sri Lanka For a quarter century Sri Lanka was battered by its prolonged civil war which ended in 2009 but has now achieved relative peace and stability Having developed rapidly Sri Lanka offers a classic example for developing countries There is however a strong need particularly in the context of postwar conflict to formulate policies for reconciliation peace building and development at all levels local provincial and national Decentralization itself is not a new subject however how to devolve power to local administrative levels within a unitary system and how to link the devolved power to make local administrative systems more conducive to development and provide better services for citizens are challenging tasks in many countries Taking into account the developmental governance and conciliatory needs and the sensitivity of central local relations this volume critically examines the local government systems in Sri Lanka It also proposes a viable effective and autonomous local level administrative unit based which draws on experiences from Japan and other countries and identifies the role and functions of such a unit The book presents commissioned papers from a three year research project undertaken by internationally respected experts with financial support by the Japan Society for the Promotion of Science JSPS under a Grant in Aid for Scientific Research
