Bertrand,Amanda Hontz Drury,Andrew Root,2019-05-15 Most students of practical theology recognize Richard R Osmer as the originator of the consensus model of practical theology one of the most accessible

and widely used models of practical theological model in the world Yet Osmer's influence extends beyond practical theological method Over his long career his writing and teaching spanned Christian education youth ministry spirituality and evangelism as well giving each of these congregational practices new theological substance A pastor as well as a scholar at heart Osmer writes with the American congregation in mind insisting on making theology central to every Christian practice Consensus and Conflict traces Osmer's multi faceted intellectual career from his days as seminarian through his professoriate at Princeton Theological Seminary and his role in the founding of the International Academy of Practical Theology These themes unfold against the backdrop of ecclesial change that Osmer barely anticipated as a young pastor in New England and western North Carolina The contributors to this volume bear witness to Osmer's indebtedness to social sciences theologians like Moltmann and Barth his wide range of interests ranging from confirmation to redemptive agriculture to church planting and his deep hope that the theological disciplines will play a more vital role in practical theology's future
