The greatest thought leaders started sharing their thinking 2 500 years ago through the teachings of my four favorites Socrates Plato Aristotle and Aspasia I m going to travel with you down the thought leadership road known as the Via Egnatia from the foothills that rise above Athens to the skyscrapers that tower above Madison Avenue And along the way I m going to show you how I did it for Fortune 500 companies and for small and midsize businesses with a few wild detours along the way By all accounts the Green Bay Packers future Hall of Fame quarterback Aaron Rodgers was born with a rock solid throwing arm and an annoying chip on his shoulder I m no Rodgers fan after all I was born and raised in inner city Chicago and have been a Bears fan since birth but I recognize greatness and Aaron Rodgers is a great football player Some of his other qualities Not so much But these aren t lessons about tackle football They re insights about leadership about what happens off the football field and on a more important playing field about greatness in sales marketing and business and about thought leadership the single most important differentiator in the business playbook Or as Plato not so recently said obviously unaware of Aaron Rodgers s famous retreat into darkness We can easily forgive a child who is afraid of the dark the real tragedy of life is when men are afraid of the light I d like to shed some light on what s required in business but frequently misunderstood What every salesperson needs to know but doesn t always know how to achieve it And what every marketing expert wishes they had in their bag of tricks To simply say that thought leadership is an essential part of the disciplines of market leaders is like saying a stick is an essential part of a Popsicle Well it is assuming you re not interested in taste color packaging name price quality and the beat goes on Tom Marks survived forty seven years in the advertising business and has lived to write about it He s the founder of TMA Peritus one of the leading marketing thought leadership and corporate ethics firms in North America and has won more than sixty five American Advertising Awards for his writing He spent many years on the professional speakers circuit and survived that too His thought leadership workshops for Fortune 500 companies have brought him national acclaim and has made him a favorite among the nation s CEOs *The Greatest Salesman in the World, Part II* Og Mandino, 2011-03-30 The most important book of our generation A flawless priceless masterpiece Denis Waitley author of *Seeds of Greatness* You are holding in your hands an almost impossible dream finally becoming reality the sequel to the inspirational classical that has touched more lives in the past two decades than any other motivational work in the world More than nine million people continue to find solace and hope in *The Greatest Salesman in the World* the gripping tale of a little camel boy Hafid who becomes the greatest salesman in the world through following the principles in the ten special scrolls of success And now at las the world will discover what happens to the greatest salesman when he finally emerges from his lonely retirement to commence a new career At first he finds failure until he receives a special gift from someone he has not seen in half a century He then returns triumphantly to his homeland to write his own *Ten Vows of Success* to be shared with all who seek a better life including you *The Greatest Salesman in the World Part II The End of the Story* will touch the hearts of those millions who already know Hafid as a beloved friend and introduce his wisdom to a vast new
