Padhraic Smyth

Skelton The Life And Times Of An Early Tudor Poet:

Skelton, the Life and Times of an Early Tudor Poet H. L. R. Edwards, 1949 Skelton, the Life and Times of an Early Tudor Poet H. L. Edwards, 1999-01-01 **Skelton, the Life and Times of an Early Tudor Poet, by H. L. R. Edwards** H. L. R. Edwards, 1949 *John Skelton and the Politics of the 1520s* Greg Walker, 2002-08-22 A detailed examination of the poet John Skelton's satirical assault upon Cardinal Wolsey *Vernacular Literature and Current Affairs in the Early Sixteenth Century* Jennifer Britnell, 2018-05-08 This title was first published in 2000 The printed writings of the most important authors of the sixteenth century are characterised by frequent references to current affairs This collection brings together essays by literary scholars and historians of the era to discuss various ways in which those writing in the vernacular during the early sixteenth century responded to contemporary events The papers in this volume also demonstrate how the spread of literacy was of fundamental significance for the economics of book production and for ways in which political power was exercised and expressed as well as for the development of new literary forms of critical and occasional writing **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660** George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries **Skelton** John Skelton, 1949 Court Poetry in Late Medieval England and Scotland Antony J. Hasler, 2011-03-10 This book explores the anxious and unstable relationship between court poetry and various forms of authority political and cultural in England and Scotland at the beginning of the sixteenth century Through poems by Skelton Dunbar Douglas Hawes Lyndsay and Barclay it examines the paths by which court poetry and its narrators seek multiple forms of legitimation from royal and institutional sources but also in the media of script and print The book is the first for some time to treat English and Scottish material of its period together and responds to European literary contexts the dialogue between vernacular and Latin matter and current critical theory In so doing it claims that public and occasional writing evokes a counter discourse in the secesses and subversions of medieval love fictions The result is a poetry that queries and at times cancels the very authority to speak that it so proudly promotes Simple Forms Douglas Gray, 2015-02-26 Simple Forms is a study of popular or folk literature in the medieval period Focusing both on the vast body of oral literature that lies behind the written texts which have survived from the medieval period and on the popular literature provided by literate authors for audiences of hearers or readers with varying degrees of literacy Douglas Gray leads new readers to a productively complicated understanding of the relationship between

medieval popular culture and the culture of the learned He argues that medieval society was stratified in what seems to us a rigid way but that culturally it was more flexible Literary topics themes and forms moved there was much borrowing and a constant interaction Popular tales motifs and ideas passed into learned or courtly works learned forms and attitudes made their way in into popular culture All in all this seems to have been a fruitful symbiosis The book s twelve chapters are principally organised genre covering epics ballads popular romances folktales the German sage legends animal tales and fables proverbs riddles satires songs and drama

annual bibliography of english language and literature colume XXIX 1949 , The Anchor Book of Sixteenth Century Verse Richard D. Sylvester,2013-06-05 This comprehensive anthology contains selections from the work of twenty five poets of the sixteenth century Employing the original rather than normalized texts the volume includes complete non excerpted poems by John Skelton Philip Sidney and others The selections which include such works as The Steele Glass Richard S Sylvester examines the evolution of English poetry through the century tracing the development of the early Tudor poets through the eloquence of Surrey Court Politics, Culture and Literature in Scotland and England, 1500-1540 Jon Robinson,2017-11-30 The focus of this study is court literature in early sixteenth century England and Scotland The author examines courtly poetry and drama in the context of a complex system of entertainment education self fashioning dissimulation propaganda and patronage He places selected works under close critical scrutiny to explore the symbiotic relationship that existed between court literature and important socio political economic and national contexts of the period 1500 to 1540 The first two chapters discuss the pervasive influence of patronage upon court literature through an analysis of the panegyric verse that surrounded the coronation of Henry VIII The rhetorical strategies adopted by courtiers within their literary works however differed depending on whether the writer was at the time of writing the verse or drama excluded or included from the environs of the court The different often elaborate rhetorical strategies are through close readings of selected verse delineated and discussed in chapter three on David Lyndsay and chapter four on Thomas Wyatt and Thomas Elyot

Henry VIII's Divorce James Christopher Warner,1998 A close examination of the rivalry between two printing presses at the time of the divorce crisis shows how the new learning could be employed to influence even the king himself

Collected Works of Erasmus Desiderius Erasmus,1993-12-15 The final two volumes in the CWE contain an edition and translation of Erasmus s poetry For Erasmus scholars this work affords the first opportunity to evaluate and analyse Erasmus poems in English And for those interested in Renaissance and Reformation poetry in general these offer an intriguing look at the work of one of the towering figures of the period writing in a genre that was for him unusual The annotations include a path breaking commentary piece by Harry Vredeveld on Erasmus most famous poem Poem on the Trouble of Old Age Another important feature is the appearance of the original Latin of each poem alongside the English translation Volumes 85 and 86 of the Collected Works of Erasmus series Two volume set

Allegory and Enchantment Jason Crawford,2017-01-19 What is modernity Where are modernitys points of

origin Where are its boundaries And what lies beyond those boundaries Allegory and Enchantment explores these broad questions by considering the work of English writers at the threshold of modernity and by considering in particular the cultural forms these writers want to leave behind From the fourteenth to the seventeenth centuries many English writers fashion themselves as engaged in breaking away from an array of old idols magic superstition tradition the sacramental the medieval Many of these writers persistently use metaphors of disenchantment of awakening from a broken spell to describe their self consciously modern orientation toward a medieval past And many of them associate that repudiated past with the dynamics and conventions of allegory In the hands of the major English practitioners of allegorical narrative William Langland John Skelton Edmund Spenser and John Bunyan allegory shows signs of strain and disintegration The work of these writers seems to suggest a story of modern emergence in which medieval allegory with its search for divine order in the material world breaks down under the pressure of modern disenchantment But these four early modern writers also make possible other understandings of modernity Each of them turns to allegory as a central organizing principle for his most ambitious poetic projects Each discovers in the ancient forms of allegory a vital powerful instrument of disenchantment Each of them therefore opens up surprising possibilities that allegory and modernity are inescapably linked that the story of modern emergence is much older than the early modern period and that the things modernity has tried to repudiate the old enchantments are not as alien or as absent as they seem

The poems of Desiderius Erasmus Cornelis

Reedijk, 2024-08-05 **Guilty Creatures : Renaissance Poetry and the Ethics of Authorship** Dennis Kezar Assistant Professor of English Vanderbilt University, 2001-04-05 In this innovative and learned study Dennis Kezar examines how Renaissance poets conceive the theme of killing as a specifically representational and interpretive form of violence Closely reading both major poets and lesser known authors of the early modern period Kezar explores the ethical self consciousness and accountability that attend literary killing paying particular attention to the ways in which this reflection indicates the poet's understanding of his audience Among the many poems through which Kezar explores the concept of authorial guilt elicited by violent representation are Skelton's Phyllyp Sparowe Spenser's Faerie Queene Shakespeare's Julius Caesar the multi authored Witch of Edmonton and Milton's Samson Agonistes

Plays of Persuasion Greg Walker, 1991-04-26 A detailed study of the interaction between drama and politics in the reign of Henry VIII The subject is addressed both in general terms and through a series of case studies of individual early Tudor plays Through its innovative use of dramatic texts as historical source material the book provides illuminating insights into the political and cultural history of the Henrician period and into the perceived character of the King himself It focuses on the troubled religious and political history of the reign the culture of the Court and the personality and governmental style of its head In doing so the book argues for a reassessment of the reign which places the King once more at the centre of affairs and acknowledges the determining effect which this egotistical charismatic but above all pragmatic monarch exercised on the artistic culture as much as on the

politics of the Court The book also demonstrates the close and specific links between the drama and the politics of the reign through a detailed study of a number of key works links which have hitherto been viewed only as general or peripheral

The Letters of T. S. Eliot Volume 9 T. S. Eliot, 2021-08-31 This volume covers the production of Eliot's play *The Family Reunion* the publication of *The Idea of a Christian Society* and the joyous versifying of *Old Possum's Book of Practical Cats* After exhausting himself through nights of fire watching in the London wartime blackout he travels the country attends meetings of *The Moot* delivers talks and advises a fresh generation of writers including Cyril Connolly Keith Douglas Kathleen Raine and Vernon Watkins Major correspondents include W H Auden George Barker William Empson Geoffrey Faber John Hayward James Laughlin Hope Mirrlees Mervyn Peake Ezra Pound Michael Roberts Stephen Spender Tambimuttu Allen Tate Michael Tippett Charles Williams and Virginia Woolf *Four Quartets* Eliot's culminating masterpiece is discussed in detail

An Analysis of the English Poems of St. Thomas More Sister Mary Edith Willow, 2024-04-15 The first study to deal with Thomas More's English poetry
