Philippe Gilbert Philippe Gilbert,Stéphane Thirion,2012-01-25 How many times had Philippe repeated this sentence as his successes ever more prestigious were mounting up I m benefiting from it like the carpe diem immortalised two thousand years earlier by the Roman poet Horace Like the magic of the moment the pleasures of which one savours without knowing whether they will ever be reproduced It was with that exact mindset that the world number one the best cyclist of the year the most titled modern era rider of the classics evolved during the four seasons of the exceptional year 2011 the one of his summit and his glory where all his dreams or almost came true Phil benefitted from his form his talent his work his audacity and his character to pull off 19 major successes including the two Ardennes classics two national titles the first stage of the Tour De France and the distinctive jerseys that accompanied him On the podium of the Walloon Arrow in Huy Bernard Hinault himself said this You see kid you ve done it and there was no reason to fear the gradient of the Wall of Huy Benefit benefit when you re in such form you have to jump on everything that moves And he benefitted from it beyond perhaps his wildest dreams He indulged while offering his public emotions of rare intensity He has brought some pages of history to Belgian cycling on a cloud that it will be good to immortalise when the time comes But Phil did not want to wait for the archives of his memory rightly believing that this exceptional 2011 season might never again be reproduced Rather than postponing sine die his emotions his memories and his anecdotes into an end of career book he has benefitted from the freshness of his feelings to recount them hard on the heels of a breathtaking adventure in a pulsating account of his victories that he dissects with meticulousness precision and passion
