The Writing of Natural Disaster in Europe, 1500-1826 Sandhya Patel, Sophie Chiari, 2022-12-12 This book explores reactions to and representations of natural disasters in early modern Europe The contributors illustrate how the cultural production of the period in manuals treatises sermons travelogues and fiction grappled with environmental catastrophe Crucially they interrogate how people in the early

modern era rationalized and mediated the threat of events like plagues great frosts storms floods and earthquakes A vital contribution to environmental history this book highlights the parallels between early modern responses to natural disaster and climate anxiety in our own era The Publishers Weekly ,1923 *Down in New Orleans* Heather Graham,2021-09-28 I didn't do it Those are the words Ann Marcel's ex husband Jon mutters the day he staggers through her front door covered in blood Five years after their divorce Ann and Jon remain good friends still living in Jon's beloved New Orleans hometown But her relationship to both is about to take a life changing turn Because Jon is charged with murdering a stripper And to save him Ann will have to immerse herself in the darkest corners of the Big Easy searching its erotic clubs and seamy jazz spots for clues To complicate matters there's the magnetic lieutenant determined to bring Jon to justice Ann can't seem to throw him off her trail or out of her dreams But despite that troubling distraction Ann has bigger concerns Soon she's not only embroiled in a fight for Jon's freedom but for her own life Must Love Christmas Cowboys Diana Palmer,Heather Graham,2025-09-30 Whether they're out on the range or working in town these men are rough rugged and ready for action They're true blue cowboys and the stars of these brand new Christmas novellas from New York Times bestselling authors Diana Palmer and Heather Graham set against the snowy backdrop of Colorado *THE PERFECT GIFT* Diana Palmer Rancher Ty Blakeney has more than enough reasons to be grumpy Plus it's unseasonably cold Christmas decorations are up annoyingly early and now there's a wailing little boy on his property a frantic young woman chasing after him Ty recognizes her recently orphaned scraping by to raise her young brother Both of them as alone as he is But between the three of them along with a puppy in need of a home and the magic of the holidays they might just discover the gift of family comes in all kinds of packages *CHRISTMAS CRIME AND A COWBOY* Heather Graham When successful New York artist Jessy Danson inherits her beloved late grandfather's Colorado property she's forced to tear herself away from her busy city life While she hopes to wrap things up in time to leave for Christmas her disinterest in the house's rich history baffles Wyatt McFarlane her grandfather's handsome neighbor But the house and Wyatt become exceptionally interesting when dangerous robbers break in determined that Jessy will lead them to a hidden treasure It's a good thing there's a hero right next door **A Naturalist's Shetland** J. Laughton Johnston,1999 One of Britain's natural treasures the Shetland Islands are spectacular with their varied geology wonderful landscape and special flora and fauna This book describes all the wildlife of Shetland and is illustrated with photographs and sketches **Bulletin** British Trust for Ornithology,1950 **The Scandal of the Century** Gabriel García Márquez,2019-05-14 The articles and columns in *The Scandal of the Century* demonstrate that his forthright lightly ironical voice just seemed to be there right from the start He's among those rare great fiction writers whose ancillary work is almost always worth finding He had a way of connecting the souls in all his writing fiction and nonfiction to the melancholy static of the universe Dwight Garner *The New York Times* From one of the titans of twentieth century literature collected here for the first time a selection of his journalism from the late 1940s to the mid 1980s work that he

considered even more important to his legacy than his universally acclaimed works of fiction I don't want to be remembered for *One Hundred Years of Solitude* or for the Nobel Prize but rather for my journalism Gabriel García Márquez said in the final years of his life And while some of his journalistic writings have been made available over the years this is the first volume to gather a representative selection from across the first four decades of his career years during which he worked as a full time often muckraking and controversial journalist even as he penned the fiction that would bring him the Nobel Prize in 1982 Here are the first pieces he wrote while working for newspapers in the coastal Colombian cities of Cartagena and Barranquilla his longer more fictionlike reportage from Paris and Rome his monthly columns for Spain's *El País* And while all the work points in style with depth and passion to his fiction these fifty pieces are more than anything a revelation of the writer working at the profession he believed to be the best in the world

Suez 1956: The Inside Story of the First Oil War Barry Turner, 2012-09-26 In October 1956 Britain France and Israel launched an attack on Egypt For each of the contenders there was much more at stake than the future of the Canal None of the combatants in the Suez campaign emerged in glory which may be why in recent years it has been largely relegated to academic studies But the events surrounding the invasion while combining the high drama with elements of political farce that make for a compelling story had a greater impact on world affairs than many more famous conflicts

Emerald Fire Barbara Andrews, 1983

The United Nations Security Council and War, 2010-04-15 This is the first major exploration of the United Nations Security Council's part in addressing the problem of war both civil and international since 1945 Both during and after the Cold War the Council has acted in a limited and selective manner and its work has sometimes resulted in failure It has not been and was never equipped to be the centre of a comprehensive system of collective security However it remains the body charged with primary responsibility for international peace and security It offers unique opportunities for international consultation and military collaboration and for developing legal and normative frameworks It has played a part in the reduction in the incidence of international war in the period since 1945 This study examines the extent to which the work of the UN Security Council as it has evolved has or has not replaced older systems of power politics and practices regarding the use of force Its starting point is the failure to implement the UN Charter scheme of having combat forces under direct UN command Instead the Council has advanced the use of international peacekeeping forces it has authorized coalitions of states to take military action and it has developed some unanticipated roles such as the establishment of post conflict transitional administrations international criminal tribunals and anti terrorism committees The book bringing together distinguished scholars and practitioners draws on the methods of the lawyer the historian the student of international relations and the practitioner It begins with an introductory overview of the Council's evolving roles and responsibilities It then discusses specific thematic issues and through a wide range of case studies examines the scope and limitations of the Council's involvement in war It offers frank accounts of how belligerents viewed the UN and how the Council acted and sometimes failed to act The

appendices provide comprehensive information much of it not previously brought together in this form of the extraordinary range of the Council s activities This book is a project of the Oxford Leverhulme Programme on the Changing Character of War *Psychomantic Scriptures* David Estrada, **The Natural History of Shetland** Robert James Berry,1980 **Birds and Mammals of Shetland** L. S. V. Venable, Ursula Venable,1955 **Beneath the Willow Tree** Emma Bennett,1983
