Scheherazade's Night Out Craig Shaw Gardner, 2021-09-25 Attend beloved listeners to the tale of Scheherazade whose magical stories are her only defense against mad kings evil djinn and an unspeakable mother in law For truly it will take a silver tongue to save a pretty neck From New York Times bestselling author Craig Shaw Gardner the rollicking conclusion to his outrageous Sinbad series The other Sinbad Ali Baba Aladdin and friends are trapped in an enchanted cavern But the fearless heroes soon find their way into the Palace of Beautiful Women where they meet Queen Scheherazade whose husband has the nasty habit of cutting off his wives heads

The Mind Electric Priya Anand, 2025-06-10 In this collection of medical tales reminiscent of Oliver Sacks the best of medical writing Abraham Verghese author of *The Covenant of Water* a neurologist reckons with the stories we tell about our brains and the stories our brains tell us A girl believes she has been struck blind for stealing a kiss A mother watches helplessly as each of her children is replaced by a changeling A woman is haunted each month by the same four chords of a single song In neurology illness is inextricably linked with narrative the clues to unraveling these mysteries hidden in both the details of a patient's story and the tells of their body Stories are etched into the very structure of our brains coded so deeply that the impulse for storytelling survives and even surges after the most devastating injuries But our brains are also porous the stories they concoct shaped by cultural narratives about bodies and illness that permeate the minds of doctors and patients alike In the history of medicine some stories are heard while others the narratives of women of Black and brown people of displaced people of disempowered people are too often dismissed In *The Mind Electric* neurologist Priya Anand reveals through case study history fable and memoir all that the medical establishment has overlooked the complexity and wonder of brains in health and in extremis and the vast gray area between sanity and insanity doctor and patient and illness and wellness each separated from the next by the thin veneer of a different story Moving from the Boston hospital where she treats her patients to her childhood years in India to Isla Providencia in the Caribbean and to the Republic of Guinea in West Africa she demonstrates again and again the compelling paradox at the heart of neurology that even the most peculiar symptoms can show us something universal about ourselves as humans

The Arabian Nights' Entertainments; Translated by the Reverend Edward Forster [from the French Version of A. Galland]: Carefully Revised and Corrected, with an Explanatory and Historical Introduction, by G. Moir Bussey. Illustrated by Twenty-four Engravings from Designs by R. Smirke, 1839 *One Thousand and One Nights. Illustrated* Jonathan Scott, John Payne, Richard Francis

Burton, Andrew Lang, Julia Pardoe, 2022-03-31 This book contains a complete collection of Middle Eastern folk tales compiled in Arabic during the Islamic Golden Age. It is often known in English as the Arabian Nights. The work was collected over many centuries by various authors, translators, and scholars. The thing common to all the editions of the Nights is the initial frame story of the ruler Shahryar and his wife Scheherazade and the framing device incorporated throughout the tales themselves. Jonathan Scott 1811 Translation John Payne 1884 Translation Richard Francis Burton 1885 Translation Andrew Lang 1885 Translation Julia Pardoe 1857 Adaptation The Arabian Nights: Introduction One Thousand and One Nights, 2021-11-17 The story of Scheherazade weaving tales to save her life is as famous as the stories she tells the murderous Sultan and has been used as a model by dozens of other writers such as Stephen King in his novel Misery. But why did Shahriar decide to marry a new girl every evening and have them killed the next morning? And how did Scheherazade trick him into letting her begin her storytelling marathon? Allow yourself to be taken in by the opening tale of The Arabian Nights, the first of the 34 tales in the classic Arabian Nights collection translated by Andrew Lang's Not Exist errors. A treasure trove of timeless stories, the One Thousand and One Nights or Arabian Nights have been loved, imitated, and added to over many centuries. Similar to the fairy tales collected by the Brothers Grimm, the Arabian Nights are drawn from the folklore of India, Iran, and the Middle East and were collected in Arabic versions throughout the medieval period; others were added as recently as the eighteenth century. These stories of the exotic East have been popularised for new generations by film adaptations such as Disney's Aladdin starring Robin Williams and Gilbert Gottfried in 1992 and Will Smith in 2019, and Dreamworks Sinbad starring Brad Pitt and Michelle Pfeiffer. They continue to inspire writers as varied as Salman Rushdie and Neil Gaiman, while numerous Bollywood and manga versions attest to their popularity around the world. These stories of magic, adventure, and romance have shaped readers' imaginations for generations and are sure to be retold for years to come. This selection was translated by Andrew Lang from the French versions by Antoine Galland, who was the first to include the stories of Aladdin and Ali Baba. Born in Scotland in 1844, Lang was a scholar of ancient Greek, a journalist, historian, novelist, and poet, and the author of 25 popular collections of fairy tales. His edition of the Arabian Nights Entertainment was published in 1898. He became a Fellow of the British Academy in 1906 and died in 1912. The Arabian Nights Andrew Lang, 2023-11-06 The Arabian Nights, also known as One Thousand and One Nights, is a collection of Middle Eastern folktales and stories compiled and translated by various authors over centuries. While Andrew Lang is known for his colorful translations of folklore, he is not the primary translator or compiler of The Arabian Nights. The collection is derived from various sources and has been translated by many individuals over time. The Arabian Nights includes famous tales such as Ali Baba and the Forty Thieves, Aladdin and the Magic Lamp, Sinbad the Sailor, and many others. These stories are set in the Islamic Golden Age and feature a mix of adventure, fantasy, and romance. They have had a profound influence on world literature and storytelling. Andrew Lang, a Scottish author and folklorist, is better known for his collections of fairy tales, including the Colored Fairy Books series.
