Spiritual Law A Handbook To Higher Truth:

The Human Religion and Spirituality Valentin Matcas, 2016-04-20 Is there a difference between religion and spirituality Yes certainly yet when you study it closely you find it similar to the difference between all religions all spiritual schools of thought and all ideologies in general But are religion and spirituality ideologies Are they only sets of beliefs or they contain higher knowledge even in an equal amount There is a continuous debate in this area as what religion is true or what spiritual school of thought is better or if it is better to be part of a religion or a school of thought Yet what we seek throughout this study is to avoid all debates only to be able to find all answers from a comprehensive perspective What is religion What is spirituality What is the difference between religion and spirituality And what exactly is meaningful to consider in both religion and spirituality from a higher perspective It is important to form a cognitive model capable to sustain both religion and spirituality in a single study and explanation and this is exactly what this book does Yet it feels impossible since there is no other study to have ever succeeded in finding the ultimate explanation the ultimate higher truth in this world and to do so from a rigorous comprehensive perspective Or if there was then you could finally see the end of all religious debates conflicts discrimination and holy wars Yet holy wars have material social and national interests many times and cannot hold higher meaning But what exactly stops you from understanding religion and spirituality for what they truly are Are there specific beliefs in this world or in any ideology condemning religion spirituality or both And if you could ever be able to approach and understand religion and spirituality in one cognitive model how would you structure it and what ultimate truth would you expect to learn Is this even possible for humans through the human nature with the human status and through the human development to accomplish a cognitive model for religion and spirituality Are humans even allowed to do so to think freely and to use their reasoning in order to understand religion and spirituality Wasn't this how the famous first couple got in trouble by attempting to distinguish between good and evil on their own in order to gain their own authority control management and therefore freedom And yet isn't freedom the most treasured human achievement Throughout this book we model the human condition meaning and experience here and in the wider world explaining everything related to your wider existence higher self and higher meaning in life and in the wider world in order to achieve a true understanding a spiritual pathway and a harmonious development and fulfillment in life and in the wider world

Dawn of Truth John B. Leonard, 2012 This book challenges current beliefs about God and religion with particular emphasis upon misconceptions popularized by the Christian religion The common belief that a God of good is at war with a powerful fallen angel of evil wherein God imposes irreconcilable punishment upon those who fail to accept a particular set of dogma as being the only acceptable truth is shown to be not only false but in conflict with the very nature of God and Its inspired teachings Dawn of Truth begins with an examination of contemporary beliefs about God offering an alternative view that is capable of satisfying the skeptical and scientific mind It goes on from there to propose a plan or intention of God that

provides a believable explanation for the cause of suffering in the world revealing the true purpose of religion and philosophy as they relate to soul development Perhaps the most controversial subject dealt with in this book is the multi dimensionality of soul describing mankind as an expression or extension of God rather than as a totally separate entity Within this paradigm all that exists is but a manifestation of the One separate only in its temporary state of illusion or limited perception In Dawn of Truth the author draws from his own personal experiences or ascents into higher states of awareness to disclose the many truths misunderstood or denied by the world s major religions The author reveals how all people regardless of religious affiliation can apply the universal truths taught by enlightened masters to escape their present state of suffering and fear and move into realms of love peace and joy This book outlines a way whereby all who choose can dissolve their feelings of guilt experiencing ascension into higher states of awareness through an expansion of love

fall and her redemption are both irrevocably tied to our fallen human nature and to our hopes for redemption when we read her story we are able to understand our human selves our relationship with Jesus the Christ and our divine potentials subjectively It is as if her love affair with the Christ is our own love affair with His Spirit and her rise from sin into sainthood the hope for our own future divinization As we penetrate it The Passion and The Glory The Greatest Story Ever Lived becomes our own story We learn more about Jesus His Love for us and are exposed to His Mystery teachings a priceless treasure of wisdom which is not only liberating but helps to fuel in us the innate desire to discover and recuperate our true divine nature The Gospel of Mary Magdalene is indeed a revolutionary Gospel of Love for the new minds and spirits of the Twenty first Century The Passion and The Glory The Greatest Love Story Ever Lived is a Gospel that was rejected in the past mainly because it came from a woman Things have changed what makes it most valuable in the new century is precisely that it comes from a woman A woman who was not only one of Jesus closest disciples and His most intimate companion but the one He chose to make an apostle to His apostles by making her the sole harbinger of His resurrection In an age when women don t have to bend anymore under the dark cloud of male chauvinism the Gospel of Mary Magdalene the woman who loved Jesus is more than welcome The fact that her vision of Jesus is that of a woman makes her Gospel a great love story passionate deeper and more human very different indeed from that of the male apostles Mary of Magdala lived with Jesus Christ by and through His Grace The Greatest Story of Love Ever Lived Thus it is her Gospel
