## **Sleeping Giant Reading Program:**

**Awakening the Sleeping Giant** Marilyn Katzenmeyer, Gayle Moller, 2001-04-12 This Second Edition focuses on the development of teachers as leaders and the skills they need to accomplish the task. The authors skillfully guide the reader through the development process of teacher leadership, pointing out the benefits to students, staff, and community. The book describes the importance of teacher leadership and how teacher leaders can help other teachers to excel. Today's teachers must assume roles typically held by principals and other school administrators. By doing so, teacher leaders not only help to relieve stress on administrators but are also empowered and challenged as a result. In a clear, concise manner, the authors describe how teacher leadership can be a powerful tool in changing the current educational system. Teacher leadership in the school combined with collaboration and support from the local community is a recipe for positive change.

*Wake the Sleeping Giant* Theodore A. Bailey, 2000-06 *Wake the Sleeping Giant* uses anecdotes to show why students turn off in the school system, who is responsible for turning the students off, and methods with which to inspire the students to turn back on. Most of the difficulties which face children today do not originate in the home. They arise out of *The Sleeping Giant*, our educational system. This manuscript is written for parents and teachers. It not only criticizes it, it gives solutions. While the solutions provided in this book cost little financially, they challenge the teachers, education administrators, and parents to change their whole approach to the child. One section of the book details the methods I have used to take eighth grade basic math classes from a third grade level to pre-algebra in less than three months. Another explains an educational game called Challenge, which I developed to encourage students to read for important facts, develop questions, learn to find the answers for themselves, and peer teach. The game is fun and can be used in conjunction with any text book. As can be seen nightly on local and national newscasts, our children are in crises. Parents, politicians, and educators are desperate to find ways to motivate children to read, write, and do math. I believe that *Wake the Sleeping Giant* helps us come closer to that ideal. A sequel is being written at this time.

**The Sleeping Giant** Ken McElroy, 2013-03-01 The idea behind *The Sleeping Giant* is Ken's fourth book is to help inspire people to believe that they can be part of solving the world's economic problems by creating businesses which in turn create financial freedom, job growth, and reduce reliance on other sources. Entrepreneurship and self-empowerment are becoming the new American dream. *The Sleeping Giant* is awakening a generation of self-employed entrepreneurs who are ditching the corporate ladder and creating their own destiny. They're the new Business Class, an army of self-employed entrepreneurs, millions strong, living out their passions and changing the world by creating jobs and prosperity. This book brings together 20 entrepreneurs, each sharing their powerful and inspiring stories of how they found success through self-empowerment. Each one started with an idea, and most had no experience and no money. Yet their stories are of lives of freedom, passion, and fulfillment.

**Language Experience Reading Program** Elizabeth A. Thorn, 1970

**Sleeping Giant** Tamara Draut, 2016-04-05 There was a time when America's working class was seen as the

backbone of the American economy having considerable political economic and moral authority But the working class we have now far more female and racially diverse and employed by the fast food retail health care and other service industries has been marginalized if not ignored by politicians and pundits This is changing swiftly and dramatically Today s working class is a sleeping giant And as Tamara Draut makes abundantly clear it is just now waking up to its untapped political power *Sleeping Giant* is the first major examination of the new working class and the role it will play in our economic and political future Blending moving individual narratives historical background and sophisticated analysis Draut forcefully argues that this newly energized class is far along in the process of changing America for the better Draut examines the legacy of exclusion based on race and gender that contributes to the invisibility of the new working class despite their entwinement in everyone s day to day life No longer confined to the assembly line today s working class watches our children and cares for our parents They park our cars screen our luggage clean our offices and cook and serve our meals They are us With Fight for 15 minimum wage protests popping up throughout the country and in some places winning and economic inequality being recognized as one of the defining issues of our time today s working class will soon become impossible to ignore and foolish to dismiss *Sleeping Giant* is the first book to tell the story of this extraordinary transformation in full and inspiring detail

**The Sleeping Giant Has Awoken** Jeffrey W. Robbins,Neal Magee,2008-04-11 Introduction by John Caputo and Afterword by Slavoj i ek The triumph of American political conservatism in the last two decades has been paralleled by the ascendance of Christian evangelicalism More importantly the political Campaigns of 2000 and 2004 marked a convergence between these two political entities with an effectiveness never before seen in national elections On the one side conservatives have successfully set the terms of debate around so called family values and the status of religion in the public sphere On the

other side evangelicals have mobilized in a new self awareness of their formidable political power and now demand representation at all levels of government Upon what fundamental ideas does this convergence rest What potential dangers does it present for the concepts of religion politics and America How secure is this alliance and what does each side sacrifice in order to sustain it Must all religion in America now become similarly engaged in the political sphere This volume is a collection of articles by a group of young scholars addressing the nexus between political conservatism evangelical Christianity and American consumerist culture
