Spiritual Dance And Walk:

Spiritual Dance and Walk Samuel L. Lewis, Neil Douglas-Klotz, 1990-04-01 **Spiritual Dance and Walk** Samuel L. Lewis, 1983 **Introduction to Spiritual Dance and Walk**, 1975 Sufism and Zen in the West Saeko Yazaki, Michael Conway, 2025-02-20 Historically and culturally Sufism and Zen may not seem to have anything in common However in the West their spiritual messages are often perceived as strikingly similar In this book scholars analyse the ways in which Sufism and Zen were introduced to and developed in the West The collection shows that the popularity of these religions arose not because of the substantive shared elements within the two traditions but because their promoters in the West employed similar strategies to respond to the interests of a modern Western audience The first book to make a close comparison of Sufism and Zen this study is an important contribution to understanding Western religious life and processes of easternisation It sheds new light on how Sufism and Zen came to represent a spirituality that is both countercultural and in touch with modern sensitivities The Music and Dance of the World's Religions E. Rust, 1996-08-23 Despite the world wide association of music and dance with religion this is the first full length study of the subject from a global perspective The work consists of 3 816 references divided among 37 chapters It covers tribal regional and global religions and such subjects as shamanism liturgical dance healing and the relationship of music mathematics and mysticism The referenced materials display such diverse approaches as analysis of music and dance description of context direct experience observation and speculation The references address topics from such disciplines as sociology anthropology history linguistics musicology ethnomusicology theology medicine semiotics and computer technology Chapter 1 consists of general references to religious music and dance The remaining 36 chapters are organized according to major geographical areas Most chapters begin with general reference works and bibliographies then continue with topics specific to the region or religion This book will be of use to anyone with an interest in music dance religion or culture *Spirituality, Leadership and Management, Seventh National Conference Proceedings* Spirituality, Leadership and Management.
