Connie Eble

Slang And Sociability In Group Language Among College Students

Kirsten Malmkjaer

Slang And Sociability In Group Language Among College Students:

Slang & Sociability Connie C. Eble,1996 Slang is often seen as a lesser form of language one that is simply not as meaningful or important as its regular counterpart Connie Eble refutes this notion as she reveals the sources poetry symbolism and subtlety of informal slang expressions

Slang & Sociability Connie C. Eble,1996 Slang and Sociability In Group Language Among College Students *Campus Traditions* Simon J. Bronner,2012-09-10 From their beginnings campuses emerged as hotbeds of traditions and folklore American college students inhabit a culture with its own slang stories humor beliefs rituals and pranks Simon J Bronner takes a long engaging look at American campus life and how it is shaped by students and at the same time shapes the values of all who pass through it The archetypes of absent minded profs fumbling jocks and curve setting dweebs are the stuff of legend and humor along with the all nighters tailgating parties and initiations that mark campus tradition and student identities Undergraduates in their hallowed halls embrace distinctive traditions because the experience of higher education precariously spans childhood and adulthood parental and societal authority home and corporation play and work Bronner traces historical changes in these traditions The predominant context has shifted from what he calls the old time college small in size and strong in its sense of community to mass society s mega university a behemoth that extends beyond any campus to multiple branches and offshoots throughout a state region and sometimes the globe One might assume that the mega university has dissolved collegiate traditions and displaced the old time college but Bronner finds the opposite Student needs for social belonging in large universities and a fear of losing personal control have given rise to distinctive forms of lore and a striving for retaining the pastoral campus feel of the old time college The folkloric material students spout and sprout in response to these needs is varied but it is tied together by its invocation of tradition and social purpose Beneath the veil of play students work through tough issues of their age and environment They use their lore to suggest ramifications if not resolution of these issues for themselves and for their institutions In the process campus traditions are keys to the development of American culture

Bad Language Edwin L. Battistella,2005-08-25 Is today s language at an all time low Edwin Battistella argues that it is wrong to think of slang regional dialects and nonstandard grammar as simply breaking the rules of good English Re examining debates over relativism in language Battistella argues that we should view language as made up of alternative forms of regularity and orderliness which require informed engagement with usage

Dialects in Schools and Communities Carolyn Temple Adger,Walt Wolfram,Donna Christian,2014-05-22 This book describes dialect differences in American English and their impact on education and everyday life It explores some of the major issues that confront educational practitioners and suggests what practitioners can do to recognize students language abilities support their language development and expand their knowledge about dialects Topics addressed include popular concerns about the nature of language variation characteristic structures of different dialects various interactive patterns characteristic of social groups the school impacts of

dialect differences in speaking writing and reading including questions about teaching Standard English and the value of dialect education in schools to enable students to understand dialects as natural and normal language phenomena Changes in the Second Edition In this edition the authors reconsider and expand their discussion of many of the issues addressed in the first edition and in other of their earlier works taking into account especially the research on dialects and publications for audiences beyond linguistics that have appeared since the first edition This edition is offered as an updated report on the state of language variation and education in the United States Dialects in Schools and Communities is rooted in questions that have arisen in workshops surveys classes discussion groups and conversations with practitioners and teacher educators It is thus intended to address important needs in a range of educational and related service fields As an overview of current empirical research it synthesizes current understandings and provides key references in this sense it is a kind of translation and interpretation in which the authors goal is to bring together the practical concerns of educators and the vantage point of sociolinguistics No background in linguistics or sociolinguistics is assumed on the part of the reader This volume is intended for teacher interns and practicing teachers in elementary and secondary schools early childhood specialists specialists in reading and writing speech language pathologists special education teachers and students in various language specialties

World Englishes Volumes I-III Set Tommetro Hopkins, Kendall Decker, John McKenny, 2013-03-14 World Englishes is a twelve volume series presenting a comprehensive detailed survey of English as it is spoken all over the world The volumes are organised into four groups covering Britain Europe America Africa and Asia and celebrate English in all its diversity The chapters contain maps facts and figures and a detailed description about English as it is spoken in each region and are an invaluable library resource for undergraduates postgraduates and academics interested in the diversity of the English language

The Routledge Linguistics Encyclopedia Kirsten Malmkjaer, 2009-12-04 The Routledge Linguistics Encyclopedia is a single volume encyclopedia covering all major and subsidiary areas of linguistics and applied linguistics The 79 entries provide in depth coverage of the topics and sub topics of the field Entries are alphabetically arranged and extensively cross referenced so the reader can see how areas interrelate Including a substantial introduction which provides a potted history of linguistics and suggestions for further reading this is an indispensable reference tool for specialists and non specialists alike This third edition has been thoroughly revised and updated with new entries on attitudes to language conversation analysis English Language Teaching gesture and language idioms language and advertising language and new technologies linguistics in schools optimality theory research methods in linguistics slang The following entries have been recommissioned or substantially revised Animals and Language Artificial Languages Computational Linguistics to Language Engineering Contrastive Analysis Contrastive Linguistics Corpus Linguistics Critical Discourse Analysis Dialectology Discourse Analysis Dyslexia Genre Analysis Historical Linguistics Intonation Language and Education Language Gender and Sexuality Language Origins Language Surveys Language Universals Linguistic Typology Metaphor Pragmatics Rhetoric Semantics Semiotics

Sociolinguistics Stylistics Systemic Functional Grammar Writing Systems **English in the Southern United States**

Stephen J. Nagle, Sara L. Sanders, 2003-01-09 The English of the southern United States is possibly the most studied of any regional variety of any language because of its rich internal diversity its distinctiveness among regional varieties in the United States its significance as a marker of regional identity and the general folkloric appeal of southern culture However most if not all books about Southern American English have been directed almost exclusively toward scholars already working in the field This 2003 volume written by a team of experts many of them internationally known provides a broad overview of the foundations of and research on language variation in the southern United States designed to invite inquiry and inquirers It explores historical and cultural elements iconic contemporary features and changes in progress Central themes issues and topics of scholarly investigation and debate figure prominently throughout the volume The extensive bibliography will facilitate continued research Narrative Research in Practice Rachael Dwyer, Ian Davis, Elke

emerald, 2016-09-07 This book directly addresses the multiplicity and complexity of narrative research by illustrating a variety of avenues to pursuing and publishing research that falls under the umbrella of narrative work The chapters are drawn from a wide range of disciplines including education literary studies cultural studies music and clinical studies Each chapter considers a particular methodological issue or approach illustrating how it was addressed in the course of the research Each of the chapters concludes with a set of discussion exercises and a further reading list The book offers a valuable resource for established researchers seeking to expand their methodological and theoretical repertoire and for graduate students and researchers new to narrative methods **Teaching Language Variation in the Classroom**

Michelle D. Devereaux, Chris C. Palmer, 2019-01-15 Bringing together the varied and multifaceted expertise of teachers and linguists in one accessible volume this book presents practical tools grounded in cutting edge research for teaching about language and language diversity in the ELA classroom By demonstrating practical ways teachers can implement research driven linguistic concepts in their own teaching environment each chapter offers real world lessons as well as clear methods for instructing students on the diversity of language Written for pre service and in service teachers this book includes easy to use lesson plans pedagogical strategies and activities as well as a wealth of resources carefully designed to optimize student comprehension of language variation
