Spiritual Partners Pro In Creative Marriage:

The Companionate Marriage Ben Barr Lindsey, Wainwright Evans, 1927 **Engaging the Doctrine of Marriage**

Matthew Levering, 2020-08-12 This book is the next volume in Levering's Engaging Doctrine series. The prior volume of the series examined the doctrine of creation. The present volume examines the purpose of creation, the marriage of God and humans. God created the cosmos for the purpose of the marriage of God and his people, and through his people, the marriage of God and the entire creation. Given that the central meaning or prime analogate of marriage is the marriage of God and humankind, the study of human marriage needs to be shaped by this eschatological goal and foregrounded as a dogmatic theme. After a first chapter defending and explaining the biblical witness to the marriage of God and his people, the book explores various themes: marriage as an image of God, original sin as the fall of the primordial marriage, the cross of Jesus Christ, and marital self-sacrificial love, the procreative and unitive ends of marriage, marriage as a sacrament, and marriage's importance for social justice and for the upbuilding of the kingdom of God. Along the way, the book provides an introduction to the key biblical, patristic, medieval, modern, and contemporary thinkers and controversies regarding the doctrine of marriage.

Cosmic Marriage Reinhold Ebertin, 2004-07 Reinhold Ebertin's first edition of this book was revised and updated in 1974 and contains a treasure of information on comparative charts for marriage. This detailed textbook presents numerous examples of the relationship between the cosmos, man, and marital compatibility. Keys are given on how to recognize whether a cosmic marriage will develop harmoniously or not. Rules of comparative analysis and significant aspects include the Ascendant, Midheaven, and Moon's Node. Most of the examples are given using the traditional delineation of chart connections; however, midpoints and the use of Ebertin's 90-degree wheel in Cosmobiology are given as well. [African American Relationships, Marriages, and Families](#)

Patricia Dixon, 2017-05-25 *African American Relationships, Marriages, and Families* Second Edition is a historically and culturally centered research-based text designed for use in undergraduate, graduate, and community-based courses on African American relationships, marriages, and families. Complete with numerous exercises, this volume can be used by current and future helping professionals to guide singles and couples by increasing single and partner awareness and respect and appreciation for difference. In addition, singles and couples learn skills for effective communication and conflict resolution and ultimately how to develop and maintain healthy relationships, marriages, and families. This second edition includes updates and revisions to current chapters and also features two new chapters: one on parenting and one on same-gender loving LGBTQ.
