Small-headed Flycatcher. Seen Yesterday. He Didn't Leave His Name. Pete Dunne,1998 Pete Dunne has been watching birds since he was seven years old But not just watching deeply absorbing every nuance of color markings shape flight and song all the subtle clues that can identify a bird barely glimpsed among the highest branches in fading twilight With the same skill he has been observing and writing about birding and birders for over twenty years using humor sentiment occasional sarcasm and unashamed passion for his chosen profession to explore why birdwatching is so irresistibly compelling to so many people This book brings together thirty two vintage essays that Dunne originally wrote for publications such as American Birds Bird Watcher s Digest Birder s World

F. Heard,2016-07-05 Four chilling novellas blend horror and science fiction in this collection of short stories from one of the greatest minds of the twentieth century When a man can t bear the company of others when he runs not just from society but from something evil within himself he ll find refuge only in the dark deep underground in the horrifying void of an uncharted cave In the wilds of Mexico a veteran spelunker hears rumors of a cave that could take him deeper than he s ever gone before The locals whisper old Toltec legends of the devils that inhabit the darkness spirits that have blighted the countryside for miles around but the man doesn t listen He ll find things within that cave that mankind isn t meant to see And even if he manages to get out alive he ll never escape the darkness Drawing on his unique background as an intellectual and expert in the supernatural author H F Heard echoes the pioneering horror of H P Lovecraft and the Victorian science fiction of H G Wells In this weird world the greatest threat to man is man himself The Lost Cavern is one of Heard s best known stories and it remains just as eerie today as when it debuted Along with the other three stories that make up this volume The Cup The Thaw Plan and The Chapel of Ease it confirms Heard s deserved status as one of the early masters of weird fiction **Flying Magazine** ,1969-09 *Bookseller and Print Dealers Weekly* ,1929 *Nature* Sir Norman Lockyer,1915 **Air Power; the Air Forces' Quarterly** ,1953 **"The"** *Athenaeum* ,1895 School Education ,1899 **Story Dramas for Grades 4-6** Gretchen Courtney,Sarah Jossart,1998 The teacher playing the role of a park ranger takes an accident report to find out what students know about that nasty fall taken yesterday by Humpty Dumpty Developing similar strategies for engaging students imaginations these two books encourage students to respond to stories by discussing and analyzing story elements as preparation for writing or acting out scenes In addition to each books step by step directions for staging 30 or more story dramas based on specific popular books both books train teachers to develop dramas for their own favorite literature Grades 4 6 Illustrated Good Year Books Pete Dunne's Essential Field Guide Companion Pete Dunne,2013-01-08 From the award winning birder and author of *Birds of Prey* an authoritative information packed guide to distinguishing North American birds In this book bursting with more information than any field guide could hold the well known author and birder Pete Dunne introduces readers to the Cape May School of Birding It s an approach to identification that gives equal or more weight to a bird s structure and shape and the observer s overall impression often called GISS for General Impression of Size

and Shape than to specific field marks After determining the most likely possibilities by considering such factors as habitat and season the birder uses characteristics such as size shape color behavior flight pattern and vocalizations to identify a bird The book provides an arsenal of additional hints and helpful clues to guide a birder when even after a review of a field guide the identification still hangs in the balance This supplement to field guides shares the knowledge and skills that expert birders bring to identification challenges Birding should be an enjoyable pursuit for beginners and experts alike and Pete Dunne combines a unique playfulness with the work of identification Readers will delight in his nicknames for birds from the Grinning Loon and Clearly the Bathtub Duck to Bronx Petrel and Chicken Garnished with a Slice of Mango and a Dollop of Raspberry Sherbet *The Temple of Death* A.
