conflicts of which we have an authentic account took place in Greece twenty four hundred years ago or five hundred years before the Christian era At that time nearly all of Europe was inhabited by rude barbarous tribes In all that broad land the arts and sciences which denote civilization had made their appearance only in the small and apparently insignificant peninsula of Greece lying on the extreme southeast border adjoining Asia Ten Great Events in History, Vol. 2 (Classic **Reprint)** James Johonnot, 2015-07-03 Excerpt from Ten Great Events in History Vol 2 Patriotism or love of country is one of the tests of nobility of character No great man ever lived that was not a patriot in the highest and truest sense From the earliest times the sentiment of patriotism has been aroused in the hearts of men by the narrative of heroic deeds inspired by love of country and love of liberty This truth furnishes the key to the arrangement and method of the present work The ten epochs treated are those that have been potential in shaping subsequent events and when men have struck blows for human liberty against odds and regardless of personal consequences.
