Israel/Palestine and the Politics of a Two-State Solution Thomas G. Mitchell, 2013-05-27 This is a dispassionate examination of the viability of a two state solution in the Israeli Palestinian conflict based on the politics of Israel Palestine and the United States It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future giving it a veto over policy A chapter examining the history and ideology of the secular right over the last 90 years follows There are three chapters of case studies the Likud withdrawal from the Sinai in 1979 1982 and from Gaza in 2005 the withdrawal of South Africa from Namibia in 1988 1989 and the dropping of Ireland s constitutional claim to Northern Ireland in 1998 under a Fianna Fail government the same party that wrote the constitution in 1937 A chapter examines Palestinian politics since the mandatory era and another the American Israeli alliance and American politics A concluding chapter draws lessons from the case studies and the analysis

lifts the veil on the court's hidden world. The Supreme Court reveals new and surprising information about well-known cases. It exposes the sometimes fractious relationship between the court and the government. But above all, it tells a story about people: those who brought the cases, those who argued in court, those who dealt with the fallout, and above all, those who took the decisions. Judges' backgrounds and relationships, their politics and temperaments, as well as the internal tensions between them, are vital to understanding how the court works and are explored here in fascinating detail. The Supreme Court is both a riveting read and an important and revealing account of one of the most powerful institutions of our state. Ruadhan Mac Cormaic is the former Legal Affairs Correspondent and Paris Correspondent of the Irish Times. He is now the paper's Foreign Affairs Correspondent.

A History of Irish Autobiography Liam Harte, 2018-03-01. A History of Irish Autobiography is the first ever critical survey of autobiographical self-representation in Ireland from its recoverable beginnings to the twenty-first century. The book draws on a wealth of original scholarship by leading experts to provide an authoritative examination of autobiographical writing in the English and Irish languages. Beginning with a comprehensive overview of autobiography theory and criticism in Ireland, the History guides the reader through seventeen centuries of Irish achievement in autobiography, a category that incorporates diverse literary forms from religious tracts and travelogues to letters, diaries, and online journals. This ambitious book is rich in insight. Chapters are structured around key subgenres, themes, texts, and practitioners, each featuring a guide to recommended further reading. The volume's extensive coverage is complemented by a detailed chronology of Irish autobiography from the fifth century to the contemporary era, the first of its kind to be published.

Charlie Vs Garret Eoin O'Malley, 2025-09-18. The two opposing political figures that shaped Irish life in the 1980s and beyond. In the 1980s, Irish politics was dominated by a fierce rivalry between Charles J. Haughey and Dr. Garret FitzGerald, both leaders of their respective parties, Fianna Fáil and Fine Gael. Between them, they each led all Irish governments in that decade. To say their two opposing personalities shaped Irish life during this era is an understatement. Eoin O'Malley has amassed an extraordinary body of research, including in-depth interviews with dozens of the most consequential public figures of the time: every Taoiseach, cabinet ministers, TDs, civil servants, and advisers. As political rivals with different approaches to public life and contrasting visions for Ireland, each enshrined in quite different personalities, the choice between Haughey and FitzGerald came to signify a great deal more than party loyalty or policy preference; it felt like a choice between opposing worldviews. And as O'Malley's work finally makes clear through an accumulation of extraordinary insights, including interviews with Haughey and FitzGerald themselves, it was fed by a deep reservoir of personal insecurity and paranoia. Each was deeply preoccupied, obsessed even with the strengths, appeal, and threats of the other to the extent that this rivalry itself became one of the decisive factors in Irish life that shaped Ireland well after they had left power.

Albert Reynolds Conor Lenihan, 2021-09-01. In Albert Reynolds: Risktaker for Peace, Conor Lenihan takes the reader on a journey through the former Taoiseach's fascinating life. From his early days in Roscommon, Reynolds' determination and hard work

saw him rise from a humble clerical job with Irish Rail to become one of Ireland's best known showbiz promoters. But it is as creator of the template for peace on the island of Ireland that he deservedly will be best remembered. Reynolds' extraordinary progress from the cut-throat world of business to local politics and ultimately government ministries was driven by the entrepreneurial spirit and impatience that became the hallmark of his success and his failure. Appointed as Taoiseach in 1992, by 1994 he had been drummed out of office, yet in that brief period he confounded his critics by fast-tracking an end to the violence of the Troubles with the IRA and Loyalist ceasefires. In the first complete biography of Reynolds, former Minister of State Conor Lenihan delivers an insider's account that reveals the courageous personal risks Reynolds took to create the template for peace in Ireland and the highs and lows of a tempestuous risk-taking life. *Bertie Ahern: The Man Who Blew the Boom* Colm Keena, 2011-10-21. The fascinating story of the man who blew the boom. Colm Keena, the journalist who first broke the story of Bertie Ahern's finances, gives us an in-depth examination of the former Taoiseach's character, his lust for power and his obsession with money. Keena scrutinises the evidence produced by the Mahon Tribunal about Ahern's personal finances and his personal political machine and illustrates the lengths to which Ahern went in his effort to hide the truth about what he was up to. Ahern's political career is re-charted in the light of what we now know about his character. Keena looks at how his desire for power existed alongside an almost complete absence of political conviction, this lack of which left him open to the influence of those with strong opinions and did nothing to arrest his mismanagement of the Irish economy. His lust for popularity brought Ireland from rude good health to economic disaster. An historic opportunity was squandered, but Bertie walked away from the wreckage with his wallet bulging. His legacy, the near destruction of a European economy and the collapse of one of the most successful political parties of the past hundred years. *Making the Difference?* Paul Rouse, Paul Daly, Ronan O'Brien, 2012-04-30. In 2011, on the cusp of its centenary year, the Labour Party recorded its greatest ever electoral success with 37 TDs elected and a President. In doing so, the party has succeeded temporarily at least in breaking free from the old two and a half party system. But why for its first century did Labour struggle to match its ambition? This series of essays to mark the party's centenary assesses the challenges facing Labour in a deeply conservative country where echoes of civil war and Catholic Church hegemony have dominated the political landscape. Leading writers from the fields of journalism, history and social reform examine the failings, splits and contradictions of Ireland's oldest political party alongside the social and economic achievements to which the Labour Party lays claim. Contributors: Ivana Bacik, Michael Laffan, Ronan O'Brien, Stephen Collins, David McCullagh, Eunan O'Hallpin, Paul Daly, Ciara Meehan, Niamh Puirseil, Diarmaid Ferriter, William Mulligan, Kevin Rafter, Eamon Gilmore, William Murphy, Jane Suiter. The Rainbow Government: that was how the media described the Fine Gael, Labour and Democratic Left coalition government that John Bruton led from late 1994 to June 1997, arguably the most left-wing government in the history of the state. In *Under the Rainbow*, Shane Kenny uses his unique perspective as government press
