**The War of the Rebellion** United States. War Department, 1887      **Sir Gerald Fitzmaurice and the World Crisis** Anthony Carthy, Richard A. Smith, 2000-04-18 Fitzmaurice and the World Crisis examines the impact of the legal advice of G G Fitzmaurice on the making of British Foreign Policy during the key phases of the developing World Crisis from 1932 to 1945 in relations with Japan and Germany Particular attention is given to whether relations with Germany were defined in terms of classical power politics or in a new language of the rule of law in international society The main themes highlight Fitzmaurice's contribution to the shaping of major issues and illustrate the breadth of scope in the work of the legal adviser the Manchurian Crisis Anglo German relations in the 1930s the concluding of the Anglo Polish Treaty of 1939 economic warfare and the laws of war at sea 1939-43 debate surrounding the nature of Germany's surrender and the drafting of armistice terms The book breaks new ground with respect to the basic technical crafts of the international lawyer It shows how the skills of the diplomatic historian working with unpublished Foreign Office archives are essential to unravelling the true legal practice of a state as an element in the evolution of customary international law The aim is not simply to unearth and present in a minimally edited form the legal opinions of Fitzmaurice but also to assess his impact within the Foreign Office It concludes that the role of the individual international lawyer in government institutions is potentially very significant However his influence depends not simply on the stubbornness with which he holds onto his professional expertise but also on his moral vision and sensitivity towards the complexities of the context in which he has the potential to shape events

**Remembering Defeat** Andrew Wolpert, 2003-05-22 In 404 b c the Peloponnesian War finally came to an end when the Athenians starved into submission were forced to accept Sparta's terms of surrender Shortly afterwards a group of thirty conspirators with Spartan backing the Thirty overthrew the democracy and established a narrow oligarchy Although the oligarchs were in power for only thirteen months they killed more than 5 percent of the citizenry and terrorized the rest by confiscating the property of some and banishing many others Despite this brutality members of the democratic resistance movement that regained control of Athens came to terms with the oligarchs and agreed to an amnesty that protected

collaborators from prosecution for all but the most severe crimes The war and subsequent reconciliation of Athenian society has been a rich field for historians of ancient Greece From a rhetorical and ideological standpoint this period is unique because of the extraordinary lengths to which the Athenians went to maintain peace In *Remembering Defeat* Andrew Wolpert claims that the peace was negotiated and constructed in civic discourse and not imposed upon the populace Rather than explaining why the reconciliation was successful as a way of shedding light on changes in Athenian ideology Wolpert uses public speeches of the early fourth century to consider how the Athenians confronted the troubling memories of defeat and civil war and how they explained to themselves an agreement that allowed the conspirators and their collaborators to go unpunished Encompassing rhetorical analysis trauma studies and recent scholarship on identity memory and law Wolpert's study sheds new light on a pivotal period in Athens history

**The Laws of England** Hardinge Stanley Giffard Earl of Halsbury, 1911 Second Decennial Edition of the American Digest, 1920 *Oklahoma Reports* Oklahoma. Suender and catch give so you can receive where the giving is your whole self in a total experience This is scarcely new on the American scene and it is ancient knowledge East and West The fears of total surrender the fears of self revelation and of total abandon although genuine are likewise not new Yet Kurt H Wolff does attempt something new here an epistemological essay with the help of this old idea his subtitle is experience and inquiry today He tries to formulate an integrated view which incorporates in the theory of total experience not only the accepted component esthetics religion the recent American experience but also a metaphysics a phenomenology a theory of perception a social philosophy and a methodology of the social sciences even a philosophy of history and psychopathology Phenomenology especially Alfred Schutz the critical Frankfurt school especially Adorno and Marcuse sociology especially Georg Simmel and existentialism especially Camus are tied in together It all looks topsy turvy at first We have here scraps of a diary fragments of correspondence a stray adolescent love letter notes on notes on field work and notes and comments on tutorial seminars plus long excerpts from students essays a stray paper in a learned journal summarizing the core of the book comments piled on comments and a web of self references literary criticisms and pieces of poetry plus a rich scholarly apparatus
