Ten Years That Shook The World:

Russia's Revolution from Above, 1985-2000 Gordon Hahn, 2018-04-27 The fall of the Soviet communist regime in 1991 offers a challenging contrast to other instances of democratic transition and change in the last decades of the twentieth century The 1991 revolution was neither a peaceful revolution from below as occurred in Czechoslovakia nor a negotiated transition to democracy like those in Poland Hungary or Latin America It was not primarily the result of social modernization the rise of a new middle class or of national liberation movements in the non Russian union republics Instead as Gordon Hahn argues the Russian transformation was a bureaucrat led state based revolution managed by a group of Communist Party functionaries who won control over the Russian Republic RSFSR in the mid 1990s Hahn describes how opportunistic Party and state officials led by Boris Yeltsin defected from the Gorbachev camp and proceeded in 1990 91 to dismantle the institutions that bound state and party These revolutionaries from above seized control of political economic natural and human resources and then separated the party apparatus from state institutions on Russian Republic territory With the failed August 1991 hard line coup Yeltsin banned the Communist Party and decreed that all Union state organs including the KGB and military were under RSFSR control In Hahn s account this mode of revolutionary change from above explains the troubled development of democracy in Russia and the former Soviet republics Hahn shows how limited mobilization of the masses stunted the development of civil societies and the formation of political parties and trade unions with real grass roots The result is a weak society unable to nudge the state to concentrate on institutional reforms society needs for the development of a free polity and economy Russia s Revolution from Above goes far in correcting the historical record and reconceptualizing the Soviet transformation It should be read by historians economists political scientists and Russia area scholars

Ten Years That Shook the City Chris Carlsson, Lisa Ruth Elliott, 2011-06 The alliances programs and goals of a historic decade that continues to shape SF and the world

The Last Great American Picture Show Alexander Horwath, Thomas Elsaesser, Noel King, 2004 This publication is a major evaluation of the 1970s American cinema including cult film directors such as Bogdanovich Altman and Peckinpah

Reinhold Niebuhr Reinhold Niebuhr, Reinhold Niebuhr the most significant North American theologian since the eighteenth century has decisively influenced the shape of Christian thought and action in the United States for much of the twentieth century Niebuhr addressed social and political issues from the perspective of Christian Realism This was his blend of liberalism shrewd social analysis and elements within the Augustinian tradition His legacy continues to be influenced through his writings and the work of many of his distinguished students Larry Rasmussen s introductory essay and notes on the selected texts set Niebuhr in his historical context chart the development of his thought and indicate the significance of his theology in the development of Christian theology as a whole

Social Ethics in the Making Gary Dorrien, 2009-03-25 In the early 1880s proponents of what came to be called the social gospel founded what is now known as social ethics This ambitious and magisterial book describes the tradition

of social ethics one that began with the distinctly modern idea that Christianity has a social ethical mission to transform the structures of society in the direction of social justice Charts the story of social ethics the idea that Christianity has a social ethical mission to transform society from its roots in the nineteenth century through to the present day Discusses and analyzes how different traditions of social ethics evolved in the realms of the academy church and general public Looks at the wide variety of individuals who have been prominent exponents of social ethics from academics and self styled public intellectuals through to pastors and activists Set to become the definitive reference guide to the history and development of social ethics Recipient of a CHOICE Outstanding Academic Title for 2009 award **Courage to Change** June Bingham, 1993 Carefully researched and written with extraordinary vitality this biography of Reinhold Niebuhr reveals the man in all of his humanity warmth and charm as well as his intellectual prowess as a theological giant The author who knew Niebuhr well chronicles his career and contributions to ethics theology and political thought This classic is of enduring value to students of ethics philosophy and theology and political thought and to anyone anxious to grasp the essence of this foremost philosophical theologian of the 20th century Originally published by Charles Scribner's Sons in 1961 Democratization and Revolution in the USSR, 1985-91 Jerry F. Hough, 1997-05-01 Democratization and Revolution in the USSR 1985-91 presents a strikingly new view of the Gorbachev era and the reasons for the collapse of the Soviet Union Written by one of America's most distinguished specialists on the former Soviet Union this is the first comprehensive overview of the Gorbachev period and describes it as a real revolution not mere reform According to Hough despite Mikhail Gorbachev's talk of a regulated market he never understood that a market must be created on a solid institutional and legal base He was determined to use democratization to free himself from party control but he saw democracy as a way of achieving near universal consensus not a mechanism for forcing through difficult choices The many memoirs that have become available in the last few years including those of Gorbachev himself show that Premier Nikolai Ryzhkov and the bureaucrats in his government actually were the serious economic reformers in the leadership Gorbachev opposed the key transitional steps at every stage and was far closer to the assumptions of shock therapy than he or his opponents ever recognized Hough explains that Gorbachev was not alone in thinking that the destruction of old institutions was enough to unleash a market Westerners also talked of leaping a chasm in a single jump as if democratic and market institutions existed pre created on the other side But precisely because Gorbachev and later Boris Yeltsin was encouraged in all his worst mistakes by Western advice his failure has crucial implications for Western thinking about the process of democratization and marketization This unprecedented book explores those implications in depth Selected by Choice as an Outstanding Book for 1998

Gorbachev: His Life and Times William Taubman, 2017-09-05 Finalist for the National Book Critics Circle Award in Biography Longlisted for the Andrew Carnegie Medal for Excellence in Nonfiction The definitive biography of the transformational Russian leader by the Pulitzer Prize winning author of Khrushchev Essential reading for the twenty first

century Radhika Jones The New York Times Book Review When Mikhail Gorbachev became the leader of the Soviet Union in 1985 the USSR was one of the world's two superpowers By 1989 his liberal policies of perestroika and glasnost had permanently transformed Soviet Communism and had made enemies of radicals on the right and left By 1990 he more than anyone else had ended the Cold War and in 1991 after barely escaping from a coup attempt he unintentionally presided over the collapse of the Soviet Union he had tried to save In the first comprehensive biography of the final Soviet leader William Taubman shows how a peasant boy became the Soviet system's gravedigger how he clambered to the top of a system designed to keep people like him down how he found common ground with America's arch conservative president Ronald Reagan and how he permitted the USSR and its East European empire to break apart without using force to preserve them Throughout Taubman portrays the many sides of Gorbachev's unique character that by Gorbachev's own admission make him difficult to understand Was he in fact a truly great leader or was he brought low in the end by his own shortcomings as well as by the unyielding forces he faced Drawing on interviews with Gorbachev himself transcripts and documents from the Russian archives and interviews with Kremlin aides and adversaries as well as foreign leaders Taubman's intensely personal portrait extends to Gorbachev's remarkable marriage to a woman he deeply loved and to the family that they raised together Nuanced and poignant yet unsparing and honest this sweeping account has all the amplitude of a great Russian novel

The Beatles: Having Read the Book Greg Sterlace, 2015-07-26 The cottage industry of Beatles publications is more prolific now than it ever was As the band recedes into the mystic fog of 20th century history we get more and more documentation about their music their love lives their personalities and their finances I wanted to try to make sense of it by reviewing the best and the worst of the Beatles tomes as they stand side by side in bookstores everywhere I spent 40 years reading about them knowing that one day I would share my accumulated knowledge with the fans in Pepperland Having read the book I'd love to turn you on [American Animated Cartoons of the Vietnam Era](#) Christopher P. Lehman, 2014-01-10 In the first four years of U.S. involvement in the Vietnam War 1961-64 Hollywood did not dramatize the current military conflict but rather romanticized earlier ones Cartoons reflected only previous trends in U.S. culture and animators comically but patriotically remembered the Revolutionary War the Civil War and both World Wars In the early years of military escalation in Vietnam Hollywood was simply not ready to illustrate America's contemporary radicalism and race relations in live action or animated films But this trend changed when US participation dramatically increased between 1965 and 1968 In the year of the Tet Offensive and the killings of the Rev Martin Luther King Jr and Senator Robert Kennedy the violence of the Vietnam War era caught up with animators This book discusses the evolution of U.S. animation from militaristic and violent to liberal and pacifist and the role of the Vietnam War in this development The book chronologically documents theatrical and television cartoon studios changing responses to U.S. participation in the Vietnam War between 1961 and 1973 using as evidence the array of artistic commentary about the federal government the armed forces the draft peace negotiations the

counterculture movement racial issues and pacifism produced during this period The study further reveals the extent to which cartoon violence served as a barometer of national sentiment on Vietnam When many Americans supported the war in the 1960s scenes of bombings and gunfire were prevalent in animated films As Americans began to favor withdrawal militaristic images disappeared from the cartoon Soon animated cartoons would serve as enlightening artifacts of Vietnam War era ideology In addition to the assessment of primary film materials this book draws upon interviews with people involved in the production Vietnam era films Film critics responding in their newspaper columns to the era s innovative cartoon sociopolitical commentary also serve as invaluable references Three informative appendices contribute to the work

Moscow, December 25, 1991 Conor O'Clery,2011-08-23 The implosion of the Soviet Union was the culmination of a gripping game played out between two men who intensely disliked each other and had different concepts for the future Mikhail Gorbachev a sophisticated and urbane reformer sought to modernize and preserve the USSR Boris Yeltsin a coarse and a hard drinking bulldozer wished to destroy the union and create a capitalist Russia The defeat of the August 1991 coup attempt carried out by hardline communists shook Gorbachev s authority and was a triumph for Yeltsin But it took four months of intrigue and double dealing before the Soviet Union collapsed and the day arrived when Yeltsin could hustle Gorbachev out of the Kremlin and move in as ruler of Russia Conor O Clery has written a unique and truly suspenseful thriller of the day the Soviet Union died The internal power plays the shifting alliances the betrayals the mysterious three colonels carrying the briefcase with the nuclear codes and the jockeying to exploit the future are worthy of John Le Carr or Alan Furst The Cold War s last act was a magnificent dark drama played out in the shadows of the Kremlin **How the Soviet Union Disappeared** Wisła Suraska,1998 Argues that the collapse of the Soviet Union was the result of an attempt by Gorbachev to concentrate political power and that the breakdown of the economy was a consequence not a cause of his reforms Problems of Communism ,1966 **Men, Masculinity and the Beatles** Martin King,2016-04-22 Drawing on methodologies and approaches from media and cultural studies sociology social history and the study of popular music this book outlines the development of the study of men and masculinities and explores the role of cultural texts in bringing about social change It is against this backdrop that The Beatles as a cultural phenomenon are set and their four live action films spanning the years 1964 1970 are examined as texts through which to read changing representations of men and masculinity in the Sixties Dr Martin King considers ideas about a male revolt predating second wave feminism The Beatles as inheritors of the possibilities of the 1950s and The Beatles emergence as men of ideas a global cultural phenomenon that transgressed boundaries and changed expectations about the role of popular artists in society King further explores the chosen Beatle texts to examine discourses of masculinity at work within them What emerges is the discovery of discourses around resistance non conformity feminized appearance pre metrosexuality the male star as object of desire and the emergence of The Beatles themselves as a text that reflected the radical diversity of a period of rapid social change King draws valuable

conclusions about the legacy of these discourses and their impact in subsequent decades The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien s three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author s post Hegelian liberal liberationist perspective **The Last Decade of the Cold War** Olav Njolstad, 2004-08-02 The 1980s was a period of almost unprecedented rivalry and tension between the two main actors in the East West conflict the United States and the Soviet Union Why and how that conflict first escalated and thereafter in an amazingly swift process was reversed and brought to its peaceful conclusion at the end of the decade is the topic of this volume With individual contributions by eighteen well known scholars of international relations and history from various countries the book addresses the role of the United States the former Soviet Union and the countries of western and eastern Europe in that remarkable last decade of the Cold War and discusses how particular events as well as underlying political ideological social and economic factors may have contributed to the remarkable transformation that took place **Droppin' Science** William Eric Perkins, 1996 Rap and hip hop the music and culture rooted in African American urban life bloomed in the late 1970s on the streets and in the playgrounds of New York City This critical collection serves as a historical guide to rap and hip hop from its beginnings to the evolution of its many forms and frequent controversies including violence and misogyny These wide ranging essays discuss white crossover women in rap gangsta rap message rap raunch rap Latino rap black nationalism and other elements of rap and hip hop culture like dance and fashion An extensive bibliography and pictorial profiles by Ernie Pannicolti enhance this collection that brings together the foremost experts on the pop culture explosion of rap and hip hop Author note William Eric Perkins is a Faculty Fellow at the W E B DuBois House at the University of Pennsylvania and an Adjunct Professor of Communications at Hunter College City University of New York *The Political Realism of Reinhold Niebuhr* Colm McKeogh, 2016-07-27 Reinhold Niebuhr rose to prominence in the 1930s and 1940s for his vociferous opposition both to Nazism and to isolationism as an American response to that threat He rejected both pacifism and the legalism of the just war tradition His pragmatic and realist approach to the ethics of force eschews absolute rules or restrictions The work examines Niebuhr s consequentialist approach to ethics and war from the perspective of political theory Niebuhr and His Age Charles C. Brown, 2002-02-01 Now available in paperback Niebuhr and His Age provides an extensively researched account of Reinhold Niebuhr and includes a foreword by Arthur M Schlesinger Jr *Religion and Politics in the Contemporary United States* R. Marie Griffith, Melani McAlister, 2008-06-09 This collection of essays from a

special issue of American Quarterly explores the complex and sometimes contradictory ways that religion matters in contemporary public life Religion and Politics in the Contemporary United States offers a groundbreaking cross disciplinary conversation between scholars in American studies and religious studies The contributors explore numerous modes through which religious faith has mobilized political action They utilize a variety of definitions of politics ranging from lobbying by religious leaders to the political impact of popular culture Their work includes the political activities of a very diverse group of religious believers Christians Jews Muslims Hindus Buddhists and others In addition the book explores the meanings of religion for people who might contest the term those who are spiritual but not religious for example as well as activists who engage symbols of faith and community but who may not necessarily consider themselves members of a specific religion Several essays also examine the meanings of secular identity humanist politics and the complex evocations of civil religion in American life No other book on religion and politics includes anything like the diversity of religions ethnicities and topics that this one does from Mormon political mobilization to attempts at Americanizing Muslims in the post 9 11 United States from Cesar Chavez to James Dobson from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States

This is likewise one of the factors by obtaining the soft documents of this **Ten Years That Shook The World** by online. You might not require more mature to spend to go to the ebook start as skillfully as search for them. In some cases, you likewise reach not discover the statement Ten Years That Shook The World that you are looking for. It will unquestionably squander the time.

However below, afterward you visit this web page, it will be suitably unconditionally easy to get as with ease as download guide Ten Years That Shook The World

It will not resign yourself to many mature as we notify before. You can do it while enactment something else at house and even in your workplace. for that reason easy! So, are you question? Just exercise just what we meet the expense of below as competently as review **Ten Years That Shook The World** what you next to read!
