Millis, PhD,2013-02-01 Cultivate the potential for deeper connection in every conversation To think of conversation as a sacred art challenges us to imagine all the conversations in which we participate from the acquaintance we run into at Target to the dialogue for which we ve spent weeks in preparation as a potentially sacred conversation from the Introduction We often find ourselves distracted and overwhelmed by a constant stream of information and demand for connectivity Now more than ever we need to develop our capacity for greater presence in our daily lives and relationships One of the best ways to do this is by improving the quality of our conversations Dr Diane Millis offers us inspirational stories insights and spiritual practices from many faith traditions to increase our awareness of the deep natural holiness waiting to be unlocked in our everyday encounters This resource is a catalyst for anyone who would like to enrich seemingly ordinary conversations as well as for leaders in educational ministry and corporate settings who want to Increase their capacity to listen deeply Become more self aware and attentive to others Learn how to move beyond conventional topics to exploring purpose meaning and values in conversation **Listening to God in Times of Choice** Gordon T. Smith,2009-09-20 All Christians yearn to live at the

center of God s will But how to discern his will is an art that eludes many of us And the advice we get often conflicts Some tell us to look for a divine blueprint the one perfect plan for our lives that we need to find We are encouraged to search the Scriptures and hunt for signs trying to uncover the map of our lives that God has drawn Others have rejected the blueprint school of guidance for the wisdom school With minds renewed by the teaching of Scripture we are to develop the wisdom necessary to make wise choices We are told not to expect that there is just one answer to God s will for every decision we face Several may be possible The difficulty with both approaches writes Gordon Smith is that they minimize the presence and voice of God in times of choice Instead he argues for a third way He suggests that we develop discernment as a spiritual discipline By stressing the personal aspects of growing in our relationship with God we can understand his will not just in times of crisis but throughout our daily lives This book provides no magic formulas no recipes for guaranteed success just a

lot of insight gleaned from centuries of lived Christian experience that will guide and encourage you in the art of discerning God's will
