Ten Lost Years, 1929-1939 Barry Broadfoot, 2013-04-23 Hundreds of ordinary Canadians tell their own stories in this book They tell them in their own words and the impact is astonishing As page after page of unforgettable stories rolls by it is easy to see why this book sold 300 000 copies and why a successful stage play that ran for years was based on them The stories and the 52 accompanying photographs tell of an extraordinary time One tells how a greedy Maritime landlord ho tried to raise a widow s rent was tarred and gravelled another how rape by the boss was part of a waitress s job Other stories show Saskatchewan families watching their farms turn into deserts and walking away from them or freight trains black with hoboos clinging to them criss crossing the country in search of work or a man stealing a wreath for his own wife s funeral Throughout this portrait of the era before Canada had a social safety net there are amazing stories of what Time magazine called human tragedy and moral triumph during the hardest of times In the end this is an inspiring uplifting book about bravery one you will not forget *Ten Lost Years* Toronto Workshop Productions Archives (University of Guelph), Barry Broadfoot, 1976 *Ten Lost Years, 1929-1939* Barry Broadfoot, 1982

Capitalism and Colonialism: The Making of Modern Canada 1890-1960 Bryan D. Palmer, 2025-09-02 This second volume of Bryan Palmer s history of Canada covers 1890 to 1960 Weaving together themes that include business labour politics and social history this account brings the experiences of Indigenous peoples into the centre of the narrative Canada experienced extraordinary growth during these decades notably after the Second World War when many Canadians quickly became far better off Yet vast inequalities persisted Indigenous peoples experienced ongoing and often worsening deprivation and ordinary people saw little or no real improvement in their lives These realities set the stage for the interplay of reform resistance and reaction that followed after 1960 Palmer examines the continuing role of capitalism and colonialism in structuring Canada in the period between 1890 and 1960 from capital s conflicts and fragile ententes with labour to the struggles of Indigenous Peoples and francophone Canada and the changing role of Canadian capital internationally Relying on the work of scholars who have produced a vast academic literature on a wide range of topics in Canadian history Bryan Palmer offers a new history of Canada which reflects the knowledge and values of 21st century Canadians **Ten Lost Years, 1929-1939** Barry Broadfoot, 1980 **Out of the**

Andrew Ross, 2015-05-21 How did a small Canadian regional league come to dominate a North American continental sport Joining the Clubs The Business of the National Hockey League to 1945 tells the fascinating story of the game off the ice offering a play

by play of cooperation and competition among owners players arenas and spectators that produced a major league business enterprise Ross explores the ways in which the NHL organized itself to maintain long term stability deal with its labor force and adapt its product and structure to the demands of local regional and international markets He argues that sports leagues like the NHL pursued a strategy that responded both to standard commercial incentives and also to consumer demands that the product provide cultural meaning Leagues successfully used the cartel form an ostensibly illegal association of businesses that cooperated to monopolize the market for professional hockey along with a focus on locally branded clubs to manage competition and attract spectators to the sport In addition the NHL had another special challenge unlike other major leagues it was a binational league that had to sell and manage its sport in two different countries Joining the Clubs pays close attention to these national differences as well as to the context of a historical period characterized by war and peace by rapid economic growth and dire recession and by the momentous technological and social changes of the modern age *How Schools Worked* Robert Douglas Gidney, Winnifred Phoebe Joyce Millar, 2012 A richly textured study of educational developments in English speaking Canada from the close of the Victorian Age to the eve of World War II *Doing Oral History* Donald A. Angeles and from super cinemas in Bombay Mumbai to radio cabinets in Canadian living rooms this richly illustrated book examines the reach of Art Deco as it affected public cultures Windover's innovative perspective exposes some of the socio-political consequences of this mode of mobility and offers some reasons as to how and why Art Deco was incorporated into everyday lifestyles around the world *Alcoholics Anonymous and the Rockefeller Connection: How John D. In Due Season Christine van der Mark, 2016-05-28 First published in 1947 *In Due Season* broke new ground with its fictional representation of women and of Indigenous people Set during the dustbowl 1930s this tersely narrated prize winning novel follows Lina Ashley a determined solo female homesteader who takes her family from drought ridden southern Alberta to a new life in the Peace River region Here her daughter Poppy grows up in a community characterized by harmonious interactions between the local Métis and newly arrived European settlers Still there is tension between mother and daughter when Poppy becomes involved with a Métis lover This novel expands the patriarchal canon of Canadian prairie fiction by depicting the agency of a successful female settler and as noted by Dorothy Livesay was one of the first if not the first Canadian novel wherein the plight of the Native Indian and the Métis is honestly and painfully recorded The afterword by Carole Gerson and Janice Dowson provides substantial information about author Christine van der Mark and situates her under acknowledged book within the contexts of Canadian social literary and publishing history
