In Search of Sleep Bregje Hofstede, 2023-03-14 Bregje Hofstede is an extraordinary writer Rutger Bregmans author of *Utopia for Realists* and *Humankind A Hopeful History* Jenny Odell's *How to Do Nothing* meets Matthew Walker's *Why We Sleep* in this fascinating deep dive into the science and history of sleep In *Search of Sleep* is both a self help manual for insomniacs and a sweeping critique of the hustle culture that blinds us to the real reasons we lie awake at night from politics to pandemics to poverty Amsterdam based writer Bregje Hofstede struggled with insomnia for 10 years but advice from doctors and books always felt lacking in perspective Wasn't insomnia more than just an individual struggle Might it also be a rational reaction to our increasingly turbulent world Unlike the vast majority of books about sleep In *Search of Sleep* examines insomnia as both a physical and psychological condition and an early warning sign that something is off in society As Hofstede points out studies show that insomnia increased during the pandemic and that people with less money sleep the worst She also shows that sleeplessness is tied inextricably to loneliness while meaningful relationships can provide the security we need to slumber Interweaving neuroscience cultural anthropology history and interviews with experts In *Search of Sleep* invites us to see insomniacs as oracles not oddballs and offers a unique way forward for the sleep deprived and the dreamless If we are aware of both the small and large forces that keep us

awake then we can begin to take political action reimagine the role of sleep in our own lives and rid ourselves of insomnia for good
