Entering the Real World: VCCA Poets on Mt. San Angelo Editor Margaret B. Ingraham, Editor Andrea Carter Brown, 2011-10-17 *Entering the Real World VCCA Poets on Mt. San Angelo* edited by Margaret B. Ingraham and Andrea Carter Brown is a labor of love by poets who have been to VCCA and by the Fellows Council to celebrate VCCA's 40th Anniversary. It contains over sixty previously published poems by VCCA Fellows all written about or inspired by their residencies at VCCA. The poets are from throughout the United States around the world and across the decades. Kelly Cherry, Poet Laureate of Virginia, describes *Entering the Real World* as this splendid intriguing anthology. Editor Margaret B. Ingraham writes, "This anthology is at once a work of literary merit, a celebratory offering, and an historical record of a hallowed place." ***The Secret of M. Dulong*** Colette Inez, 2005. Full of humor, profundity, and obsession, these are tales of writers on peregrine paths. Some set out in search of legends or artistic inspiration; others seek spiritual epiphany or fulfillment of a promise. Their journeys lead them variously to Dracula's castle, Laura Ingalls Wilder's prairie, the Grimms' fairy tale road, Mayan temples, Nathaniel West's California, the Camino de Santiago trail, Scott's Antarctica, the Marquis de Sade's haunted manor, or the sacred city of Varanasi. All of these pilgrimages are worthy journeys, redemptive and serious. But a time-honored element of pilgrimage is a suspension of rules, and there is absurdity and exuberance here as well. ***Pomegranate Seeds*** Dean Kostos, 2008. From the Publisher: "This volume is the first ever collection of poems in English by 49 prominent Greek American poets from throughout the United States. The poems cover a variety of topics and styles." ***Riffing on Strings*** Sean Miller, Shveta Verma, 2008. *Riffing on Strings* is a unique collection of creative writing that explores the cosmic and cultural resonances of string theory. The book includes thought-provoking essays, short stories, poems, and a play from over 40 acclaimed authors, including Nobel Laureate Sheldon Glashow, Michio Kaku, Peter Woit, Adam Roberts, Colette Inez, Brenda Hillman, Joseph Radke, Bruce Holland Rogers, and Carole Bugge. Sean Miller and Shveta Verma have put together an exhilaratingly eclectic anthology of creative and expository writing about one of the most exciting, even if controversial, intellectual fields of our time: string theory. Just Miller's erudite introduction by itself is worth the price of this sparkling collection. S. Abbas Raza, Managing Editor of *3 Quarks Daily*, putting together a theory of everything requires a lot of creativity and more than a little audacity, qualities which are also abundant in this collection of stories and poems inspired by string theory. *Riffing on Strings* is guaranteed to stimulate both hemispheres of your brain. Sean Carroll, Theoretical Physicist, California Institute of Technology, Creator of *Cosmic Variance*. ***In the Arms of Words*** Amy Ouzoonian, 2006. Originally inspired by the Asian tsunami, this project now encompasses Katrina as well. This timely, sensitive collection of poetry sends a message to survivors that help is on the way and compels readers who aren't experiencing such disasters to contribute to those who are in need. *In the Arms of Words: Poems for Disaster Relief* features 93 poems written by 94 poets of all ages, religions, ancestry, education, who hail from Italy, France, Norway, Spain, Canada, India, Africa, Serbia, and the US. Poets include

Diane di Prima Bob Holman Ellen Bass Nick Carbo Marilyn Chin Brett Axel and Lyn Lifshin The proceeds will benefit charitable organizations for both disasters Spinoza's Overcoat Subhash Jaireth,2020-02-01 It starts to rain as I step out of my hotel So begins Subhash Jaireth s striking collection of essays on the writers and their writing that have enriched his own life The works of Franz Kafka Marina Tsvetaeva Mikhail Bulgakov Paul Celan Hiromi Ito Dutch philosopher Baruch Spinoza and others ignite in him the urge to travel both physically and in spirit almost like a pilgrim to the places where such writers were born or died or wrote In each essay a new emotional plane is reached revealing enticing connections As a novelist poet essayist and translator born into a multilingual environment Jaireth truly understands the power of words across languages and their integral connections to life of the body and the spirit Drawing on years of research translation and travel Spinoza s Overcoat and its illuminations of loss mortality and the reverie of writing will linger with readers Eloquent and original Jaireth s meditations on the lives of poets are full of astonishing details tender connections and the magnificent melancholy of devotion to words Encompassing matters of translation love mortality and homage this is a rare model of what might be called literary philosophy and an utter joy and surprise for anyone interested in the reading and writing life GAIL JONES author of The Death of Noah Glass Subhash Jaireth was born in India Between 1969 and 1978 he spent nine years in Russia studying geology and Russian literature In 1986 he migrated to Australia He has published writing in Hindi English and Russian and his novel After Love Transit Lounge 2012 was published in Spain in 2018 **Contemporary Authors** Lisa Kumar,2004-06 A biographical and bibliographical guide to current writers in all fields including poetry fiction and nonfiction journalism drama television and movies Information is provided by the authors themselves or drawn from published interviews feature stories book reviews and other materials provided by the authors publishers **Essays on Spinoza's Ethical Theory** Matthew J. Kisner,Andrew Youpa,2014-04 Thirteen original essays by leading scholars explore aspects of Spinoza s ethical theory and in doing so deepen our understanding of the richly rewarding core of his system Given its importance to his philosophical ambitions it is surprising that his ethics has until recently received relatively little scholarly attention Anglophone philosophy has tended to focus on Spinoza s contribution to metaphysics and epistemology while philosophy in continental Europe has tended to show greater interest in his political philosophy This tendency is problematic not only because it overlooks a central part of Spinoza s project but also because it threatens to present a distorted picture of his philosophy Moreover Spinoza s ethics like other branches of his philosophy is complex difficult and at times paradoxical The essays in this volume advance our understanding of his ethics and also help us to appreciate it as the centerpiece of his system In addition to resolving interpretive difficulties and advancing longstanding debates these essays point the direction for future research Spinoza s enduring contribution to the development of ethical theory to early modern philosophy and indeed to early modern history generally provide us with good reason to follow the lead of these essays **The Book Review Digest** ,2005 The Influence of Abraham Cohen de Herrera's Kabbalah on Spinoza's Metaphysics Miquel

Beltran,2016-06-21 In this book the author seeks to find historiographical and textual evidence that Abraham Cohen de Herrera s main kabbalistic work Puerta del Cielo influenced Spinoza s metaphysics as it is expounded in his later work the Ethica Many of the most important ontological topics maintained by the philosopher like the concept of the first cause as substance the procession of the infinite modes the subjective or metaphorical reality of the attributes and the two different understandings of God were anticipated in Herrera s mystical treatise Both shared a particular consideration of panentheism that entails acosmism This influence is proven through a comparative examination of the writings of both authors as well as a detailed research on previous Jewish philosophical thought
