Spiritual Direction For Every Christian:

Spiritual Direction and the Care of Souls Gary W. Moon, David G. Benner, 2004-04-08 Editors Gary W Moon and David G Benner along with a team of expert contributors provide a comprehensive survey of spiritual direction in its myriad Christian forms With insights on spiritual direction s relationship to psychotherapy and pastoral counseling this book serves as an authoritative resource for spiritual transformation and pastoral care Spiritual Direction Gordon T. Smith, 2014-03-07 God gives us companions on our journey A spiritual director is one such companion offering spiritual guidance Whether you are a director a directee or simply someone who wants to learn more about this ancient ministry this comprehensive introduction to the art of both giving and receiving spiritual direction will be a helpful guide **An Introduction to Spiritual Direction** Chester P. Michael, 2004 An Introduction to Spiritual Direction is a clear nuanced and practical handbook for spiritual directors and directees that examines what it means to be spiritually whole and the process that gets us there It is based in part on the two year training course that the author conducts at Spiritual Direction Institute the teachings of the depth psychologist Carl Jung and the Christian traditionalists among them St Francis de Sales Ignatius of Loyola Teresa of Avila and John of the Cross It is further conjoined with sections on the qualities of the good director and directee with fascinating forays into the nature of temperament and psychological type The core of the book is devoted to its larger question the actual growth and acquisition of spiritual wisdom where the stages pitfalls remedies rewards as well as the importance of spiritual direction especially during times of crises are examined in numerous comprehensive sections Dovetailed with chapter notes and questions index and extensive bibliography An Introduction to Spiritual Direction deserves recognition by directors directees counselors students and practitioners of psychology and religious educators It is a great starting point for spiritual exploration *Spiritual Direction and the Encounter with God* William A. Barry, 2004 Is what we call the encounter with God merely a depth experience of the psyche or does it have a specific theological character In this revised edition of his best selling book William Barry shows how it is possible to understand an encounter with the Triune God in this world and how that process can be interpreted and aided by a spiritual director Using the insights of John Macmurray and John Smith Barry describes how a relationship with God develops and how one can discern whether a particular experience is from God or not This understanding of religious experience comes from a theology of community communal discernment and ministry in the church This book will be helpful to spiritual directors educators and theologians as well as all educated seekers desiring a deeper relationship with God In this revised edition the author has added reflections on God s presence to suffering and evil and to evildoers updated the bibliography and freshened his examples for the 21st century reader **Spiritual Direction for Every Christian** Gordon Henry Jeff, 1987-01-01 Spiritual Direction for Every Christian Gordon Jeff, 2007 For many years spiritual direction was regarded as an elitist activity designed for the benefit of the clergy and a few specially devout laity This book presents an alternative to that view arguing that spiritual direction is a benefit which every Christian can

enjoy But if that is so where will we find all the competent spiritual guides to meet this need Gordon Jeff s answer is that in every congregation there are people women and men lay and ordained who possess a latent gift for spiritual direction To develop that gift courses are now available in many parts of the country but the Anglican Diocese of Southwark was the first in the field and this book outlines methods which have proved their worth over nearly 25 years and which have been widely adopted across the UK and beyond This wise practical handbook will be appreciated by all who would like to know how the skills of spiritual direction may be applied in their own congregation It will also prove helpful as a concise introduction to the nature and purpose of direction and how it relates to other forms of pastoral care and counselling Gordon Jeff is a much needed introduction to the sometimes too offputting adventure of spiritual nourishment Gordon Graham Church of Ireland Gazette

Spiritual Direction Janet K. Ruffing, Janet Ruffing, 2000 The modern resurgence of interest in spiritual direction comes from every occupation and lifestyle not just those in the religious life But while some books cover the basic topic almost none consider the subject of advanced direction What are the special issues of someone who s been offering spiritual direction for more than five years And of someone who s been receiving spiritual direction for more than five years Written by a well known practitioner researcher and theoretician of the art this clear and insightful book fills the gap by providing concrete help for both veteran directors and veteran directees The book offers a theological basis for the process of direction then moves onto such advanced themes as resistance desire in prayer transference and counter transference love mysticism and mutuality with God It also focuses on the special concerns of women in direction Each chapter includes a section on theory some illustrative case material verbatim and suggested discussion questions *Spiritual Direction Beyond the Beginnings* is for a wide ecumenical audience of both directors and directees It s of particular interest to women clergy retreat directors pastors and all religious and clergy who find themselves spiritual directors by default

Using the Bible in Spiritual Direction Liz Hoare, 2016-01-01 Spiritual direction is increasingly popular among Christians of all mainstream traditions with demand for directors outstripping supply in many places And although the Bible is central to the practice of spiritual direction very little has been published on how best to use it in this form of ministry Experienced spiritual director Liz Hoare explores the central role the Bible has played in Christian experience in order to discourage poor shallow or rigid use of the Bible which can lead to damage and inhibit spiritual growth According to Hoare the goal of spiritual direction is not a personal improvement plan but a people who are being shaped into the likeness of Christ for the flourishing of the church as a whole Using different methods of praying with the Bible and drawing on historical traditions of Christian spirituality as well as current literature and practice this book offers a rich stimulating and thoroughly biblical resource for all those who give and receive spiritual direction

The Practice of Spiritual Direction William A. Barry, William J. Connolly, 1982 The Classic Work on Helping People Become Closer to God Fathers Barry and Connolly see the work of spiritual direction as helping people to develop their relationship with God In thinking and practice they have absorbed the

insights of modern psychotherapy but have not been absorbed by them This highly practical book reflects the authors experience at the Center for Religious Development in Cambridge Massachusetts where spiritual direction is available and where directors are trained **Spiritual Direction** Sue Pickering, 2014-09-16 Spiritual direction has been an intrinsic part of the Christian tradition since the earliest days of the church when desert mothers and fathers were sought out for their wisdom and guidance This guide aims to equip clergy and laity engaged in this task or in training for it
