Restoring the First-century Church in the Twenty-first Century Warren Lewis, Hans Rollmann, 2005-10-15

Restoring the First century Church in the Twenty first Century Essays on the Stone Campbell Restoration Movement in Honor of Don Haymes is a snap shot of a major American religious movement just after the turn of the millennium When the Disciples of Alexander Campbell and the Christians of Barton Warren Stone joined forces early in the 19th century the first indigenous ecumenical movement in the United States came into being Two hundred years later this American experiment in biblical primitivism has resulted in three possibly four large segments Best known is the Christian Church Disciples of Christ active wherever ecumenical Christians gather The denomination is typically theologically open having been reshaped by theological Liberalism and the Social Gospel in the twentieth century and has been re organized on the model of other Protestant bodies The largest group the Churches of Christ easily distinguished by their insistence on a cappella music singing only is theologically conservative now tending towards the evangelical and congregationally autonomous though with a denominational sense of brotherhood The Christian Churches Churches of Christ Independent are a via media between the two other bodies theologically conservative and evangelical congregationally autonomous pastorally oriented and comfortable with instrumental music The fourth numerically significant group the churches of Christ Anti Institutional is a conservative reaction to the a cappella churches much in the way that the Southern a capella churches reacted against the emerging intellectual culture and social location instrumental music and institutional centrism of the Northern Disciples following the Civil War Besides these four numerous smaller fragments typically one article splinter groups decorate the history of the Restoration Movement One Cup brethren Premillennialists No Sunday School congregations No Located Preacher churches and others This movement to unite Christians on the basis of faith and immersion in Jesus Christ and to restore New Testament Christianity is too little

recognized on the American religious landscape and it has been too little studied by the academic community This volume is focused primarily on the a cappella churches and their interests but implications for the entire Stone Campbell Restoration Movement abound The voices that speak freely within were unimpeded in authoring these essays by standards of orthodoxy imposed from without All of the contributors are acquainted with Don Haymes the honoree of the volume and have been inspired by this friend and colleague a man with a rigorous and earthy intellect and a heavenly spirit David Bundy series editor *Studies in the History and Culture of World Christianities* **Bulletin** English Association, London, 1917 Robert Bridges Lee Templin Hamilton, 1991 Robert Bridges poet laureate of England from 1913 to 1930 is an important cultural link between the Victorian Age and the modern period This bibliography updates and expands George McKay's *A Bibliography of Robert Bridges* 1933 and is the first gathering of reviews articles essays books and other scholarly notes about Bridges

Renaissance Culture and the Everyday Patricia Fumerton, Simon Hunt, 2014-06-10 It was not unusual during the Renaissance for cooks to torture animals before slaughtering them in order to render the meat more tender for women to use needlepoint to cover up their misconduct and prove their obedience and for people to cover the walls of their own homes with graffiti Items and activities as familiar as mirrors books horses everyday speech money laundry baskets graffiti embroidery and food preparation look decidedly less familiar when seen through the eyes of Renaissance men and women In *Renaissance Culture and the Everyday* such scholars as Judith Brown Frances Dolan Richard Helgerson Debora Shuger Don Wayne and Stephanie Jed illuminate the sometimes surprising issues at stake in just such common matters of everyday life during the Renaissance in England and on the Continent Organized around the categories of materiality women and transgression and constantly crossing these categories the book promotes and challenges readers thinking of the everyday While not ignoring the aristocratic it foregrounds the common person the marginal and the domestic even as it presents the unusual details of their existence What results is an expansive variegated and sometimes even contradictory vision in which the strange becomes not alien but a defining mark of everyday life **Contemporary Southern Men Fiction Writers**
