Out from the Shadows Dr. Bill Effler, 2014-12-19 The beach has always been a safe place for me where the concerns of life all but disappear One late afternoon I was walking directly into the sun I barely noticed its final descent toward the horizon As I glanced back I caught my shadow It seemed so big my heart was imprisoned by an imperfect replica an emotional stalker seen only as I turned away from the sun's radiance It was then I realized when I walk facing the Light I will see no shadow Only a life lived out from the shadow will experience the grandeur of God the Accusers maligning voice will be stilled That day I came to grasp that the shadow of a person's past is not how God sees any of His children Dr Effler writes with clarity biblical expertise personal counseling experience and a passion for each minister to succeed in Christ This book will change your life in a marvelous way Bill Leonard PhD BCCC BCCTR Center for Ministerial Care and Director Church of God International Headquarters Out From the Shadows creates a therapeutic approach to the creation account

Counseling for Spiritually Empowered Wholeness William M. Clements, Howard Clinebell, 2013-11-26. Counseling for Spiritually Empowered Wholeness is an introduction to Wholeness Counseling, also called Growth Counseling, a whole person approach to pastoral counseling, psychotherapy, and education as developed by Howard Clinebell. He begins the book by emphasizing how the role of healthy spirituality and reality-based hope is crucial to facilitate healing and growth in all dimensions of life. He encourages readers to apply the principles and methods in the book to their own growth and to develop their own growth-centered approaches that reflect their particular styles and personalities to counseling therapy and education. This newly revised edition of Growth Counseling makes readily available an understanding of the Wholeness Counseling approach and its methods for both pastoral and secular counselors and professional and nonprofessional readers. Dr. Clinebell has a psychological understanding of the universal human need for healthy spirituality and as he writes from this perspective, he opens doors for readers to distinguish healthy from unhealthy religion and provides them with methods to enhance their own spiritual health. Readers who desire to explore the Wholeness Counseling approach will find that Counseling for Spiritually Empowered Wholeness guides them through insights and methods they can use to accelerate their personal and professional growth in each of the seven dimensions of life: the roots in the Hebrew and Christian scriptures of this approach which helps readers grow and be healed; the importance of playfulness to balance work in a healthy lifestyle; The primary target audience is theological seminary teachers and students, clergy in all denominations, members of congregations who work in the healing and helping professions, and laypersons interested in learning ways to enhance their own wholeness or being trained to serve on lay pastoral care teams. Others who will benefit from Counseling for Spiritually Empowered Wholeness include those in the counseling, healing, and teaching professions who wish to know more about a growth-oriented approach which includes a robust emphasis on the role of healthy spirituality for total well-being.
