Excerpt from *Tercentenary of the Founding of Boston* An Account of the Celebration Marking the Three Hundredth

Anniversary of the Settlement of the Site of the City of Boston Massachusetts It has been said that Boston is a state of mind rather than a place but this is only partly true It is a state of mind engendered in a place The Puritan founders brought over its name from their homeland but the city as we know it has grown out of the site it occupies Its harbor its trading ships its three hills its broken country surroundings and the whole hinterland which it serves have moulded its history and entered into the fibre of its people The first settlers would hardly recognize their descendants of today even those who are of unmixed pioneer lineage Of their stern religious faith and the gradual modifications and even transformation in this particular I need not speak I may however mention other conspicuous traits which distinguished them some of which have been influenced and modified by their removal to a different environment Among these were the love of order enterprise the Spirit of liberty and a zeal for education Respect for public order little changed or impaired persists among us to the present day We have had our outbreaks of violence our Tea Party our Anthony Burns riot the burning of the Ursuline Convent but only in great crises when the passions of conflict for a moment escaped control Year in and year out as large cities go we have not been a turbulent community If we have differences we have learned for the most part to settle them through the courts or at the polls About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Boston Tercentenary** Boston (Mass.). **Hill** Abram C. Van Engen, 2020-01-01 A fresh original history of America's national narratives told through the loss recovery and rise of one influential Puritan sermon from 1630 to the present day In this illuminating book Abram C Van Engen shows how the phrase city on a hill from a 1630 sermon by Massachusetts Bay governor John Winthrop shaped the story of American exceptionalism in the twentieth century By tracing the history of Winthrop's speech its changing status through time and its use in modern politics Van Engen asks us to reevaluate our national narratives He tells the story of curators librarians collectors archivists antiquarians and other often anonymous figures who emphasized the role of the Pilgrims and Puritans in American history paving the way for the saving and sanctifying of a single sermon and its eventual transformation into an American tale This sermon's rags to riches rise reveals the way national stories take shape and shows us how they

continue to influence competing visions of the country the many different meanings of America that emerge from its literary past **As a City on a Hill** Daniel T. Rodgers,2020-10-06 For we must consider that we shall be as a city upon a hill John Winthrop warned his fellow Puritans at New England's founding in 1630 More than three centuries later Ronald Reagan remade that passage into a timeless celebration of American promise How were Winthrop's long forgotten words reinvented as a central statement of American identity and exceptionalism In *As a City on a Hill* leading American intellectual historian Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea In doing so he brings to life the ideas Winthrop's text carried in its own time and the sharply different yearnings that have been attributed to it since *As a City on a Hill* shows how much more malleable more saturated with vulnerability and less distinctly American Winthrop's Model of Christian Charity was than the document that twentieth century Americans invented Across almost four centuries Rodgers traces striking shifts in the meaning of Winthrop's words from Winthrop's own anxious reckoning with the scrutiny of the world through Abraham Lincoln's haunting reference to this almost chosen people to the city on a hill that African Americans hoped to construct in Liberia to the era of Donald Trump *As a City on a Hill* reveals the circuitous unexpected ways Winthrop's words came to lodge in American consciousness At the same time the book offers a probing reflection on how nationalism encourages the invention of timeless texts to straighten out the crooked realities of the past

Gamm,1989 Why is The Making of New Deal Democrats so significant One of the major controversies in the study of American elections has to do with the nature of electoral realignments One school argues that a realignment involves a major shift of voters from one party to another while another school argues that the process consists largely of mobilization of previously inactive voters The debate

is crucial for understanding the nature of the New Deal realignment Almost all previous work on the subject has dealt with large scale national patterns which make it difficult to pin down the precise processes by which the alignment took place Gamm s work is most remarkable in that it is a close analysis of shifting voter alignments on the precinct and block level in the city of Boston His extremely detailed and painstaking work of isolating homogeneous ethnic units over a twenty year period allows one to trace the voting behavior of the particular ethnic groups that ultimately formed the core of the New Deal realignment Sidney Verba Harvard University *The Boston Metropolitan District* Caroline Shillaber,1946 *Catalogue of Title Entries of Books and Other Articles Entered in the Office of the Register of Copyrights, Library of Congress, at Washington, D.C.* Library of Congress.
