knowledge and power Translated by the editor and Sherry Simon into fluent and lucid English these essays will appeal primarily to students of literature especially those interested in contemporary continental structuralist criticism But because of the breadth of Foucault's interests they should also prove valuable to anthropologists linguists sociologists and psychologists

Anthony Gustave Flaubert, 2021-04-28 Anthony has lived the life of a hermit for more than thirty years and now has come almost to the point of despair He is extremely weary of life and of the world as he sees it from the limited point of view of his cell high in the mountains At one time people had made pilgrimages to see him and be advised by him these same people had furnished him with whatever money and clothing he needed Everyone stopped coming years ago however and Anthony has begun to fear that his life is worthless He then begins to long for the money women and goods of this world through which he might regain some sort of recognition and pleasure One night Anthony's solitude becomes too much He remembers his early life as a monk with its adventures and successes and he thinks of the things he might have done if he had not become a hermit At last he decides that it is merely his own stubbornness that keeps him alone in the mountains Rather than allow himself to be guilty of such a sin he prepares to depart but he gets no farther than the cleared area in front of his cell Realizing that he has almost yielded to temptation he throws himself onto the ground Then in order to regain his strength and courage he reads from the Acts of the Apostles and tries to think His mind however keeps coming back to worldly matters that still tempt him **The Temptation of Saint Anthony (Classic Reprint)** Gustave Flaubert, 2018-01-20
