Coleman,1994 The bestselling author of What Makes Your Teen Tick provides parents with practical advice on communicating with teens Utilizing the material he has gained through conducting family seminars and from parenting three teenagers Coleman sheds new light on effective ways of communicating with teens God Money, God Power, Where Is God Love? Aida Luz Morales Seda,2022-03-16 God Money God Power Where is God Love is not about religion and it is not about politics It is a message I wanted to share with the world that money is not as important if our hearts are filled with so much love Love leads us to understanding and shows gratitude toward others I express my deepest love for humanity and my heart is open for all the children in this world believing that these young children are the ones who open the doors to a better future This cannot be done by one person alone It starts in the home with proper guidance and values as the foundation Along with these values our society needs to come together hand in hand in order to lead these children to a better and more successful future This may seem like an impossible dream but the reality of it is that we need to realize our dreams and start putting them into action All things are possible to accomplish when there is love understanding and humility toward each other While we continue working on our dreams they can become a reality through our values Let s hold hands together and continue to follow this path **Before I Give You Away** William L. Guarendi offers parents a roadmap through this difficult and sometimes frightening terrain **Raising Great Kids for Parents of Preschoolers** Henry Cloud, John Townsend, John Sims Townsend, 2000-04-25 Raising kids of character is a daunting task so there's no better time to start than when they're young. The first few years of life is the most critical period of growth and development. Infants start the process of trusting the love of Mom and Dad and God; toddlers begin experiencing freedom and responsibility and children start understanding how to function in the real world. In short, this is the period in which a child's soul is developed. As a parent, you are right at the center of that process. It's impossible to overestimate how important a role you play in rearing your child. As the Bible teaches, God shows us how to trust in him even at my mother's breast. Psalm 22:9. But most parents feel overwhelmed by the complexity of the job. With so many things to worry about, how do you know the real tasks and goals of parenting? Many moms and dads become discouraged or don't know where to start. We wrote *Raising Great Kids* and developed this curriculum to help you. In this video curriculum, just as in the book, we offer you a structure for approaching parenting. We provide a road map for creating character in your children, the ability to function as God designed them to function in the world. The biblical principles set forth in the book apply to all ages and stages of kids so you can use them as a guide for all the years you parent. This video curriculum, however, deals specifically with infants, toddlers, and preschoolers. It addresses in a practical, hands-on manner situations and issues you encounter with children five years old and younger. Our goal is to help empower parents of these children, moms and dads like you, to become intentional and effective in your parenting. We're glad you've decided to invest the time and effort in your children by working through *Raising Great Kids for Parents of Preschoolers*. We pray that God will use this study to help your parenting be the successful and worthwhile relationship he designed it to be. We appreciate your labors as a parent and may God bless you.

Her World of Darkness and Pain Laketta Lowery, 2012-04-05 Does society recognize bullying as a serious issue that children and teenagers deal with every day? Do they understand the long-term negative effects bullying can have on a person's life? Author Laketta Lowery knows about bullying from her own experiences. She travels to schools and organizations as a motivational speaker, speaking out on the topic of bullying and self-esteem. In *Her World of Darkness and Pain*, she addresses the very serious issue of bullying head-on, first by sharing her own story and then by relating ways to combat this very real problem. Bullying has become more prevalent in today's schools, organizations, and with the younger generation. It is a very serious problem because it can lead to isolation, depression, and suicide while having a long-term effect on the victim's life along with their social, emotional, and spiritual well-being. But there is hope. Everyone can take the bullying challenge to step up and do the right thing: to either prevent or stop bullying by standing up and telling a bully to stop, defending a victim, telling an authority figure that someone is being bullied, doing all they can to raise bullying awareness, speaking out, and speaking up. Do not be afraid to speak up if you see someone bullying because it's the only way to stop this epidemic from spreading.
