Lost in Transmission Wil McCarthy,2004-03-02 In a novel that challenges our expectations at every turn acclaimed author Wil McCarthy sweeps us into the future as only he can imagine it Here is a thrilling odyssey of discovery and adventure aboard a ship of exiled rebels coming of age in an eternity that may be a lot shorter than anyone ever guessed Brash and idealistic they were rebels without a cause in a world governed by science reason and immortality Banished for their troubles to the starship Newhope they now face a bold future to settle the worlds of Barnard s Star Now King Bascal Edward de Towaji Lutui former prince of the Queendom of Sol together with Captain Xiomara Xmary Li Weng and her lover first mate Conrad Mursk face a perilous voyage with thousands of their fellow exiles The journey will last a century but with Queendom technology it s no problem to step into a fax machine and print a fresh youthful version of yourself But what this crew of rebels will find is far from the paradise they seek Before long their optimistic young colony has started to show signs of strain And worst of all death itself has returned with a vengeance From

the Paperback edition *Bad* Murray Pomerance,2004-01-01 Examines the many forms of cinematic badness over the past one hundred years from Nosferatu to The Talented Mr Ripley General Ecology Erich Hörl,James Edward Burton,2017-05-04 Ecology has become one of the most urgent and lively fields in both the humanities and sciences In a dramatic widening of scope beyond its original concern with the coexistence of living organisms within a natural environment it is now recognized that there are ecologies of mind information sensation perception power participation media behavior belonging values the social the political a thousand ecologies This proliferation is not simply a metaphorical extension of the figurative potential of natural ecology rather it reflects the thoroughgoing imbrication of natural and technological elements in the constitution of the contemporary environments we inhabit the rise of a cybernetic natural state with its corresponding mode of power Hence this ecology of ecologies initiates and demands that we go beyond the specificity of any particular ecology a general thinking of ecology which may also constitute an ecological transformation of thought itself is required In this ambitious and radical new volume of writings some of the most exciting contemporary thinkers in the field take on the task of revealing and theorizing the extent of the ecologization of existence as the effect of our contemporary sociotechnological condition together they bring out the complexity and urgency of the challenge of ecological thought one we cannot avoid if we want to ask and indeed have a chance of affecting what forms of life agency modes of existence human or otherwise will participate and how in this planet s future On Desire William B. Irvine,2005-11-01 A married person falls deeply in love with someone else A man of average income feels he cannot be truly happy unless he owns an expensive luxury car A dieter has an irresistible craving for ice cream Desires often come to us unbidden and unwanted and they can have a dramatic impact sometimes changing the course of our lives In *On Desire* William B Irvine takes us on a wide ranging tour of our impulses wants and needs showing us where these feelings come from and how we can try to rein them in Spicing his account with engaging observations by writers like Seneca Tolstoy and Freud Irvine considers the teachings of Buddhists Hindus the Amish Shakers and Catholic saints as well as those of ancient Greek and Roman and modern European philosophers Irvine also looks at what modern science can tell us about desire such as what happens in the brain when we desire something and how animals evolved particular desires and he advances a new theory about how desire itself evolved Irvine also suggests that at the same time that we gained the ability to desire we were programmed to find some things more desirable than others Irvine concludes that the best way to attain lasting happiness is not to change the world around us or our place in it but to change ourselves If we can convince ourselves to want what we already have we can dramatically enhance our happiness Brimming with wisdom and practical advice *On Desire* offers a thoughtful approach to controlling unwanted passions and attaining a more meaningful life On Desire William Braxton Irvine,2006 Irvine looks at what modern science can tell about desire what happens in the brain when one desires something and how animals evolved particular desires He suggests that people who can convince themselves to want what they already have dramatically
