Standard Malay Made Simple:

Standard Malay Made Simple Yock Fang Liaw, 1992 Standard Malay Made Simple Liaw Yock Fang, 1988 **A History of Classical Malay Literature** Liaw Yock Fang, 2013 This is a detailed narrative based history of Classical Malay Literature It covers a wide range of Malay texts including folk literature the influence of the Indian epics and shadow theatre Panji tales the transition from Hindu to Muslim literary models Muslim literature framed tales theological literature historical literature legal codes and the dominant forms of poetry the pantun and syair The author describes the background to each of these particular literary periods He engages in depth with specific texts their various manuscripts and their contents In so doing he draws attention to the historical complexity of tradisional Malay society its worldviews and its place within the wider framework of human experience Dr Liaw's History of Classical Malay Literature will be of benefit to beginning students of Malay Literature and to established scholars alike It can also be read with benefit by those with a wider interest in Comparative Literature and in Southeast Asian culture in general *Southeast Asian Personalities of Chinese Descent* Leo Suryadinata, 2012 This is a bold project recording the lives of a particular group of Southeast Asians Most of the people whose biographies are included here have settled down in the ten countries that constitute the region Each of them has either self identified as Chinese or is comfortable to be known as someone of Chinese ancestry There are also those who were born in China or elsewhere who came here to work and do business including seeking help from others who have ethnic Chinese connections With the political and economic conditions of the region in a great state of flux for the past two centuries it is impossible to find consistency in the naming process Confucius had stressed that correct names make for the best relationships In this case Professor Leo Suryadinata has been pursuing for decades the elusive goal of finding the right name to give to the large numbers of people who have in one way or another made their homes in or made some difference to Southeast Asia I believe that when he and his colleagues selected the biographies to be included here they have taken a big step towards the rectification of identities for many leading personalities In so doing he has done us all a great service Professor Wang Gungwu National University of Singapore **Bilingualism** Jean-Marc Dewaele, Alex Housen, Li Wei, 2003-03-05 The publication of Hugo Baetens Beardsmore's book Bilingualism Basic Principles by Multilingual Matters in 1982 coincided with an unprecedented upsurge of interest in bilingualism A major reason for this was the acknowledgement that bilingualism is far more common than was previously thought and perhaps even the norm The number of bilinguals at the turn of the third millennium is probably greater than ever before and will continue to grow as a result of the combined forces of globalisation automatisisation increased mobility and migration and modernisation of foreign language teaching The contributions in this book prove that given the right conditions bilingualism can confer distinct benefits like intellectual psychological social cultural and economic improvement on the individual The papers in this volume have been written by leading scholars in the field of bilingualism and deal with individual bilingualism societal and educational phenomena

addressing issues such as bilingual usage acquisition teaching and language planning and policy The volume s major asset lies in its diversity not only in depth of investigation and in topical variety but also in the range of languages and geographical regions covered Another important feature of the volume is its multidisciplinary perspective Among the contributors are linguists sociologists psychologists and sociolinguists

SHARIAH GOVERNANCE MADE EASY Ben Ahmad,2020-01-01 Thousands of authors and books have been published about everything pertaining to Shariah and any related matters to it But none of them has put effortless reading material on how to understand Shariah in the simplest manner but practical at the same time From the head to toe publications also have been filling our book stores around the globe and yet still a lot of people unable to imply Shariah in a practical manner in their personal lives schools offices manufacturers or even worship houses This is to say that Shariah has been given a typical understanding such as a good looking attire the ethical values most and how you spoke to the others and the perceptions rather than desired practices But believe me Shariah in the real meaning is none of those which we traditionally took it and realize it It way better than that whereas we can try to grasp it from this little tiny book

Book Objectives 1 To increase the people understanding of Shariah 2 To erase the misunderstanding about Shariah governance 3 To share the practical manual about Shariah governance for a workplace
